- T. 8 S., R. 12 W.,
Sec. 1, Lot 6,
Sec. 12, E2NE,
Containing 958.24 acres more or less.

The lands are not needed for Federal purposes. Lease and/or conveyance is consistent with current BLM land use planning and would be in the public interest. A lease will be issued for those lands which may be encumbered. For those lands which are not encumbered or become unencumbered, a patent will be issued. The lease or patent, when issued, will be subject to the following terms, conditions and reservations:

1. Provisions of the Recreation and Public Purposes Act and to all applicable regulations of the Secretary of the Interior.

2. A right-of-way for ditches and canals constructed by the authority of the United States.

3. All minerals shall be reserved to the United States, together with the right to prospect for, mine and remove the minerals.

4. The lands will be conveyed subject to all valid, existing rights (e.g., rights-of-way, easements and leases of record).

Furthermore, the decision is to revoke Executive Order dated April 15, 1930, insofar as it affects 958.24 acres of public land withdrawn for Oil-Shale Deposits under the authority of the act of Congress approved June 25, 1910 (36 Stat. 847), as amended by the act of August 24, 1912 (57 Stat. 497), and to revoke Public Land Order 5739 dated July 22, 1980, in its entirety insofar as it affects 305 acres of public land withdrawn under the authority of Section 204 of the Federal Land Policy and Management Act of October 21, 1976 (90 Stat. 2751; 43 U.S.C. 1714).

FOR FURTHER INFORMATION CONTACT: Detailed information concerning this action is available for review at the office of the Bureau of Land Management, Dillon Resource Area, 1005 Selway Drive, Dillon, Montana 59725-9431.

SUPPLEMENTARY INFORMATION: Upon publication of this notice in the Federal Register, the lands will be segregated from all other forms of appropriation under the public land laws, including

the general mining laws, except for lease or conveyance under the Recreation and Public Purposes Act and leasing under the mineral leasing laws. For a period of 45 days from the date of publication of this notice in the Federal Register, interested persons may submit comments regarding the classification of the lands, the proposed lease/conveyance, or the revocation of existing withdrawals to the District Manager, Butte District Office, 106 North Parkmont, Box 3388, Butte, Montana 59702-3388.

CLASSIFICATION COMMENTS: Interested parties may submit comments involving the suitability of the land for a State Park. Comments on the classification are restricted to whether the land is physically suited for the proposal, whether the use will maximize the future use or uses of the land, whether the use is consistent with local planning and zoning, or if the use is consistent with State and Federal programs.

APPLICATION COMMENTS: Interested parties may submit comments regarding the specific use proposed in the application and plan of development, whether the BLM followed proper administrative procedures in reaching the decision, or any other factor not directly related to the suitability of the land for a State Park.

Any adverse comments will be reviewed by the State Director. In the absence of any adverse comments, the classification will become effective 60 days from the date of publication of this notice in the Federal Register.

Dated: March 12, 1996.

James R. Owings,

District Manager.
