Agency Information Collection Activities: Proposed Collection; Comment Request

ACTION: Notice and request for comments.

SUMMARY: The Federal Emergency Management Agency, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed new, revised, or continuing information collections. In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. 3506(c)(2)(A)), this notice seeks comments concerning the proposed extension to an existing information collection previously approved and assigned OMB Control Number 3067-0021. Title: Claims for National Flood Insurance Program (NFIP).

Type of Review: Extension of a currently approved information collection.

Form Numbers: FEMA Forms 81-40, 81-41, 81-41A, 81-42, 81-43, 81-44, 81-57, 81-58, 81-59, 81-63, and Mobile Home Worksheet.

Abstract: The National Flood Insurance Program (NFIP) is authorized by Public Law (P.L.) 90-448 (1968) and expanded by P.L. 93-234 (1973) and provides low-cost federally subsidized flood insurance for existing buildings exposed to flood risks. In return, communities must enact and administer construction safeguards to ensure that new construction in the flood plain will be built to eliminate or minimize future flood damage. In accordance with P.L. 93-234, the purchase of flood insurance is mandatory when Federal or federally-related financial assistance is being provided for acquisition or construction of buildings located or to be located within FEMA-identified special flood hazard areas of communities which are participating in the program.

The forms included in this collection of information provide the information that is necessary for the continued proper performance of the Agency's functions related to indemnifying policyholders for flood damages to their properties. The forms are described below:

(1) FEMA Form 81-40, Worksheet-Contents-Personal Property—used by the insured to assess personal property damage. Estimated time per response—2.5 hours.

(2) FEMA Form 81-41, Worksheet-Building—used by the adjuster to determine the scope of damage to a building. Estimated time per response—2.5 hours.

(3) FEMA Form 81-41A, Worksheet-Building (continued)—a continuation of FEMA Form 81-41. Estimated time per response—1 hour.

(4) FEMA Form 81-42, Proof of Loss—used to establish a settlement on the amount of the insured will receive. Estimated time per response—5 minutes.

(5) FEMA Form 81-43, Notice of Loss—used to gather loss information. Estimated time per response—4 minutes.

(6) FEMA Form 81-44, Statement as to Full Cost of Repair or Replacement Cost Coverage, Subject to the Terms and Conditions of this Policy—used by the insured to determine if the structure can be repaired or qualify for replacement cost. Estimated time per response—6 minutes.

(7) FEMA Form 81-57, National Flood Insurance Program Preliminary Report—used to identify the insured and the address of risk. Estimated time per response—4 minutes.

(8) FEMA Form 81-58 National Flood Insurance Program Final Report—used to document and review overall damages to the property, and to provide a breakdown of the claims information. Estimated time per response—4 minutes.

(9) FEMA Form 81-59, National Flood Insurance Program Narrative Report—used to write a narrative report on the loss. Estimated time per response—5 minutes.

(10) FEMA Form 81-63, Cause of Loss and Subrogation Report—used to identify a potential subrogation loss. Estimated time per response—1 hour.

(11) Mobile Home Worksheet—to obtain data to specifically identify the manufacturer, year, size, model, and serial number of the mobile home; the individual the mobile home was purchased from; and the repair or salvage value of the mobile home. The claim adjuster also uses the information to determine whether a mobile home will be repaired, replaced, or salvaged. Estimated time per response—30 minutes.

Burden Estimate Per Response. The average time required for the adjuster for each claim filed and the insured to list the items damaged in the flood and meet with the adjuster concerning the loss is estimated to be 3.8 hours. Burden hours are derived from the reports of the adjusters who meet with the insured, and from Federal Insurance Administration staff's personal experience handling claims.

Number of Respondents. 73,437.

Total Annual Burden Hours. 279,060.

Affected Public: Individuals and households, Business or other for-profit, Not-for-profit institutions, Farms, Federal Government, and State, local or tribal governments.

technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. Comments should be received within 60 days of the date of this notice.
