## FEDERAL EMERGENCY MANAGEMENT AGENCY

### Agency Information Collection Activities: Proposed Collection; Comment Request

**ACTION:** Notice and request for comments.

**SUMMARY:** The Federal Emergency Management Agency, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed new, revised, or continuing information collections. In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)), this notice seeks comments concerning the reinstatement, without change, of a previously approved collection for which approval has expired.

*OMB Control Number:* 3067-0024.

*Title:* General Admissions Application and National Fire Academy Roster of Course Completion.

*Type of Review:* Reinstatement of a previously approved collection.

*Form Numbers:* FEMA Form 75-5, General Admissions Application; FEMA Form 75-9, National Fire Academy Roster of Course Completion.

*Abstract:* The National Emergency Training Center's National Fire Academy and Emergency Management Institute use FEMA Form 75-5, General Admissions Application, to admit applicants to resident courses and programs offered at the NETC. Information from the application form is maintained in the Student Record System. The system:

(1) Provides a consolidated record of all FEMA training taken by a student which can be used to support the student's consideration for professional advancement.

(2) Identifies or verifies participation in any prerequisite courses.

(3) Produces a transcript which can be used by the student in requesting college credit or continuing education units for courses completed. Presently, most of the resident courses and many off-campus courses can be considered

for credit by degree granting institutions.

In addition, Public Law 93-498 authorizes the United States Fire Administration to provide stipends to students attending NFA courses. The General Admissions Application is also used to determine which students receive stipend payments. Stipends are not paid to Federal employees, private industry employees, or foreign students.

FEMA Form 75-9, National Fire Academy Roster of Course Completion, is used to admit applicants to NFA off-

campus courses. To assist the NFA in achieving its mission to advance the professional development of fire service personnel, a strong cooperative partnership has been established with State and local fire training systems. This partnership has resulted in the ongoing development and delivery of a series of courses which constitute the NFA's off-campus program curriculum. NFA off-campus courses offer short term intensive training designed to provide maximum participation by fire service/rescue personnel and allied

professionals. Because many volunteer and career fire service personnel can not afford the time required for attending on-campus resident programs, these off-campus courses provide training opportunities within the State and local community. The National Fire Academy Roster of Course Completion is used by the State and local sponsoring agency, and is completed by the student when the class is conducted.

**Affected Public:** Individuals or households, Not-for-profit institutions, and State, local or tribal governments.

FEMA form No.	Number of responses	Time per response	Total burden hours
FEMA Form 75-5 .....	33,000	9 minutes .....	4,950
FEMA Form 75-9 .....	15,000	3 minutes .....	750
	48,000	6 minutes (average) .....	5,700

**Comments:** Written comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. Comments should be received within 60 days of the date of this notice.

**ADDRESSES:** Direct all comments to Muriel B. Anderson, FEMA Information Collections Officer, Federal Emergency Management Agency, 500 C Street, SW, Room 311, Washington, DC 20472. Telephone number (202) 646-2625. FAX number (202) 646-3524.

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or copies of the information collection can be obtained by contacting the person listed in the **ADDRESSES** section of this notice.

Dated: April 1, 1996.
