

- Transition of youth with developmental disabilities from school to adult life; and
- Special pilots and evaluation studies to explore the expansion of programs under part B (State developmental disabilities councils) to individuals with severe disabilities other than developmental disabilities.

Section 162(c) of the Act requires that ADD publish in the Federal Register proposed priorities for grants and contracts to carry out Projects of National Significance. The Act also requires a period of 60 days for public comment concerning such proposed priorities. After analyzing and considering such comments, ADD must publish in the Federal Register final priorities for such grants and contracts, and solicit applications for funding based on the final priorities selected.

The following section presents the proposed priority area for Fiscal Year 1996 Projects of National Significance. We welcome specific comments and suggestions. We would also like to receive suggestions on topics which are timely and relate to specific needs in the developmental disabilities field.

Please be aware that the development of the final funding priority is based on the public comment response to this notice, current agency and Departmental priorities, needs in the field of developmental disabilities and the developmental disabilities network, etc., as well as the availability of funds for this fiscal year.

## Part II. Fiscal Year 1996 Proposed Priority Area for Projects of National Significance

ADD is interested in all comments and recommendations which address areas of existing or evolving national significance related to the field of developmental disabilities.

ADD also solicits recommendations for project activities which will advocate for public policy change and community acceptance of all individuals with developmental disabilities and families so that such individuals receive the culturally competent services, supports, and other assistance and opportunities necessary to enable them to achieve their maximum potential through increased independence, productivity, and integration into the community.

ADD is also interested in activities which promote the inclusion of all individuals with developmental disabilities, including individuals with the most severe disabilities, in community life; which promote the interdependent activity of all individuals with developmental

disabilities and individuals who are not disabled; and which recognize the contributions of these individuals (whether they have a disability or not), as such individuals share their talents at home, school, and work, and in recreation and leisure time.

No proposals, concept papers or other forms of applications should be submitted at this time. Any such submission will be discarded.

ADD will not respond to individual comment letters. However, all comments will be considered in preparing the final funding solicitation announcement and will be acknowledged and addressed in that announcement.

Please be reminded that, because of possible funding limitations, the proposed priority area listed below may not be published in a final funding solicitation for this fiscal year.

Comments should be addressed to:

Bob Williams, Commissioner,  
Administration on Developmental Disabilities,  
Department of Health and Human Services,  
Room 329-D HHH Building,  
200 Independence Avenue,  
SW., Washington, DC 20201.

### *Fiscal Year 1996 Proposed Priority Area: Ongoing Data Collection and Information Dissemination*

The purpose of this priority area is to fund a variety of projects through grants and/or cooperative agreements to collect data on public expenditures, employment and economic status, and other factors as they impact on the independence, productivity, integration and inclusion into the community of persons with developmental disabilities. ADD is particularly interested in the maximum use of already existing data bases and in fostering the broadest dissemination to and use of the data by consumers, families and advocacy audiences. Examples of successful projects that ADD has funded include:

- University of Minnesota: National Recurring Data Set Project on Residential Services—Ongoing National and State-by-State Data Collection and Policy/Impact Analysis on Residential Services for Persons with Developmental Disabilities (Charles Lakin: 612/624-5005)
- University of Illinois at Chicago: Fourth National Study of Public Mental Retardation/Developmental Disabilities Spending (David Braddock: 312/413-1647)
- Boston Children's Hospital: Ongoing National Collection on Data and Employment Services for Citizens with Developmental Disabilities (Bill Kiernan: 617/355-6506).

Examples of projects that ADD will fund include activities which would:

- Identify, collect and disseminate new data bases.
- Modify, expand and/or reformulate existing data bases.
- Project and model the cost-benefit impact of alternative future decisions based on the analysis of discrete programmatic options in the areas of residential services and employment.
- Connect, integrate or analyze available data bases.

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

**SUMMARY:** This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

**FOR FURTHER INFORMATION CONTACT:** Mark Johnston, room 7256, Department of Housing and Urban Development, 451 Seventh Street SW., Washington, DC 20410; telephone (202) 708-1226; TDD number for the hearing- and speech-impaired (202) 708-2565 (these telephone numbers are not toll-free), or call the toll-free Title V information line at 1-800-927-7588.

**SUPPLEMENTARY INFORMATION:** In accordance with 24 CFR part 581 and section 501 of the Stewart B. McKinney Homeless Assistance Act (42 U.S.C. 11411), as amended, HUD is publishing this Notice to identify Federal buildings and other real property that HUD has reviewed for suitability for use to assist the homeless. The properties were

reviewed using information provided to HUD by Federal landholding agencies regarding unutilized and underutilized buildings and real property controlled by such agencies or by GSA regarding its inventory of excess or surplus Federal property. This Notice is also published in order to comply with the December 12, 1988 Court Order in *National Coalition for the Homeless v. Veterans Administration*, No. 88-2503-OG (D.D.C.).

Properties reviewed are listed in this Notice according to the following categories: Suitable/available, suitable/unavailable, suitable/to be excess, and unsuitable. The properties listed in the three suitable categories have been reviewed by the landholding agencies, and each agency has transmitted to HUD: (1) Its intention to make the property available for use to assist the homeless, (2) its intention to declare the property excess to the agency's needs, or (3) a statement of the reasons that the property cannot be declared excess or made available for use as facilities to assist the homeless.

Properties listed as suitable/available will be available exclusively for homeless use for a period of 60 days from the date of this Notice. Homeless assistance providers interested in any such property should send a written expression of interest to HHS, addressed to Brian Rooney, Division of Property Management, Program Support Center, HHS, room 5B-41, 5600 Fishers Lane, Rockville, MD 20857; (301) 443-2265. (This is not a toll-free number.) HHS will mail to the interested provider an application packet, which will include instructions for completing the application. In order to maximize the opportunity to utilize a suitable property, providers should submit their written expressions of interest as soon as possible. For complete details concerning the processing of applications, the reader is encouraged to refer to the interim rule governing this program, 24 CFR part 581.

For properties listed as suitable/to be excess, that property may, if subsequently accepted as excess by GSA, be made available for use by the homeless in accordance with applicable law, subject to screening for other Federal use. At the appropriate time, HUD will publish the property in a Notice showing it as either suitable/available or suitable/unavailable.

For properties listed as suitable/unavailable, the landholding agency has decided that the property cannot be declared excess or made available for use to assist the homeless, and the property will not be available.

Properties listed as unsuitable will not be made available for any other purpose for 20 days from the date of this Notice. Homeless assistance providers interested in a review by HUD of the determination of unsuitability should call the toll free information line at 1-800-927-7588 for detailed instructions or write a letter to Mark Johnston at the address listed at the beginning of this Notice. Included in the request for review should be the property address (including zip code), the date of publication in the Federal Register, the landholding agency, and the property number.
