

burden to file a request for modification of a television market is 20 hours per request. We estimate that 75 (50% of entities) will use in-house legal staff to file requests; while 75 (50% of entities) will contract out the use of legal assistance at an average burden of 1 hour per filing to coordinate information with contracted out legal assistance. The burden for this collection is therefore: $(75 \times 20 \text{ hours}) + (75 \times 1 \text{ hour}) = 1,575 \text{ hours}$.

Total Costs to Respondents: \$226,500. Respondents that use contracted out legal assistance will pay \$150 per hour for this assistance. $75 \times 20 \text{ hours} @ \$150 = \$225,000$. Also, all respondents will incur postage and stationery costs of \$10 per filing. $150 \text{ filings} \times \$10 = \$1,500$.

Needs and Uses: On 3/11/93, the Commission adopted a Report and Order in MM Docket Nos. 92-259, 90-4 and 92-295, Implementation of the Cable Television Consumer Protection and Competition Act of 1992, Broadcast Signal Carriage Issues. Among other things, this Report and Order, pursuant to Section 614(h)(1)(C) of the Cable Act of 1992, created procedures to enable the Commission to add communities to or subtract communities from a station's television market to better reflect marketplace conditions following a written request. Section 76.59 requires a television station or cable operator to file a written request to modify a television station's must-carry market. Television stations and cable operators are to follow the process specified in Section 76.7 Petitions for Special Relief. The information derived from this collection has been used by the Commission to determine whether a television station's must-carry market should be modified.

SUPPLEMENTARY INFORMATION:

OMB Approval Number: 3060-0685.

Title: Annual Updating of Maximum Permitted Rates for Regulated Cable Services.

Form No.: FCC Form 1240.

Type of Review: Revision of a currently approved collection.

Respondents: Business or other for-profit; State, Local or Tribal Governments.

Number of Respondents: 8,475. (5,475 cable operators and 3,000 local franchise authorities ("LFAs").

Estimated Time Per Response: 1-15 hours.

Total Annual Burden: 88,459 hours. Burden for operators: We estimate that 25% of operators will contract out the burden of filing and that it will take 1 hour to coordinate information with those contractors. The remaining 75% of operators are estimated to employ in house staff to complete the filing. $1,369 \text{ filings (25% contracted out)} \times 1 \text{ hour} =$

$1,369 \text{ hours}$. $4,106 \text{ filings (75% in house)} \times 15 \text{ hours} = 61,590 \text{ hours}$.

Additionally, 76.933(g)(2) states: If an LFA has taken no action within the 90-day review period, then the proposed rates may go into effect at the end of the review period, subject to a prospective rate reduction and refund if the LFA subsequently issues a written decision disapproving any portion of such rates. However, if an operator inquires as to whether the LFA intends to issue a rate order after the initial review period, the LFA or its designee must notify the operator of its intent in this regard within 15 days of the operator's inquiry.

We estimate this will occur in 25% of the instances when Form 1240s are filed by cable operators with their LFAs. $25\% \text{ of } 3,000 = 750 \text{ inquiries at an estimated } 1 \text{ burden for each inquiry} = 750 \text{ hours}$. Total burden hours to operators = $1,369 + 61,590 + 750 = 63,709 \text{ hours}$.

Burden to LFAs: The Commission estimates there will be 3,000 FCC Form 1240s filed with LFAs, annually. Average LFA reviewing time for each FCC Form 1240 is estimated to be 8 hours. $3,000 \times 8 \text{ hours} = 24,000 \text{ burden hours}$.

Additionally, we estimate 750 responses to operator requests pursuant to 76.933(g)(2). 750 notifications at an estimated 1 burden hour for each notification = 750 hours. Total burden hours to LFAs = $(3,000 \times 8 \text{ hrs.}) + (750 \times 1 \text{ hr.}) = 24,750 \text{ hrs}$.

Total burden hours for all respondents = $63,799 + 24,750 = 88,549 \text{ hours}$.

Costs for Respondents: \$2,084,450.

We estimate an annual purchase of 4,000 diskette versions of FCC Form 1240 @ \$5 per diskette = \$20,000.

Printing, photocopying and postage costs incurred by respondents is estimated to be \$2 per form $(5,475 \text{ filings} \times \$2) = \$10,950$. We estimate Form 1240 assistance will be performed by legal and accounting contractors at an average of \$100/hour for 25% of the filings. $\$100/\text{hour} \times 1,369 \text{ filings (25% of Form 1240 filings)} \times 15 \text{ hours} = \$2,053,500$

Total respondent costs: $\$20,000 + \$10,950 + 2,053,500 = \$2,084,450$.

Needs and Uses: Cable operators submit FCC Form 1240 to their respective LFAs upon certification to regulate basic service tier rates and associated equipment; or with the Commission (in situations where the Commission has assumed jurisdiction). The Form 1240 is also filed with the Commission pursuant to the cable programming service tier rate complaint process. The data will be used by the Commission and LFAs to adjudicate permitted rates for regulated cable

services and equipment, for the addition of new programming tiers and to account for the addition and deletion of channels and the allowance for pass through of external costs and costs due to inflation.

OMB Approval No.: 3060-0233.

Title: Part 36, Jurisdictional Separations Procedures.

Form No.: N/A.

Type of Review: Extension of an existing collection.

Respondents: Businesses or other for-profit.

Number of Respondents: 3,090.

Estimated Time Per Response: 20 hours.

Total Annual Burden: 61,800.

Costs to Respondents: There are no costs in addition to preparing the information requested incurred by respondents.
