

ICGTI is using the World Wide Web (WWW) on the Internet as its primary means to accomplish this technology and information transfer. ICGTI has developed and is operating the GTI Online. GTI Online will provide access to detailed technical abstracts and data on natural gas-related technologies. GTI Online is located at URL address: <http://www.gasinfo.dk/gasinfo/>.

Companies interested in being listed in the Gas Technology Marketplace on GTI Online should prepare a one to ten page summary about their company and its gas-related technologies. The text should be on diskette in Microsoft Word or TXT format. Company logo and graphics, including diagrams and pictures related to the gas technologies, should be included on the diskette in GIF format if possible, but are acceptable in paper copy. Please clearly specify each graphic with corresponding text. Please also include information related to the company's World Wide Web address if applicable.

DOE Policy Overview: This initiative is consistent with the Department's efforts to encourage exports for the US energy industry.

## Bonneville Power Administration

### Amendatory Agreement to the 1981 Power Sales Contracts

**AGENCY:** Bonneville Power Administration (BPA), Department of Energy (DOE).

**ACTION:** Notice of availability of supplemental Record of Decision (ROD).

**SUMMARY:** On February 16, 1996, I signed a Record of Decision addressing my decision to provide certain of BPA's Federal and public agency metered requirements purchasers with an opportunity to amend their 1981 Power Sales Contracts (1981 PSC). This opportunity took the form of an Amendatory Agreement to the 1981 PSC. The Amendatory Agreement was first offered to customers on February 21, 1996. It has now become apparent that certain aspects of the Amendatory Agreement have caused concern for some of BPA's customers and that, by revising the Amendatory Agreement to address these concerns, it will be possible for many more customers to accept the agreement than would be the case if the agreement remained unchanged. Therefore, I have decided to incorporate changes in the Amendatory Agreement being offered to customers and to offer to include these changes in any Amendatory Agreements already accepted by customers. This notice announces the availability of the Supplemental ROD to address changes made to the original Amendatory Agreement. This decision is consistent with BPA's Business Plan, the Business Plan Final Environmental Impact Statement (BP EIS) (DOE/EIS-0183, June 1995), and the Business Plan ROD (August 15, 1995).

**ADDRESSES:** Copies of this Supplemental ROD, the original ROD on the Amendatory Agreement, the BP EIS, and

the Business Plan ROD may be obtained by calling BPA's toll-free document request line: 1-800-622-4520.

**FOR FURTHER INFORMATION CONTACT:** John M. Taves, Project Manager—MPC, Bonneville Power Administration, P.O. Box 3621, Portland, Oregon, 97208-3621, phone number (503) 230-4995, fax number (503) 230-5699.

Issued in Portland, Oregon, on March 4, 1996.

### Notice of Intent to Prepare an Environmental Impact Statement for the Vancouver Lowlands Columbia River Wildlife Mitigation Project

**AGENCY:** Bonneville Power Administration (BPA), Department of Energy (DOE).

**ACTION:** Notice of intent to prepare an environmental impact statement (EIS) and notice of scoping meeting.

**SUMMARY:** This notice announces BPA's intention to prepare an EIS on funding that portion of the Washington Wildlife Mitigation Agreement pertaining to the Vancouver Lowlands Columbia River Mitigation Project. The proposed action would be to fund the acquisition and improvement of privately and publicly owned lands, transfer title of purchased lands to Washington Department of Fish and Wildlife, and implement a management strategy to contribute toward the goal of mitigation for wildlife and wildlife habitat under the Pacific Northwest Power Planning and Conservation Act of 1980.

A Notice of Floodplain/Wetland Involvement for this project was published in the Federal Register on August 22, 1994. In accordance with DOE regulations for compliance with floodplain and wetlands environmental review requirements (10 C.F.R. Part 1022), BPA will prepare a floodplain and wetlands assessment and will perform this proposed action in a manner so as to avoid or minimize potential harm to or within the affected floodplain and wetlands. The assessment and a floodplain statement of findings will be included in the EIS being prepared for the proposed project in accordance with the National Environmental Policy Act (NEPA).

**DATES:** BPA has established a 30-day scoping period during which affected landowners, concerned citizens, special interest groups, local governments, and any other interested parties are invited

to comment on the scope of the proposed EIS. Scoping will help BPA ensure that a full range of issues related to this proposal is addressed in the EIS, and also will identify significant or potentially significant impacts that may result from the proposed project. Written comments are due to the address below no later than April 22, 1996.

Comments may also be made at an EIS scoping meeting scheduled to be held on April 9, 1996, 4:00-8:00 p.m. at the Fruit Valley Community Center, 3203 Unander Avenue, Vancouver, Washington. Call the number below to be put on the mailing list. At the informal meeting, Washington Department of Fish & Wildlife will present their Management Plan with proposed activities for the project area. Written information will also be available, and BPA staff will answer questions and accept oral and written comments.

When completed, the Draft EIS will be circulated for review and comment, and BPA will hold a public comment meeting for the Draft EIS. BPA will consider and respond to comments received on the Draft EIS in the Final EIS.

**ADDRESSES:** BPA invites comments and suggestions on the proposed scope of the Draft EIS. Send comment letters and requests to be placed on the project mailing list to the Public Involvement and Information Manager, Bonneville Power Administration—CKP, P.O. Box 12999, Portland, Oregon, 97212. The phone number of the Public Involvement and Information Office is 503-230-3478 in Portland; toll-free 1-800-622-4519 outside of Portland. Public Involvement Internet: COMMENT@bpa.gov.

**FOR FURTHER INFORMATION CONTACT:** Patricia Smith—ECN, Bonneville Power Administration, P.O. Box 3621, Portland, Oregon, 97208-3621, phone number 503-230-7349, fax number 503-230-5699, internet address PRSMITH@bpa.gov.

### SUPPLEMENTARY INFORMATION:

**Proposed Action:** BPA proposes to fund implementation of a wildlife management strategy that would protect, improve, and restore wildlife habitat in the Vancouver Lowlands. Existing wetlands would be maintained or restored where possible to improve wildlife habitat. Improvement activities could include control or removal of non-native fish and plant species, and agricultural cultivation, planting, and irrigation. Specific mitigation actions are expected to include fee-title land acquisition and management, property
