The proposed project would include the construction of a new federal building with approximately 675,000 gross square feet of building space and 161 onsite parking spaces. The building would be constructed by a lease purchase action on a site to be donated to GSA by the City of San Francisco. Two sites are being considered: a site of approximately 95,000 square feet which comprises half of the block bounded by Market Street to the northwest, Tenth Street to the northeast, Mission Street to the southeast, and Eleventh Street to the southwest; or a site of approximately 159,000 square feet located in the southeast portion of the block bounded by Market Street on the northwest, Seventh Street on the northeast, Mission Street on the southeast, and Eighth Street on the southwest.

LEAD AGENCIES: For the purposes of NEPA, the lead agency is GSA; for the purposes of the California Environmental Quality Act, the co-lead agencies are the City and County of San Francisco, Department of City Planning, and the San Francisco Redevelopment Agency.

Alternatives: The DRAFT EIS/EIR examines four alternatives including: (1) Construction of the Federal Building on a site located at Tenth and Market Streets, near the San Francisco Civic Center area; (2) construction of the federal building on a site located at Seventh and Mission Street, also near the San Francisco Civic Center area; (3) purchase of a building in the Central Business Area; (4) lease of a building in the Central Business Area; and (5) no action or continued use of the existing federally owned and leased space.
