

However, this restriction applies solely to policies providing only flood insurance. It does not apply to policies provided by the Company of which flood is one of the several perils covered, or where the flood insurance coverage amount is over and above the limits of liability available to the insured under the Program.

Article XIV—Access to Books and Records

The FIA and the Comptroller General of The United States, or their duly authorized representatives, for the purpose of investigation, audit, and examination shall have access to any books, documents, papers and records of the Company that are pertinent to this Arrangement. The Company shall keep records which fully disclose all matters pertinent to this Arrangement, including premiums and claims paid or payable under policies issued pursuant to this Arrangement. Records of accounts and records relating to financial assistance shall be retained and available for three (3) years after final settlement of accounts, and to financial assistance, three (3) years after final adjustment of such claims. The FIA shall have access to policyholder and claim records at all times for purposes of the review, defense, examination, adjustment, or investigation of any claim under a flood insurance policy subject to this Arrangement.

Article XV—Compliance With Act and Regulations

This Arrangement and all policies of insurance issued pursuant thereto shall be subject to the provisions of the National Flood Insurance Act of 1968, as amended, the Flood Disaster Protection Act of 1973, as amended, >> the National Flood Insurance Reform Act of 1994, << and Regulations issued pursuant thereto and all Regulations affecting the work that are issued pursuant thereto, during the term hereof.

Article XVI—Relationship Between the Parties (Federal Government and Company) and the Insured

Inasmuch as the Federal Government is a guarantor hereunder, the primary relationship between the Company and the Federal Government is one of a fiduciary nature, i.e., to assure that any taxpayer funds are accounted for and appropriately expended.

The Company is not the agent of the Federal Government. The Company is solely responsible for its obligations to its insured under any flood policy issued pursuant hereto.

[In witness whereof, the parties hereto have accepted this Arrangement on this _____ day of _____, 1993.]

BILLING CODE 6718-03-P

44 CFR Part 67

[Docket No. FEMA-7177]

Proposed Flood Elevation Determinations

AGENCY: Federal Emergency Management Agency (FEMA).

ACTION: Proposed rule.

SUMMARY: Technical information or comments are requested on the proposed base (1% annual chance) flood elevations and proposed base flood elevation modifications for the communities listed below. The base flood elevations and modified base flood elevations are the basis for the floodplain management measures that

the community is required either to adopt or to show evidence of being already in effect in order to qualify or remain qualified for participation in the National Flood Insurance Program (NFIP).

DATES: The comment period is ninety (90) days following the second publication of this proposed rule in a newspaper of local circulation in each community.

ADDRESSES: The proposed base flood elevations for each community are available for inspection at the office of the Chief Executive Officer of each community. The respective addresses are listed in the following table.

FOR FURTHER INFORMATION CONTACT: Michael K. Buckley, P.E., Chief, Hazard Identification Branch, Mitigation Directorate, 500 C Street, SW, Washington, DC 20472, (202) 646-2756.

SUPPLEMENTARY INFORMATION: The Federal Emergency Management Agency proposes to make determinations of base flood elevations and modified base flood elevations for each community listed below, in accordance with Section 110 of the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and 44 CFR 67.4(a).

These proposed base flood and modified base flood elevations, together with the floodplain management criteria required by 44 CFR 60.3, are the minimum that are required. They should not be construed to mean that the community must change any existing ordinances that are more stringent in their floodplain management requirements. The community may at any time enact stricter requirements of its own, or pursuant to policies established by other Federal, State, or regional entities. These proposed elevations are used to meet the floodplain management requirements of the NFIP and are also used to calculate the appropriate flood insurance premium rates for new buildings built after these elevations are made final, and for the contents in these buildings.

National Environmental Policy Act.

This proposed rule is categorically excluded from the requirements of 44 CFR Part 10, Environmental Consideration. No environmental impact assessment has been prepared.

Regulatory Flexibility Act. The Acting Associate Director, Mitigation Directorate, certifies that this proposed rule is exempt from the requirements of the Regulatory Flexibility Act because proposed or modified base flood elevations are required by the Flood Disaster Protection Act of 1973, 42 U.S.C. 4104, and are required to

establish and maintain community eligibility in the NFIP. No regulatory flexibility analysis has been prepared.

Regulatory Classification. This proposed rule is not a significant regulatory action under the criteria of Section 3(f) of Executive Order 12866 of September 30, 1993, Regulatory Planning and Review, 58 FR 51735.

Executive Order 12612, Federalism. This proposed rule involves no policies that have federalism implications under

Executive Order 12612, Federalism, dated October 26, 1987.

Executive Order 12778, Civil Justice Reform. This proposed rule meets the applicable standards of Section 2(b)(2) of Executive Order 12778.

List of Subjects in 44 CFR Part 67

Administrative practice and procedure, Flood insurance, Reporting and recordkeeping requirements.

Accordingly, 44 CFR Part 67 is proposed to be amended as follows:

PART 67—[AMENDED]

1. The authority citation for Part 67 continues to read as follows:

BILLING CODE 6718-04-P

FEDERAL COMMUNICATIONS COMMISSION

47 CFR Chapter I

[CC Docket No. 96-61, FCC 96-123]

Interstate, Interexchange Marketplace; and Implementation of Section 254(g) of the Communications Act of 1934, as Amended

AGENCY: Federal Communications Commission.

ACTION: Proposed rule.

SUMMARY: In the light of the passage of the 1996 Act, changes in the interexchange market over the past decade, and the recent reclassification of AT&T as a non-dominant carrier, the

Commission is issuing this Notice of Proposed Rulemaking ("Notice" or "NPRM") seeking comment on possible changes in the regulatory treatment of interstate, interexchange telecommunications service providers. Specifically, the Notice tentatively concludes that, as required by the forbearance provision in Section 10 of the Communications Act, as amended, the Commission must forbear from applying Section 203 tariff filing requirements to non-dominant interexchange carriers for domestic services. The Notice tentatively concludes that the Commission's proposed detariffing policy should be implemented on a mandatory basis. The Notice seeks comment on whether the Commission should forbear, with respect to non-dominant carriers that file bundled domestic and international tariffs, from requiring such carriers to file tariffs for the international portions of their service offerings as well.

DATES: Comments on Section IV of the NPRM (related to market definition), Section V (related to separation requirements) and Section VI (related to

the implementation of Section 254(g) of the Communications Act of 1934, as amended) must be submitted on or before April 19, 1996. Reply comments for these sections must be filed on or before May 3, 1996. Comments on all other sections of the NPRM must be submitted on or before April 25, 1996. Reply comments for these sections must be submitted on or before May 24, 1996. Written comments on the Initial Regulatory Flexibility Analysis must be filed in accordance with the same filing deadlines set for comments on the other issues (other than Sections IV, V, and VI) in the NPRM, but they must have a separate and distinct heading designating them as responses to the Regulatory Flexibility Analysis. Written comments by the public on the proposed and/or modified information collections are due on or before April 19, 1996. Written comments must be submitted by the Office of Management and Budget (OMB) on the proposed and/or modified information collections on or before June 3, 1996.

ADDRESSES: Comments and reply comments should be sent to Office of
