April 10, 1996.

Take notice that on April 8, 1996, Columbia Gas Transmission Corporation (Columbia), P.O. Box 1273, Charleston, West Virginia, 25325-1273, filed in Docket No. CP96-301-000 a request pursuant to Section 157.205, and 157.216 of the Commission's Regulations under the Natural Gas Act (18 CFR 157.205, and 157.216) for approval to abandon certain obsolete facilities in Tioga County, New York, under Columbia's blanket certificate authority issued in Docket No. CP83-76-000, pursuant to Section 7(c) of the Natural Gas Act (NGA), all as more fully set forth in the request which is on file with the Commission and open to public inspection.

Columbia proposes to abandon transmission Line Y consisting of approximately 0.06 mile of two-inch pipeline and to abandon a portion of transmission Line AD-31 consisting of approximately 0.14 mile of four-and six-inch pipeline, and all appurtenances associated with these pipelines located in Tioga County, New York. Columbia further states that the jurisdictional facilities for which it seeks abandonment authorization serve no useful purpose and are no longer required. It is indicated that there is no gas consumer on these facilities and that Columbia has no purchase gas agreements which utilize the subject facilities.

Any person or the Commission's Staff may, within 45 days of the issuance of the instant notice by the Commission, file pursuant to Rule 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.214), a motion to intervene and pursuant to Section 157.205 of the regulations under the Natural Gas Act (18 CFR 157.205), a protest to the request. If no protest is

filed within the time allowed therefor, the proposed activities shall be deemed to be authorized effective the day after the time allowed for filing a protest. FGT states that on January 26, 1996, it filed in Docket No. RP96-123-000 changes to its Tariff generally intended to modify or clarify certain provisions in conformance with previous tariff changes filed and accepted by the Federal Energy Regulatory Commission.
