

preliminarily determine the net subsidies to be as follows:

Manufacturer/exporter	Rate (percent)
Chrome Resources (Pty) Ltd.	00.20
Consolidated Metallurgical Industries Limited	00.00
Feralloys Limited	00.00
Samancor Limited	00.001

In accordance with the Act, any rate less than 0.5 percent *ad valorem* in an administrative review is *de minimis*.

The URAA replaced the general rule in favor of a country-wide rate with a general rule in favor of individual rates for investigated and reviewed companies. The procedures for countervailing duty cases are now essentially the same as those in antidumping cases, except as provided for in section 777(e)(2)(B) of the Act. Requests for administrative reviews must now specify the companies to be reviewed. See 19 CFR § 355.22(a). The requested review will normally cover only those companies specifically named. Pursuant to 19 CFR § 355.22(g), for all companies for which a review was not requested, duties must be assessed at the cash deposit rate previously ordered. Accordingly, for the period January 1 through December 31, 1994, the assessment rates applicable to all non-reviewed companies covered by this order are the cash deposit rates in effect at the time of entry.

If the final results of this review remain the same as these preliminary results, the Department intends to instruct the U.S. Customs Service to liquidate, without regard to countervailing duties, shipments of the subject merchandise from Chrome Resources (Pty) Ltd., Consolidated Metallurgical Industries Limited, Feralloys Limited, and Samancor Limited exported on or after January 1, 1994 and entered on or before December 31, 1994.

This countervailing duty order was subject to section 753 of the Act. See *Countervailing Duty Order; Opportunity to Request a Section 753 Injury Investigation*, 60 FR 27,963 (May 26, 1995). Because no domestic interested parties exercised their right under section 753(a) of the Act to request an injury investigation, the International Trade Commission made a negative injury determination with respect to this order, pursuant to section 753(b)(4) of the Act. As a result, the Department revoked this countervailing duty order, effective January 1, 1995, pursuant to section 753(b)(3)(B) of the Act. *Revocation of Countervailing Duty Orders*, 60 FR 40568 (August 9, 1995).

Accordingly, the Department will not issue further instructions with respect to cash deposits of estimated countervailing duties.

Public Comment

Parties to the proceeding may request disclosure of the calculation methodology and interested parties may request a hearing not later than 10 days after the date of publication of this notice. Interested parties may submit written arguments in case briefs on these preliminary results within 30 days of the date of publication. Rebuttal briefs, limited to arguments raised in case briefs, may be submitted seven days after the time limit for filing the case brief. Parties who submit argument in this proceeding are requested to submit with the argument (1) a statement of the issue and (2) a brief summary of the argument. Any hearing, if requested, will be held seven days after the scheduled date for submission of rebuttal briefs. Copies of case briefs and rebuttal briefs must be served on interested parties in accordance with section 355.38 of the Department's *Interim Regulations*.

Representatives of parties to the proceeding may request disclosure of proprietary information under administrative protective order no later than 10 days after the representative's client or employer becomes a party to the proceeding, but in no event later than the date the case briefs, under 19 CFR § 355.38, are due. The Department will publish the final results of this administrative review including the results of its analysis of issues raised in any case or rebuttal brief or at a hearing. This administrative review and notice are in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)).
