

For the reasons discussed above, I certify that this action (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979); and (3) will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act. A final evaluation has been prepared for this action and it is contained in the Rules Docket. A copy of it may be obtained from the Rules Docket at the location provided under the caption **ADDRESSES**.

#### Adoption of the Amendment

Accordingly, pursuant to the authority delegated to me by the Administrator, the Federal Aviation Administration amends part 39 of the Federal Aviation Regulations (14 CFR part 39) as follows:

### **PART 39—AIRWORTHINESS DIRECTIVES**

1. The authority citation for part 39 continues to read as follows:

Authority: 49 USC 106(g), 40113, 44701.

#### **§ 39.13 [Amended]**

2. Section 39.13 is amended by adding a new airworthiness directive (AD) to read as follows:

96-02-01 S.N. Centrair: Amendment 39-9486. Docket 95-CE-06-AD.

*Applicability:* Model 201 (all types) sailplanes (all serial numbers), certificated in any category.

Note 1: This AD applies to each sailplane identified in the preceding applicability provision, regardless of whether it has been modified, altered, or repaired in the area subject to the requirements of this AD. For sailplanes that have been modified, altered, or repaired so that the performance of the requirements of this AD is affected, the owner/operator must request approval for an alternative method of compliance in accordance with paragraph (c) of this AD. The request should include an assessment of the effect of the modification, alteration, or repair on the unsafe condition addressed by this AD; and, if the unsafe condition has not been eliminated, the request should include specific proposed actions to address it.

*Compliance:* Required prior to further flight after the effective date of this AD, unless already accomplished.

To prevent aileron failure and flutter caused by incorrect fastening of the aileron mass balance, which, if not detected and corrected, could result in loss of control of the sailplane, accomplish the following:

(a) Using procedures in the applicable maintenance or service manual, disassemble the aileron of each wing and accomplish the following:

(1) Replace all aileron balancing mass screws made of brass with screws made of steel, F/90 M4 x 16 (available at S.N. CentrAir under reference 400047).

(2) Inspect all steel aileron balancing mass screws for tightness, and replace any loose screws with F/90 M4 x 16 screws (available at S.N. CentrAir under reference 400047).

(3) Apply a normal screw thread safety bond.

Note 2: CentrAir Service Bulletin No. 201-11, dated February 26, 1992, refers to this subject. The procedures for accomplishing this action are included in the applicable maintenance or service manual.

(b) Special flight permits may be issued in accordance with sections 21.197 and 21.199 of the Federal Aviation Regulations (14 CFR 21.197 and 21.199) to operate the sailplane to a location where the requirements of this AD can be accomplished.

(c) An alternative method of compliance or adjustment of the compliance time that provides an equivalent level of safety may be approved by the Manager, Small Airplane Directorate, FAA, 1201 Walnut, suite 900, Kansas City, Missouri 64106. The request shall be forwarded through an appropriate FAA Maintenance Inspector, who may add comments and then send it to the Manager, Small Airplane Directorate.

Note 3: Information concerning the existence of approved alternative methods of compliance with this AD, if any, may be obtained from the Small Airplane Directorate.

(d) All persons affected by this directive may obtain copies of the document referred to herein upon request to S.N. CentrAir, Aerodome, 36300 Le Blanc, France; or may examine this document at the FAA, Central Region, Office of the Assistant Chief Counsel, Room 1558, 601 E. 12th Street, Kansas City, Missouri 64106.

(e) This amendment (39-9486) becomes effective on February 23, 1996.

Issued in Kansas City, Missouri, on January 5, 1996.

Michael Gallagher,

*Manager, Small Airplane Directorate, Aircraft Certification Service.*

## **NATIONAL LABOR RELATIONS BOARD**

### **29 CFR Part 102**

#### **Modifications to Role of National Labor Relations Board's Administrative Law Judges Including: Assignment of Administrative Law Judges as Settlement Judges; Discretion of Administrative Law Judges To Dispense With Briefs, To Hear Oral Argument in Lieu of Briefs, and To Issue Bench Decisions**

**AGENCY:** National Labor Relations Board.

**ACTION:** Notice of Extension of Experimental Modifications.

**SUMMARY:** In light of the most recent shutdown of Agency operations due to the lack of appropriated funds, the National Labor Relations Board (NLRB) is extending, from January 31, 1996, until March 1, 1996, the one-year experiment it commenced on February 1, 1995, authorizing the use of settlement judges and providing administrative law judges (ALJs) with the discretion to dispense with briefs, to hear oral argument in lieu of briefs, and to issue bench decisions. In a related document published elsewhere in today's Federal Register, the NLRB is also extending, from December 29, 1995, until January 25, 1996, the deadline for filing comments in response to its recent proposal to make permanent, following expiration of the experimental period, the experimental modifications.

**DATES:** Effective January 16, 1996, the experimental modifications to the Board's rules are extended from January 31, 1996, until March 1, 1996.

**FOR FURTHER INFORMATION CONTACT:** John J. Toner, Acting Executive Secretary, Office of the Executive Secretary, National Labor Relations Board, 1099 14th Street, N.W., Room 11600, Washington, D.C. 20570. Telephone: (202) 273-1940.

**SUPPLEMENTARY INFORMATION:** On September 8, 1994, the Board issued a Notice of Proposed Rulemaking (NPR) which proposed certain modifications to the Board's rules to permit the assignment of ALJs to serve as settlement judges, and to provide ALJs with the discretion to dispense with briefs, to hear oral argument in lieu of briefs, and to issue bench decisions (59 FR 46375). The NPR provided for a comment period ending October 7, 1994.

On December 22, 1994, following consideration of the comments received to the NPR, the Board issued a notice implementing, on a one-year

experimental basis, the proposed modifications (59 FR 65942). The notice provided that the modifications would become effective on February 1, 1995, and would expire at the end of the one-year experimental period on January 31, 1996, absent renewal by the Board.

On December 1, 1995, following a review of the experience to date with the modifications and the views of the NLRB's Advisory Committee on Agency Procedure, the Board issued a notice proposing to make the modifications permanent upon expiration of the one-year experimental period on January 31, 1996 (60 FR 61679). The notice provided for a period of public comment on this proposal, until December 29, 1995.

Beginning December 18, 1995, during the comment period, and continuing through January 5, 1996, the Agency's offices were closed due to the lack of appropriated funds. As a result, both the experiment and the comment period were interrupted.

Accordingly, in a related notice published elsewhere in today's Federal Register, the Board has extended from December 29, 1995, until January 25, 1996, the deadline for filing comments. In order to allow the Board time to consider the comments, the Board has decided to also extend the experimental period from January 31, 1996, until March 1, 1996.

Dated, Washington, D.C., January 16, 1996.

By direction of the Board.

John J. Toner,

*Executive Secretary.*
