

The Agreement provides for certain textile spinning nozzles ("jets"), having a precious metal content consisting of approximately 90% platinum, to be melted down, for the precious metal content to be sold, and for the proceeds to be distributed to certain of Debtor's creditors. Specifically, fifty percent of the proceeds of the sale (following payments to the metal refining company, the Trustee, and Trustee's counsel) will go to secured creditors and approximately 29% and 21% of the net proceeds will go to the Commonwealth of Virginia and the United States, respectively. There are six parties to the Agreement, which resolves two contested motions and an adversary action, and should result in the United States recovering between \$100,000 and \$250,000 against its administrative expense claim in the bankruptcy action. Further, the secured creditors will release their liens on debtor's real estate, leaving EPA with the senior lien on the realty, a 440-acre parcel.

Notice of Lodging of Consent Decree Pursuant to the Comprehensive Environmental Response, Compensation and Liability Act and Other Authorities

In accordance with Departmental policy, 28 C.F.R. § 50.7, notice is hereby given that on December 21, 1995, a proposed Consent Decree in *United States v. Occidental Chemical Corporation, et al. (Love Canal)*, Civil Action No. 79-990 (JTC), was lodged with the United States District Court for the Western District of New York. The decree represents a settlement of claims by the United States against Occidental Chemical Corporation (Occidental) for recovery, pursuant to the Comprehensive Environmental Response, Compensation and Liability Act (CERCLA), Section 7003 of the Resource Conservation and Recovery Act (RCRA) and other authorities, of costs and interest incurred in response to the release of hazardous substances at the Love Canal Landfill Site near Niagara Falls, New York.

Under the settlement, Occidental will reimburse response costs incurred by the Environmental Protection Agency Superfund and the Federal Emergency Management Agency in connection with the relocation of Love Canal area residents, Site studies and remediation, oversight, litigation and other expenses. Occidental will pay \$129 million dollars in four equal annual installments of \$32,250,000 commencing 90 days after entry of the Decree, plus additional interest on each \$32,250,000 installment calculated from August 1, 1995 at the rate established by CERCLA. Occidental will also pay certain additional expenses of the United States incurred since August 1, 1995. Further, Occidental will pay \$375,000 for natural resource damages restoration and assessment, with preferential review accorded a creek restoration project in Niagara County. In addition to the payments by Occidental, the United States will contribute an additional \$8 million to the Superfund and on behalf of FEMA to resolve counterclaims by Occidental against the United States.

Under the partial consent decree between the United States and Occidental, which was entered by the Court on September 20, 1989, Occidental agreed to complete remediation of Love Canal Site sewers and creeks and to dispose of hazardous wastes. The instant decree in no way alters those obligations. Similarly, the instance decree will not affect the New York State Consent Judgment, which was approved by the Court on July 1, 1994, under which Occidental agreed to perform operation and maintenance (O & M) of the remedy. Finally, Occidental agrees in the proposed decree that the United States may independently enforce against Occidental the O & M obligations it accepted under the State Consent Judgment.

The Department of Justice will receive for a period of thirty (30) days from the date of this publication comments relating to the proposed Consent Decree. Comments should be addressed to the Assistant Attorney General of the Environment and Natural Resources Division, Department of Justice, Washington, D.C. 20530, and should refer to *United States v. Occidental Chemical Corporation*, D.J. Ref. 90-5-1-1-1229. Commentors may request an opportunity for a public meeting in the affected area, in accordance with Section 7003(d) of RCRA.

The proposed Consent Decree may be examined at the Office of the United States Attorney, Western District of New York, Federal Centre, 138 Delaware Avenue, Buffalo, New York 14202 and at the Consent Decree Library, 1120 G Street, N.W., 4th Floor, Washington, D.C. 20005, (202) 624-0892. A copy of the proposed Consent Decree may be obtained in person or by mail from the Consent Decree Library, 1120 G Street, N.W., 4th Floor, Washington, D.C.
