[Docket No. RP96-110-000]

Carnegie Interstate Pipeline Company; Notice of Proposed Changes in FERC Gas Tariff

January 5, 1996.

Take notice that on January 2, 1996, Carnegie Interstate Pipeline Company (CIPCO) tendered for filing to become part of its FERC Gas Tariff, Original Volume No. 1, the following revised tariff sheet, to become effective on February 1, 1996:

Fifth Revised Sheet No. 7

CIPCO states that this is its quarterly filing pursuant to Section 32.2 of the General Terms and Conditions of its FERC Gas Tariff to reflect prospective changes in transportation costs associated with unassigned upstream capacity held by CIPCO on Texas Eastern Transmission Corporation ("Texas Eastern") for the 3-month period commencing February 1, 1996 and ending April 30, 1996. The filing reflects an increase in the Transportation Cost Rate ("TCR") from \$1.1162 to \$1.2286. The new TCR includes a TCR Adjustment of \$1.7191 and a TCR Surcharge credit of \$0.4905.

CIPCO states that copies of its filing were served on all jurisdictional customers and interested state commissions.

Any person desiring to be heard or to protest said filing should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, in accordance with Section 385.214 and 385.211 of the Commission's Rules and Regulations. Pursuant to Section 154.210 of the Commission's Regulations, all such motions or protests must be filed not later than 12 days after the date of the filing noted above. Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a motion to intervene. Copies of this filing are on file with the Commission and are available for public inspection in the public reference room.

Lois D. Cashell,
Secretary.

Columbia Gas Transmission Corporation; Notice of Application

January 5, 1996.

Take notice that on December 29, 1995, Columbia Gas Transmission Corporation (Columbia), PO Box 1273, 1700 MacCorkle Avenue SE., Charleston, West Virginia 26031, filed in an abbreviated application pursuant to Sections 7(b) and 7(c) of the Natural Gas Act, for a certificate of public convenience and necessity authorizing Columbia to construct and operate certain natural gas replacement facilities and permission to abandon the facilities being replaced.

Columbia seeks authorization to construct and operate approximately 11.7 miles of 20-inch pipeline and appurtenances and authorization for the retirement of approximately 11.7 miles of 16-inch pipeline and appurtenances designated as Columbia's Line 1740 in Gilmer County, West Virginia.

The replacement with larger diameter pipe for continuity purposes will result in an increase in capacity of 21,800 Dth/d over a relatively short distance of Line 1740 which Columbia will post for short-term release in accordance with its tariff. Columbia states that the deteriorated pipeline requires replacement in order to assure continued service to its customers and the integrity of the line. Columbia does not request authorization for any new or additional service. The estimated cost of the proposed construction is \$11,350,100 and will be financed with funds generated from internal sources.

Any person desiring to be heard or to make any protest with reference to said application should on or before January 25, 1996, file with the Federal Energy Regulatory Commission Washington, DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act (18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceedings. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's Rules.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of the Natural Gas Act and Commission's Rules of Practice

and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Columbia to appear or be represented at the hearing.

Lois D. Cashell,

Secretary.

[Docket No. CP96-128-000]

Eastern Shore Natural Gas Company; Notice of Filing

January 5, 1996.

Take notice that on December 29, 1995, Eastern Shore Natural Gas Company (Eastern Shore), tendered for filing pursuant to Sections 7 (b) and (c) of the Natural Gas Act, 15 U.S.C. § 717f (b) and (c), its abbreviated application for a blanket certificate of public convenience and necessity authorizing the transportation of natural gas on behalf of others under Subpart G of Part 284 of the Commission's Regulations at 18 CFR 284.221 *et seq.* Eastern Shore also has submitted Pro Forma Tariff Sheets implementing its initial restructuring filing pursuant to Section 284.14 of the Commission's Regulations, 18 CFR 284.14, which implements the final rule in Docket No. RM91-11-000, *Pipeline Service Obligations and Revisions to Regulations governing Self-Implementing Transportation Under Part 284 of the Commission's Regulations*, III FERC Stats. & Regs. ¶ 30,939 (1992) (Order No. 636, as amended by Order Nos. 636-A and 636-B, hereinafter "Order No. 636"), all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Eastern Shore states that in accordance with Order No. 636, it proposes to unbundle the sales and storage services it currently provides. Customers receiving firm bundled sales and storage services on Eastern Shore (Converting Customers) will receive entitlements to firm transportation service on Eastern Shore's pipeline system in a quantity equivalent to their current firm service rights. Eastern shore

will assign to the Converting Customers the firm transportation capacity, including contract storage, it holds on its upstream pipelines so that the Converting Customers can become direct customers of such upstream pipelines. Converting Customers who previously received bundled sales service having no-notice characteristics and customers receiving firm transportation service under Rate Schedule T-1 will have the right to elect either conventional notice or no-notice firm transportation service.

With respect to cost classification, allocation, and rate design, Eastern Shore proposes to implement straight fixed variable cost classification and postage stamp rates. In order to accomplish a change from its current modified fixed variable rate design, Eastern Shore states that it will make a Section 4 rate filing, on or about May 1, 1996, which would also be coordinated with its pending certificate filing in Docket No. CP96-97-000, wherein Eastern Shore seeks authorization to construct and operate a new compressor station to stabilize and increase system capacity.

Also, as part of its restructuring filing, Eastern Shore requests authorization, pursuant to Section 7(b) of the Natural Gas Act and 18 CFR 284.14(d), to abandon service under its existing rate Schedules CD-1, CD-E, G-1, I-1, E-1, GSS-1, LSS, WSS-1, LGA-1, CFSS, CWS, and T-1. Eastern Shore requests that the effective date of the authorizations sought in the instant filing be no earlier than the in-service date of the facilities included in Docket No. CP96-97-000.

Eastern Shore states that copies of its filing have been served upon its customers and the regulatory commissions of the states of Delaware and Maryland.

Any person desiring to be heard or to make any protest with reference to said application should on or before January 26, 1996, file with the Federal Energy Regulatory Commission, Washington DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act, 18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in, and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Eastern Shore to appear or be represented at the hearing.

Lois D. Cashell,

Secretary.

[Docket No. ER96-358-000]

Energy Resource Management Corporation; Notice of Issuance of Order

January 5, 1996.

On November 14, 1995, Energy Resource Management Corporation (ERMC) submitted for filing a rate schedule under which ERMC will engage in wholesale electric power and energy transactions as a marketer. ERMC also requested waiver of various Commission regulations. In particular, ERMC requested that the Commission grant blanket approval under 18 CFR Part 34 of all future issuances of securities and assumptions of liability by ERMC.

On December 20, 1995, pursuant to delegated authority, the Director, Division of Applications, Office of Electric Power Regulation, granted requests for blanket approval under Part 34, subject to the following:

Within thirty days of the date of the order, any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by ERMC should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214).

Absent a request for hearing within this period, ERMC is authorized to issue

securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of the applicant, and compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of ERMC's issuances of securities or assumptions of liability.

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is January 19, 1996. Copies of the full text of the order are available from the Commission's Public Reference Branch, 888 First Street, NE., Washington, DC 20426.
