The amendment includes a review of previous actions and their effects on bycatch as well as various alternatives.

The Shrimp Advisory Panel (AP) will review the draft amendment with various management alternatives for gear including: (1) Status Quo - no change to existing gear regulations; and (2) Requiring Bycatch Reduction Devices (BRDs) in all areas of the exclusive economic zone. They will also

look at area specific usage of BRDs including requiring BRDs: (1) inside the 100 fathom contour; (2) inside the 100 fathom contour and west of Cape San Blas, Florida; and (3) between the 10 and 100 fathom contours. Other alternatives that will be discussed include: area closures, seasonal closures, BRD testing criteria, and a protocol for BRD certification. The Shrimp AP will also consider a RIR, which mainly reviews the economic ramifications of the proposed amendment; a SIA; and any environmental consequences. Also considered will be the effects of other Federal laws and regulations.
