

response to this solicitation for Phase I should provide information including, but not limited to: a description of the proposed integrated system, including status of the individual component technologies; technology development requirements; anticipated market for the technology/system; energy efficiency; environmental impacts; economic performance; regulation, safety, and reliability issues; and capabilities, experience, and commitment of the proposer. In addition, the proposer will be required to report data using the HScan Planning Method.

DOE will only consider awards to entities which are led by private-sector firms. The entity can include business partnerships, joint ventures, or other business relationships between such organizations as profit or non-profit corporations, educational institutions, etc. All respondents must propose to cost-share at least 50% of the total Phase I project cost from non-Federal sources (cost share in subsequent phases will be negotiated subject to statutory guidelines). Awards under this solicitation will be cooperative agreements, with a term of up to 9 months for Phase I. Depending on the availability of Fiscal Year 1997 funding for the DOE Hydrogen Program, it is anticipated that total DOE funding available for the Phase I efforts will be approximately \$1,000,000. Individual awards under this solicitation for Phase I will not exceed \$150,000 of DOE funding. The solicitation will be issued in June, 1996, and will contain detailed information on funding, cost sharing requirements, eligibility, application preparation, the HScan Planning Method, DOE proposal evaluation criteria, and the proposal selection process for awards. Responses to the solicitation will be due 60 days after solicitation release.

Issued in Golden, Colorado, on May 23, 1996.

John W. Meeker,
Chief, Procurement, GO.
