47 CFR PARTS 1 and 73

[FCC 96-172]

Implementation of Sections 204(a) and 204(c) of the Telecommunications Act of 1996 (Broadcast License Renewal Procedures)

AGENCY: Federal Communications Commission.

ACTION: Final Rule,

SUMMARY: The Commission is implementing Sections 204(a) and 204(c) of the Telecommunications Act of 1996, which eliminate comparative renewal hearings for broadcast applications filed after May 1, 1995 and direct the Commission to grant a broadcaster's renewal application if statutory renewal standards are met. The action is necessary in order to conform the Commission's rules to Section 204(a) and (c) of the Telecommunications Act, and the intended effect of the action is to conform the rules to those statutory provisions.

EFFECTIVE DATE: April 25, 1996.

FOR FURTHER INFORMATION CONTACT: Mania K. Baghdadi, Mass Media Bureau, Policy and Rules Division (202) 418-2130.

SUPPLEMENTARY INFORMATION: This is a synopsis of the Commission's Order (In the Matter of Implementation of Sections 204(a) and 204(c) of the Telecommunications Act of 1996 (Broadcast Renewal Procedures)), adopted April 12, 1996, and released April 12, 1996. The complete text of this Order is available for inspection and copying during normal business hours in the FCC Reference Center (Room 239), 1919 M Street, NW., Washington, DC, and also may be purchased from the Commission's copy contractor, International Transcription Service, (202) 857-3800, 2100 M Street, NW., Suite 140, Washington, DC 20037.

Synopsis of Order

1. This Order implements Sections 204(a) and 204(c) of the Telecommunications Act of 1996 ("Telecom Act") [Pub. L. No. 104-104,

110 Stat. 56 (1996)], which adopts new Section 309(k) of the Communications Act applicable to broadcast renewal applications filed after May 1, 1995, eliminating comparative renewal hearings, establishing instead a new two-step renewal procedure, and directing the Commission to grant a broadcaster's renewal application if statutory renewal standards are met.

2. New Section 309(k) states:

(1) * * * If the licensee of a broadcast station submits an application to the Commission for renewal of such license, the Commission shall grant the application if it finds, with respect to that station, during the preceding term of its license—

(A) the station has served the public interest, convenience, and necessity;

(B) there have been no serious violations by the licensee of this Act or the rules and regulations of the Commission; and

(C) there have been no other violations by the licensee of this Act or the rules and regulations of the Commission which, taken together, would constitute a pattern of abuse.

(2) * * * If any licensee of a broadcast station fails to meet the requirements of this subsection, the Commission may deny the application for renewal in accordance with paragraph (3), or grant such application on terms and conditions as are appropriate, including renewal for a term less than the maximum otherwise permitted.

(3) * * * If the Commission determines, after notice and opportunity for a hearing as provided in subsection (e), that a licensee has failed to meet the requirements specified in paragraph (1) and that no mitigating factors justify the imposition of lesser sanctions, the Commission shall—

(A) issue an order denying the renewal application filed by such licensee under Section 308; and

(B) only thereafter accept and consider such applications for a construction permit as may be filed under section 308 specifying the channel or broadcasting facilities of the former licensee.

(4) * * * In making the determinations specified in paragraph (1) or (2), the Commission shall not consider whether the public interest, convenience, and necessity might be served by the grant of a license to a person other than the renewal applicant. 47 U.S.C. § 309(k).

3. Additionally, Section 204(a)(2) of the Telecom Act amends Section 309(d) of the Communications Act, 47 U.S.C. § 309(d), to make the standard for filing

petitions to deny conform to the statutory renewal standards. Thus, the statutory renewal standards are made applicable to the petitioner's required showing and the Commission's consequent findings in the case of a petition to deny a renewal application filed after the statutory effective date.

4. The Telecom Act does not define the terms contained in the renewal standards embodied in Section 309(k), and we likewise do not define those terms in the Order. It is our present intent to continue to apply existing policy statements and case law, refining these as appropriate on a case-by-case basis, in interpreting the statutory terms that govern the new renewal process. If we determine at some future time that further clarification is appropriate, we shall conduct such proceedings as may be warranted.

5. *Administrative Matters.* We are revising the rules as detailed below without providing prior notice and an opportunity for comment. For applications filed after May 1, 1995, the revisions simply reflect the changes mandated by the applicable provisions of the Telecom Act eliminating comparative renewals and codifying certain renewal standards. We find that notice and comment procedures are unnecessary, and that this action therefore falls within the "good cause" exception of the Administrative Procedure Act ("APA"). See 5 U.S.C. 553(b)(B) (notice requirements inapplicable "when the agency for good cause . . . finds that notice and public procedure thereon are impracticable, unnecessary, or contrary to the public interest"). We further find for the same reasons that good cause exists to make the rule changes adopted herein effective upon publication of this Order in the Federal Register. See *id.* at 553(d)(3). The rule changes adopted in this Order do not involve discretionary action by the Commission. Rather, they simply reiterate in our rules specific terms set forth in legislation. Additionally, with respect to the revisions that involve rules of agency organization and procedure, the notice and comment requirements of the APA are inapplicable. See 5 U.S.C. § 553(b)(A).

6. *Termination of Comparative Renewal Rule Making.* In light of the elimination of the comparative renewal procedure, we will terminate BC Docket No. 81-742, in which the Commission is considering reforming the comparative renewal process. See *Third Further Notice of Inquiry and Notice of Proposed Rule Making* in BC Docket No. 81-742, 4 FCC Rcd 6363 (1989) [57 FR 35357 (August 25, 1989)] and preceding

Notices of Inquiry and Notice of Proposed Rule Making cited therein. We believe that it would not represent the most productive use of our resources to conclude Docket No. 81-742 since it will apply only to a limited number of comparative renewal proceedings.

7. *Effective Dates.* Pursuant to the Telecom Act, Section 309(k) will be applied to renewal applications filed after May 1, 1995, and the rule changes made to implement the new renewal provisions of the Telecom Act reflect the statutory effective date. Pending comparative renewal proceedings and mutual exclusivities involving applications filed on or before May 1, 1995 will be concluded pursuant to the current rules, and accordingly, we will leave intact procedural provisions of the current rules that refer to comparative renewal proceedings until those pending proceedings and exclusivities are finally resolved. We wish to reiterate that our failure to amend or eliminate a rule that refers to or applies to comparative renewal proceedings results only from the need to conclude those ongoing proceedings. We wish to make clear that applications filed on or before May 1, 1995 will be subject to our current renewal standards and procedures, while applications filed after May 1, 1995 will be subject to the new renewal provisions adopted in Section 204 of the Telecom Act.

8. *Ordering Clause.* Accordingly, IT IS ORDERED that, pursuant to Section 204 of the Telecommunications Act of 1996, and to Sections 4(i) and 303(r) of the Communications Act of 1934 as amended, 47 U.S.C. §§ 154(i), 303(r), Parts 1 and 73 of the Commission's Rules is amended as set forth below. The rule changes are effective upon publication of this Order in the Federal Register. IT IS FURTHER ORDERED that BC Docket No. 81-742 is hereby terminated.
