

("Lynn Facility") of Section 165(a) of the Act, 42 U.S.C. 7475(a), the Prevention of Significant Deterioration ("PSD") regulations found at 40 CFR § 52.21 (b) through (v), Section 111 of the Act, 42 U.S.C. 7411, and the New Source Performance Standards ("NSPS") found at 40 CFR § 60.44(b). The complaint alleges that GE failed to obtain PSD permits in connection with the construction of two jet engine test cells in 1981 and 1982, the modification of two jet engine test cells in 1986 and 1987, the installation of a new steam-generating boiler in 1986. The complaint also alleges that the steam-generating boiler violated the NSPS limitations for the emission of nitrogen oxides ("NO<sub>x</sub>") during certain periods of time in 1991 and 1992.

Pursuant to the proposed consent decree, GE has agreed to pay a civil penalty of \$225,000 and to implement a Supplemental Environmental Project that involves the replacement of an oil-based coolant with a water-based coolant for some of the lathing and milling machinery at the Lynn Facility. GE has also agreed to a cap on the overall annual NO<sub>x</sub> emissions from its 29 jet engine test cells, as well as a cap on the overall annual NO<sub>x</sub> and SO<sub>2</sub> emissions from its four steam-generating boilers.

The Department of Justice will receive, for a period of thirty (30) days from the date of this publication, comments relating to the proposed Consent Decree. Comments should be addressed to the Assistant Attorney General for the Environment and Natural Resources Division, Department of Justice, Washington, D.C. 20530, and should refer to *United States v. General Electric Co.*, DOJ Ref. # 90-5-2-1-1892.

The proposed Consent Decree may be examined at the New England office of the Environmental Protection Agency, One Congress Street, Boston, Massachusetts (contact Greg Dain at 617-565-3318) and at the Consent Decree Library, 1120 G Street, NW., 4th Floor, Washington, DC 20005, (202) 624-0892. **AGENCY:** Employment and Training Administration, Labor.

**ACTION:** Notice of Availability of Funds and Solicitation for Grant Application (SGA).

**SUMMARY:** All information required to submit a proposal is contained in this announcement. The U.S. Department of Labor, Employment and Training Administration (DOL/ETA), announces the availability of \$1.9 million to award competitive grants for workforce development system-building demonstration projects. These grants are intended to test new and complementary approaches to the delivery of services in a One-Stop setting.

**DATES:** Application for grant awards will be accepted commencing April 11, 1996. The closing date for receipt of proposals at the Department of Labor shall be May 10, 1996, at 2:00 P.M., Eastern time. Any proposal not received at the designated place, date and time of delivery specified will not be considered.

**ADDRESSES:** Proposals shall be mailed to: Division of Acquisition and Assistance, Attention: Ms. Reda Harrison, Reference: SGA/DAA 96-005, U.S. Department of Labor, Employment and Training Administration, 200 Constitution Avenue, NW., Room S-4203, Washington, DC 20210.

**FOR FURTHER INFORMATION CONTACT:** Reda Harrison, Division of Acquisition and Assistance. Telephone (202) 219-7300 (This is not a toll-free telephone number).

**SUPPLEMENTARY INFORMATION:** This announcement consists of three parts: Part I Background/Description, Part II Application Process, and Part III Evaluation Criteria for Award.

#### Part I—Background

A common frustration among job-seekers and employers today is the

difficulty of finding quality information on available employment and training programs, and having to go from one place to another to actually receive information and services. The One-Stop Career Center System is the organizing vehicle for transforming this fragmented array of employment and training programs into an integrated service delivery system for job-seekers and employers. The U.S. Department of Labor, in partnership with the states and local jurisdictions, is working to transfer this vision of an integrated, high-quality delivery system into reality.

The Department began in late 1994 with the award of One-Stop Career Center grants to 25 states. Six states—Connecticut, Iowa, Maryland, Massachusetts, Texas and Wisconsin—received the first year grant of a three-year, multi-million dollar award to fully implement One-Stop systems, while nineteen others received one-year awards to support the planning and development of such systems.

In 1995, the Department added an additional 10 implementation states (Arizona, Illinois, Indiana, Kentucky, Louisiana, Minnesota, Missouri, New Jersey, North Carolina, and Ohio) bringing the total to 16. In January 1996, the Department awarded an additional 23 planning grants to states and local jurisdictions. A total of 38 states are now receiving these planning resources. All States have now received either planning or implementation funding.

While the Department is supporting statewide system-building, it also recognizes that many local communities have made significant progress in consolidating service delivery in a One-Stop environment. In June 1995, The Department awarded grants to local entities to serve as "learning laboratories" for other jurisdictions across the country. While each state's One-Stop system will be designed in conjunction with local communities to best meet their particular needs, four principles are key to all One-Stop Career Center Systems—universality, customer choice, program and governance integration, and accountability for performance and outcomes.

This solicitation is intended to supplement the work underway through the One-Stop grants by filling in the gaps in a number of areas not yet addressed. The work accomplished under these grants should be transportable and replicable in any One-Stop or block-grant consolidated workforce delivery system. To achieve these objectives, the Department expects that all grantees under this solicitation would participate in system-building meetings, forums, and technical

assistance exchanges with other departmental grantees involved in service delivery and continuous improvement.

#### Part II—Application Process

##### A. Eligible Applicants

This competition is open to all government entities, including our current One-Stop Grantees and local jurisdictions. It is also open to system-building partnerships and coalitions formed with governmental units and any of the following: unions, community-based organizations and/or private sector non-profit and for-profit entities. For the purposes of this solicitation, a "system-building entity" is any public agency or consortium of agencies (governmental, union, community-based organization, other private sector non-profit or for-profit entity).

For example, an application might describe a combined governmental-commercial effort to introduce emerging technological products and processes into the One-Stop service delivery setting. The resources under this solicitation are not intended to replace resources or support activities currently funded under existing One-Stop system-building grants. The application should contain letters of support and endorsement which reflect concurrence from other governmental partners, if applicable.

Entities described in section 501(c)(4) of the Internal Revenue Code who engage in lobbying activities are not eligible to receive funds under this SGA. The new Lobbying Disclosure Act of 1995, Public Law No. 104-65, 109 Stat. 691, which became effective January 1, 1996, prohibits the award of federal funds to these entities if they engage in lobbying activities.

##### B. Grant Awards

The Department has allocated approximately \$1.9 million for grants awarded under this SGA and expects to award approximately 8 to 13 grants in a range of \$100,000 to \$250,000. This period of performance is 15 months from the date of award. The Department may elect to offer up to two "option years" if warranted and pending availability of funds.

##### C. Limitation on Use of Funds

These funds are not intended to replace resources or support activities currently funded under existing One-Stop system-building grants. Nor may these funds be used for new construction.
