

will assign to the Converting Customers the firm transportation capacity, including contract storage, it holds on its upstream pipelines so that the Converting Customers can become direct customers of such upstream pipelines. Converting Customers who previously received bundled sales service having no-notice characteristics and customers receiving firm transportation service under Rate Schedule T-1 will have the right to elect either conventional notice or no-notice firm transportation service.

With respect to cost classification, allocation, and rate design, Eastern Shore proposes to implement straight fixed variable cost classification and postage stamp rates. In order to accomplish a change from its current modified fixed variable rate design, Eastern Shore states that it will make a Section 4 rate filing, on or about May 1, 1996, which would also be coordinated with its pending certificate filing in Docket No. CP96-97-000, wherein Eastern Shore seeks authorization to construct and operate a new compressor station to stabilize and increase system capacity.

Also, as part of its restructuring filing, Eastern Shore requests authorization, pursuant to Section 7(b) of the Natural Gas Act and 18 CFR 284.14(d), to abandon service under its existing rate Schedules CD-1, CD-E, G-1, I-1, E-1, GSS-1, LSS, WSS-1, LGA-1, CFSS, CWS, and T-1. Eastern Shore requests that the effective date of the authorizations sought in the instant filing be no earlier than the in-service date of the facilities included in Docket No. CP96-97-000.

Eastern Shore states that copies of its filing have been served upon its customers and the regulatory commissions of the states of Delaware and Maryland.

Any person desiring to be heard or to make any protest with reference to said application should on or before January 26, 1996, file with the Federal Energy Regulatory Commission, Washington DC 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the Natural Gas Act, 18 CFR 157.10). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken, but will not serve to make the protestants parties to the proceeding. Any person wishing to become a party to a proceeding or to participate as a party in any hearing therein must file a motion to intervene in accordance with the Commission's rules.

Take further notice that, pursuant to the authority contained in, and subject to jurisdiction conferred upon the Federal Energy Regulatory Commission by Sections 7 and 15 of Natural Gas Act and the Commission's Rules of Practice and Procedure, a hearing will be held without further notice before the Commission or its designee on this application if no motion to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a motion for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Eastern Shore to appear or be represented at the hearing.

Lois D. Cashell,

Secretary.

Energy Resource Management Corporation; Notice of Issuance of Order

January 5, 1996.

On November 14, 1995, Energy Resource Management Corporation (ERMC) submitted for filing a rate schedule under which ERMC will engage in wholesale electric power and energy transactions as a marketer. ERMC also requested waiver of various Commission regulations. In particular, ERMC requested that the Commission grant blanket approval under 18 CFR Part 34 of all future issuances of securities and assumptions of liability by ERMC.

On December 20, 1995, pursuant to delegated authority, the Director, Division of Applications, Office of Electric Power Regulation, granted requests for blanket approval under Part 34, subject to the following:

Within thirty days of the date of the order, any person desiring to be heard or to protest the blanket approval of issuances of securities or assumptions of liability by ERMC should file a motion to intervene or protest with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211 and 385.214).

Absent a request for hearing within this period, ERMC is authorized to issue

securities and assume obligations or liabilities as a guarantor, indorser, surety, or otherwise in respect of any security of another person; provided that such issuance or assumption is for some lawful object within the corporate purposes of the applicant, and compatible with the public interest, and is reasonably necessary or appropriate for such purposes.

The Commission reserves the right to require a further showing that neither public nor private interests will be adversely affected by continued approval of ERMC's issuances of securities or assumptions of liability.

Notice is hereby given that the deadline for filing motions to intervene or protests, as set forth above, is January 19, 1996. Copies of the full text of the order are available from the Commission's Public Reference Branch, 888 First Street, NE., Washington, DC 20426.
