State Program Amendments

AGENCY: Office of Surface Mining Reclamation and Enforcement, Interior.

ACTION: Proposed rule.

SUMMARY: The Office of Surface Mining Reclamation and Enforcement (OSM) is proposing to amend its regulations by revising the information currently reported in the Code of Federal Regulations (CFR) regarding the OSM Director's approval of amendments to State regulatory programs and abandoned mine land reclamation plans (hereafter State program amendments). This information would be condensed to a tabular presentation depicting the dates when State program amendments were originally submitted to OSM and the dates the OSM Director's decision approving all or portions of these amendments were published in the Federal Register. Such a rulemaking would reduce the number of unnecessary pages in the CFR. As always, people interested in getting copies of the full text of the amended State regulatory program or abandoned mine land reclamation plan could contact the State regulatory authority office or the OSM field office with oversight authority for that State.
