

Mullet Key Channel buoys 23 and 24 (LLNR 1445 and LLNR 1146) outbound.

(b) No vessel shall enter the safety zone without the permission of the Captain of the Port Tampa.

(c) The general regulations governing safety zones contained in 33 CFR § 165.23 apply.

(d) Any vessel with a beam greater than 110 feet shall give Coast Guard Marine Safety Office Tampa a minimum of 24 hours notice of its intended arrival, departure, and berth transfer within Tampa Bay.

(e) Marine Safety Office Tampa will notify the marine community of periods during which a safety zone will be in effect by providing advance notice of scheduled arrivals and departures of wide beam vessels via a marine broadcast Notice to Mariners.

(f) If a vessel with a beam greater than 110 feet begins its transit more than a hour and a half from the scheduled time stated in the Broadcast Notice to Mariners, the vessel shall notify and obtain permission from the Captain of the Port Tampa before commencing its inbound or outbound transit, or departing its berth to shift to another berth.

(g) The Captain of the Port Tampa may waive any of the requirements of this section for any vessel upon finding that the vessel or class of vessel, operational conditions, or other circumstances make the application of this section unnecessary or impractical for purposes of port safety or environmental protection.

Dated: March 19, 1996.

R.W. Harbert,

Captain, U.S. Coast Guard, Captain of the Port Tampa.

BILLING CODE 4910-14-M

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[IL-18-6-6819b; FRL-5424-5]

Approval and Promulgation of Implementation Plan; Illinois

AGENCY: Environmental Protection Agency.

ACTION: Proposed rule.

SUMMARY: On May 23, 1995, and June 7, 1995, the Illinois Environmental Protection Agency (IEPA) submitted to the USEPA an adopted rule and supporting information for the control of batch processes as a requested State Implementation Plan (SIP) revision.

This rule is part of the State's control measures for volatile organic compound (VOC) emissions, for the Chicago and East St. Louis ozone nonattainment areas, and is intended to satisfy part of the requirements of section 182(b)(2) of the Clean Air Act (Act) amendments of 1990. VOC is one of the air pollutants which combine on hot summer days to form ground level ozone, commonly known as smog. Ozone pollution is of particular concern because of its harmful effects upon lung tissue and breathing passages. This regulation requires a reasonably available control technology (RACT) level of control as required by the amended ACT. This action lists the State implementation plan revision that USEPA is proposing to approve and provides an opportunity for public comment. A rationale for approving this request is presented in the final rules section of this Federal Register, where USEPA is approving the revision request as a direct final rule without prior proposal because USEPA views this as a noncontroversial revision and anticipates no adverse comments. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If USEPA receives adverse comments the direct final rule will be withdrawn. Any parties interested in commenting on this notice should do so at this time. The final rule on this proposed action will address all comments received.

DATES: Comments on this document must be received by May 2, 1996.

ADDRESSES: Written comments should be addressed to: J. Elmer Bortzer, Chief, Regulation Development Section, Air Programs Branch (AR-18J), Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

Comments should be strictly limited to the subject matter of this proposal.

Copies of the State submittal and USEPA's analysis of it are available for inspection at: Regulation Development Section, Air Programs Branch (AR-18J), Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT: Steven Rosenthal, Air Programs Branch, U.S. Environmental Protection Agency, Region 5, (312) 886-6052, at the Chicago address indicated above.

SUPPLEMENTARY INFORMATION: For additional information see the direct final rule which is published in the rules section of this Federal Register.

Dated: January 17, 1996.

Valdas V. Adamkus,

Regional Administrator.

BILLING CODE 6560-50-P

40 CFR Part 52

[IN55-1-7076b; FRL-5435-9]

Approval and Promulgation of Implementation Plan; Indiana

AGENCY: Environmental Protection Agency (USEPA).

ACTION: Proposed rule.

