

Broward, Indian River, Martin, Palm Beach, and St. Lucie.

On August 10, 1995, FHWA solicited public comments (60 FR 40878) on the FDOT's proposed certification and on the determination sought from the FHWA concerning the purpose and effect of the State laws relied on by the FDOT. No comments were received. On September 29, 1995, FHWA determined that the laws and operating procedures relied on by FDOT have the same purpose and effect as the Uniform Act and accepted FDOT's certification, effective October 1, 1995, for a period of two years.

In its certification application the FDOT relied on the authority in sections 120.543 and 339.05 of the Florida statutes and on the existing FDOT right-of-way procedures. The two statutory provisions grant the FDOT broad authority to comply with Federal (Uniform Act) requirements. The FDOT right-of-way procedures govern the FDOT's compliance with the provisions of the Uniform Act. It is anticipated that the level of benefits and assistance provided to property owners and displaced persons will remain virtually unchanged since the FDOT will continue to operate under the same State laws and procedures that currently govern its compliance with the Uniform Act. The primary changes are expected to be the elimination of FHWA approvals or oversight of Uniform Act

implementation in the two FDOT districts and the simplified administration associated with the State operating under its own procedures.

Under the certification pilot program, the FHWA, under section 103(c) of the Uniform Act, still can withhold project approvals or rescind acceptance of the FDOT's certification if the FDOT fails to comply with the certification or with the State law upon which the certification was based. The FHWA and FDOT will review the operations of the pilot program at its midpoint and following its completion.

Research and Special Programs Administration

Office of Hazardous Materials Safety; Notice of Applications To Become a Party to an Exemption

AGENCY: Research and Special Programs Administration, DOT.

ACTION: List of applications to become a party to an exemption.

SUMMARY: In accordance with the procedures governing the application

for, and the processing of, exemptions from the Department of Transportation's Hazardous Materials Regulations (49 CFR part 107, subpart B), notice is hereby given that the Office of Hazardous Materials Safety has received the applications described herein. This notice is abbreviated to expedite docketing and public notice. Because the section affected, modes of transportation, and the nature of application have been shown in earlier Federal Register publications, they are not repeated here. Application numbers with the suffix "P" denote a party to request. These applications have been separated from the new applications for exemptions to facilitate processing.

DATES: Comments must be received on or before February 8, 1996.

ADDRESS COMMENTS TO: Dockets Unit, Research and Special Programs Administration, U.S. Department of Transportation, Washington, DC 20590.

Comments should refer to the application number and be submitted in triplicate. If confirmation of receipt of comments is desired, include a self-addressed stamped postcard showing the exemption number.

FOR FURTHER INFORMATION: Copies of the application are available for inspection in Dockets Unit, Room 8426, Nassif Building, 400 7th Street, SW, Washington, DC.
