Removal of Toshiba Sanction Regulations

AGENCY: Customs Service, Treasury.

ACTION: Final rule.

SUMMARY: This document amends the Customs Regulations by removing the regulatory provisions that implemented the import sanctions against all products produced by the Toshiba Machine Company and the Kongsberg Trading Company. The "Toshiba Sanctions" were imposed by Executive Order No. 12661 for a three year time period, which expired on December 28, 1991.

EFFECTIVE DATE: June 5, 1996.

SUPPLEMENTARY INFORMATION:

Background

As part of Customs continuing effort to ensure that its regulations are informative and up-to-date, Customs has determined that four of its regulatory provisions in Part 12 of the Customs Regulations (19 CFR Part 12) are obsolete and should be removed. The regulatory sections are found at 19 CFR 12.140-143, Customs Regulations, and were promulgated to implement the import sanctions mandated by section 2443(a)(2) of the Omnibus Trade and Competitiveness Act of 1988 (Pub.L. 100-418, 102 Stat. 1107, 1365, 50 U.S.C. App. 2410a note) and imposed by Executive Order No. 12661 of December 27, 1988 (53 FR 779, 3 CFR part 1988 Comp. p. 618, 24 Weekly Comp.Pres.Doc. 1661) for a three year time period against all products produced by the Toshiba Machine Company and the Kongsberg Trading Company. As the three year time period expired on December 28, 1991, Customs has decided to remove these four obsolete regulatory provisions, commonly referred to as the "Toshiba Sanctions". Also, because the Toshiba Sanction regulations required the submission of information to Customs, the listing of Office of Management and Budget (OMB) control numbers found at 19 CFR 178.2 is amended to remove the information collection authorization for § 12.143, which provided for declarations of exception from import sanctions.

Inapplicability of Public Notice and Comment Requirements, Delayed Effective Date Requirements, the Regulatory Flexibility Act, and Executive Order 12866

Because this amendment removes obsolete regulatory provisions to

conform the Customs Regulations to current legal requirements, which have no substantive effect on the public, pursuant to 5 U.S.C. 553 (b)(B), good cause exists for dispensing with notice and public procedure thereon as unnecessary. For the same reasons, it is determined under the provisions of 5 U.S.C. 553(d)(1) and (d)(3) that good cause exists for dispensing with a delayed effective date. Since this document is not subject to the notice and public procedure requirements of 5 U.S.C. 553, it is not subject to provisions of the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*). This document does not meet the criteria for a "significant regulatory action" as specified in E.O. 12866.

Special Local Regulations: Beaufort Water Festival, Beaufort, SC

AGENCY: Coast Guard, DOT.

ACTION: Final rule.

SUMMARY: The Coast Guard is establishing permanent special local regulations for the Beaufort Water Festival. This event will be held annually on the last two Saturdays and Sundays of July, between 7:30 a.m. and 7 p.m. e.d.t. (Eastern Daylight Time). Historically, the raft races, sailboat regattas, aerial demonstrations, power boat races, and a parade of ships have drawn 75 event participants and 400 spectator craft to the Beaufort River each day of the event. The anticipated concentration of spectator and event participant vessels associated with the Beaufort Water Festival poses a safety concern. Furthermore, the nature of the event and the closure of the Beaufort River between the Ladys Island swing bridge and Spanish Point creates an extra or unusual hazard in the navigable waters during the event. These regulations are necessary to provide for the safety of life on navigable waters during the event.

EFFECTIVE DATE: July 5, 1996.

FOR FURTHER INFORMATION CONTACT: ENS M.J. DaPonte, project officer, Coast Guard Group Charleston at (803) 724-7621.

SUPPLEMENTARY INFORMATION:**Regulatory History**

On April 19, 1996, the Coast Guard published a notice of proposed rulemaking entitled "Beaufort Water Festival, Beaufort, SC [CGD07-96-020] in the Federal Register (61 FR 17269). The comment period ended on May 20,

1996. The Coast Guard received no comments during the notice of proposed rulemaking comment period. A public hearing was not requested and no hearing was held.

Discussion of Regulations

These regulations are needed to provide for the safety of life during the Beaufort Water Festival. The regulations are intended to promote safe navigation on the waters of the Beaufort River between the Ladys Island swing bridge and Spanish Point by controlling the traffic entering, exiting, and traveling within these waters. Historically, the raft races, sailboat regattas, aerial demonstrations, power boat races and a parade of ships have drawn approximately 75 event participants and 400 spectator craft to the Beaufort River each day of the event. The anticipated concentration of spectator and event participant vessels associated with the Beaufort Water Festival poses a safety concern, which is addressed in these special local regulations.

These regulations will not permit movement of spectator vessels and other non-event participating vessel traffic within the regulated area, between the Ladys Island swing bridge (32°25'40" N, 080°40'10" W) and a line drawn directly across the Beaufort River at Spanish Point (32°24'00" N) from 7:30 a.m. to 7 p.m. e.d.t. annually on the last two Saturdays and Sundays of July. All coordinates referenced use datum: NAD 1983. However, these regulations will permit the movement of spectator vessels and other non-event participant vessels between scheduled events and at the termination of the last scheduled event, at the discretion of the Coast Guard Patrol Commander.

Regulatory Evaluation

This rule is not a significant regulatory action under Section 3(f) of Executive Order 12866 and does not require an assessment of the potential costs and benefits under Section 6(a)(3) of that order. It has been exempted from review by the Office of Management and Budget under that order. It is not significant under the regulatory policies and procedures of the Department of Transportation (DOT) (44 FR 11040; February 26, 1979). The Coast Guard expects the economic impact of this rule to be so minimal that a full Regulatory Evaluation under paragraph 10e of the regulatory policies and procedures of DOT is unnecessary. These regulations will last for only 11 and one half hours on each day of the event. No public comments were received during the notice of proposed rulemaking comment period.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*), the Coast Guard must consider whether this rulemaking will have a significant economic impact on a substantial number of small entities. "Small entities" include independently owned and operated small businesses that are not dominant in their field and that otherwise qualify as "small business concerns" under Section 3 of the Small Business Act (15 U.S.C. 632).

For reasons set forth in the above Regulatory Evaluation, the Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

Collection of Information

These regulations contain no collection of information requirements under the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*).

Federalism

This action has been analyzed in accordance with the principles and criteria contained in Executive Order 12612, and it has been determined that this rulemaking does not have sufficient Federalism implications to warrant the preparation of a Federalism Assessment.

Environmental Assessment

The Coast Guard has considered the environmental impact of this rulemaking consistent with Section 2.B.2. of Commandant Instruction M16475.1B. In accordance with that section, this action has been environmentally assessed (EA completed), and the Coast Guard has concluded that it will not significantly affect the quality of the human environment. An environmental assessment and a finding of no significant impact have been prepared and are available in the docket for inspection.
