But, in doing so, I want to emphasize that joint ventures by retail pharmacists can be procompetitive by injecting new competition into the market for pharmacy benefit management services.² I believe many of RxCare's programs can be procompetitive. The matter before the FTC concerns only one aspect of RxCare's pharmacy benefit management programs—its imposition of a most favored nations clause. By working on an expedited basis, staff has been able to identify this concern quickly and, by working closely with RxCare, has resolved it in a mutually agreeable fashion.