SUMMARY: The USEPA proposes to approve the State implementation plan (SIP) revision submitted by the State of Indiana for 326 IAC 2-9-1 and 326 IAC 2-9-2 (a), (b), and (e) of its Source Specific Operating Agreement (SSOA) regulation. The USEPA made a finding of completeness in a letter dated November 25, 1994. These sections of the SSOA regulation have been developed to establish federally enforceable conditions for industrial or commercial surface coating operations, graphic arts operations, or grain elevators by limiting potential emissions below the title V major source threshold levels. In the final rules section of this Federal Register, the USEPA is approving these actions as a direct final rule without prior proposal because USEPA views these as noncontroversial actions and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If USEPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on the proposed rule. The USEPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: Comments on this proposed rule must be received on or before May 2, 1996.

ADDRESSES: Written comments should be mailed to: J. Elmer Bortzer, Chief, Regulatory Development Section, Regulatory Development Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

Copies of the State submittal and USEPA's analysis of it are available for inspection at: Regulatory Development Section, Regulatory Development

Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT: Sam Portanova, Environmental Engineer, Permits and Grants Section, Regulatory Development Branch (AR-18J), U.S. Environmental Protection Agency, Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604, (312) 886-3189.

SUPPLEMENTARY INFORMATION: For additional information see the direct final rule published in the rules section of this Federal Register.

Dated: February 12, 1996.

David A. Ullrich,

Acting Regional Administrator.

Approval and Promulgation of Implementation Plans Kentucky: Approval of Revisions to the Kentucky State Implementation Plan

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: EPA is approving revisions to the Kentucky State Implementation Plan (SIP) submitted on June 15, 1983, by the Commonwealth of Kentucky through the Natural Resources and Environmental Protection Cabinet (Cabinet). The revisions pertain to Kentucky regulations 401 KAR 50:025, Classification of counties, and 401 KAR 61:015, Existing indirect heat exchangers. The purpose of these revisions is to reclassify McCracken County from a Class I area to a Class IA area, with respect to sulfur dioxide, and to allow a relaxation of the sulfur dioxide emission limit in McCracken County.

In the final rules section of this Federal Register, the EPA is approving the State's SIP revision as a direct final rule without prior proposal because the EPA views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA

will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: To be considered, comments must be received by May 2, 1996.

ADDRESSES: Written comments should be addressed to: Scott M. Martin, Regulatory Planning and Development Section, Air Programs Branch, Air, Pesticides & Toxics Management Division, Region 4 Environmental Protection Agency, 345 Courtland Street, NE., Atlanta, Georgia 30365.

Copies of the documents relative to this action are available for public inspection during normal business hours at the following locations. The interested persons wanting to examine these documents should make an appointment with the appropriate office at least 24 hours before the visiting day.

Approval and Promulgation of Air Quality Implementation Plans; Tennessee; Revision to New Source Review, Construction and Operating Permit Requirements for Nashville/Davidson County

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The EPA proposes to approve revisions to the Nashville/Davidson County portion of the Tennessee State Implementation Plan (SIP), submitted by the State of Tennessee through the Tennessee Department of Environment and Conservation on September 27, 1994. These include revisions to Nashville/Davidson County's new source review (NSR) regulations, which were made to bring the Nashville/Davidson County regulations into compliance with the 1990 amendments to the Clean Air Act (the Act) and the Federal regulations. In the final rules section of this Federal Register, the EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

DATES: To be considered, comments must be received by May 2, 1996.

ADDRESSES: Written comments should be addressed to: Ms. Karen Borel, at the Regional Office Address listed below.

Copies of the material submitted by the State of Tennessee may be examined during normal business hours at the following locations:

Air and Radiation Docket and Information Center (Air Docket 6102), U.S. Environmental Protection Agency, 401 M Street, SW, Washington, DC 20460.

Environmental Protection Agency, Region 4 Air Programs Branch, 345 Courtland Street, NE, Atlanta, Georgia 30365.

Tennessee Division of Air Pollution Control, 9th Floor L&C Annex, 401 Church Street, Nashville, Tennessee 37243-1531

Bureau of Environmental Health Services, Metropolitan Health Department, Nashville-Davidson County, 311-23rd Avenue, North, Nashville, Tennessee 37203.
