

Corporation makes the determination to provide the assistance to the institution under this section, and the least cost determination shall be made as of the date on which the Corporation intends to provide assistance to the institution.

The determination of the costs of liquidation of any insured System bank shall be made as of the earliest of:

1. The date on which a conservator is appointed for the insured System bank;  
2. The date on which a receiver is appointed for the insured System bank;  
or

3. The date on which the Corporation makes any determination to provide assistance under this section with respect to the insured System bank.

Assistance to operating insured banks may be provided directly to the troubled bank, or to another insured bank qualified to merge with or acquire the failing bank.

The Corporation believes that proposals for assistance to operating insured banks under section 5.61 of the Act should be reviewed by the Corporation utilizing the following criteria:

1. The proposal must reasonably anticipate the viability of the recipient, including provisions for the attainment of an adequate level of capitalization within a reasonable period of time.

2. The proposal should provide for the eventual repayment of the assistance.

3. The proposal must provide for adequate managerial resources, and the Corporation's approval of business plans. The continued service of any director or senior officer serving the assisted institution in a policymaking role, as determined by the Corporation, will be subject to approval of the Corporation. In addition, compensation arrangements covering directors and senior officers must be approved by the Corporation.

4. The Corporation will consider on a case-by-case basis the nature of the financial assistance requested. Generally, assistance proposals should not anticipate the acquisition and servicing of assets from the assisted institution by the Corporation.

5. Fee arrangements with attorneys, accountants, consultants, and other parties incident to requests for financial assistance must be disclosed to the Corporation. Excessive fees are unnecessary and must be avoided; fee arrangements will be considered in evaluating the cost of the assistance request.

6. The Corporation retains the option of evaluating the assistance proposal within the context of a competitive bidding process and will consider

soliciting interest from qualified acquirers.

7. An institution seeking operating institution assistance must consent to unrestricted on-site due diligence review by any potential acquirer that is determined by the Corporation to be qualified after consultation with the Farm Credit Administration.

8. The proposal must contain quantifiable limits on all financial items in the request.

9. The Corporation will evaluate the potential financial effect of the proposal on shareholders, uninsured creditors and the financial markets.

As provided in Section 5.61(a)(3)(E), any determination the Corporation makes under this policy shall be in the sole discretion of the Corporation.

Adopted this 28th day of March, 1996 by order of the Corporation Board.

Dated: April 15, 1996.

Floyd Fithian,

*Secretary to the Board, Farm Credit System Insurance Corporation.*
