

**PART 52—[AMENDED]**

1. The authority citation for part 52 continues to read as follows:

Authority: 42 U.S.C. 7401–7671q.

**Subpart NN—Pennsylvania**

2. Section 52.2020 is amended by revising paragraph (c)(103) to read as follows:

**§ 52.2020 Identification of plan.**

\* \* \* \* \*

(c) \* \* \*

(103) Revisions to the Pennsylvania Regulations, Chapter 129.91 pertaining to VOC and NO<sub>x</sub> RACT and 1990 baseyear emissions inventory for one source, submitted on January 6, 1995, May 10, 1995, May 31, 1995, August 11, 1995 (as amended on November 15, 1995), October 24, 1995, and December 8, 1995 by the Pennsylvania Department of Environmental Resources (now known as the Pennsylvania Department of Environmental Protection):

(i) Incorporation by reference.

(A) Nine letters: three dated January 6, 1995, and one each dated May 10, 1995, May 31, 1995, August 11, 1995, October 24, 1995, November 15, 1995, and December 8, 1995 from the Pennsylvania Department of Environmental Resources (now known as the Pennsylvania Department of Environmental Protection) transmitting source specific VOC and/or NO<sub>x</sub> RACT determinations in the form of plan approvals or operating permits for the following sources: Tennessee Gas Pipeline Company—Station 313 (Potter Co.)—natural gas transmission and gas storage station; Corning Asahi Video Products Company (Centre Co.)—glass manufacturer; Columbia Gas Transmission Company—Easton station (Northampton Co.)—natural gas compressor station; (4) Texas Eastern Transmission Corporation—Bedford (Bedford Co.)—natural gas compressor station; Texas Eastern Transmission—Marietta (Lancaster Co.)—natural gas compressor station; Hercules Cement Company (Northampton Co.)—cement manufacturer; Lone Star Industries (Northampton Co.)—cement manufacturer; Pennsylvania Power and Light—Montour SES (Montour Co.)—utility; Pennsylvania Electric Company—Shawville (Clearfield Co.)—utility; Zinc Corporation of America—Monaca (Beaver Co.)—zinc smelting; Procter and Gamble Paper Products—Mehoopany (Wyoming Co.)—pulp and paper making facility. In addition, the operating permit for Columbia Gas Transmission Corporation—Union City (Erie Co.), a natural gas compressor

station, containing provisions limiting this source as a synthetic minor source (below RACT threshold level of 100 tons per year of potential NO<sub>x</sub> emissions) is being approved.

(B) Plan approvals (PA), Operating permits (OP):

(1) Tennessee Gas Pipeline Company—Station 313—PA 53–0001, effective November 27, 1995, except the expiration date of the plan approval and the portion of condition #6 pertaining to CO emissions, OP 53–0001, effective November 27, 1995, except the expiration date of the operating permit, condition #21 pertaining to prevention of significant deterioration and the portions of condition #22 pertaining to CO emissions, and Compliance permit (CP) 53–0001, effective November 27, 1995, except the expiration date of the compliance permit.

(2) Corning Asahi Video Products Company—OP 14–0003, effective December 27, 1994, except the expiration date of the operating permit, OP 14–309–010A, effective May 5, 1994, except the expiration date of the operating permit and condition #6 and 7, pertaining to particulate matter and arsenic, OP 14–309–009C, effective August 18, 1994, except the expiration date of the operating permit and conditions #12 and 14, pertaining to particulate matter and lead, and OP 14–309–037A, effective May 5, 1994, except the expiration date of the operating permit and conditions #10, 11, 12, and 15, pertaining to particulate matter, fluorides and arsenic.

(3) Columbia Gas Transmission Company—Easton—OP 48–0001, effective May 19, 1995, except the expiration date of the operating permit and PA 48–0001A, effective May 19, 1995, except the expiration date of the plan approval.

(4) Texas Eastern Transmission Corporation—Bedford—OP 05–2007, effective May 16, 1995, except the expiration date of the operating permit.

(5) Texas Eastern Transmission Corporation—Marietta—PA 36–2025, effective May 16, 1995, except the expiration date of the plan approval and condition #2, pertaining to compliance date extensions.

(6) Hercules Cement Company—PA 48–0005A, effective December 23, 1994, except the expiration date of the plan approval and condition #4, pertaining to compliance date extensions, and all the following conditions that do not pertain to VOC or NO<sub>x</sub> RACT: #10(a), (b) and (d), #11(a), (b) and (d), #12(a), (b) and (d), #13(a), (b) and (d), #14, #15, #21 through 24, #30, pertaining to compliance date extensions and OP 48–0005, effective December 23, 1994,

except the expiration date of the operating permit and conditions #8 and 9, pertaining to particulate matter.

(7) Lone Star Industries—OP 48–0007, effective December 20, 1994, except the expiration date of the operating permit.

(8) Pennsylvania Power & Light—Montour SES—PA 47–0001A, effective December 27, 1994, except the expiration date of the plan approval and condition #14, pertaining to compliance date extensions and OP 47–0001, effective December 27, 1994, except the expiration date of the operating permit.

(9) Pennsylvania Electric Company—Shawville—PA 17–0001, effective December 27, 1994, except the expiration date of the plan approval and condition #19, pertaining to compliance date extensions.

(10) Zinc Corporation of America—Monaca—OP 04–000–044, effective December 29, 1994, except for the expiration date of the operating permit and those portions of conditions #8 and 9 pertaining to CO and PM<sub>10</sub>.

(11) Procter and Gamble Paper Products Company—Mehoopany—OP 66–0001, effective December 20, 1994, except the expiration date of the operating permit and PA 66–0001A, effective December 20, 1994, except the expiration date of the plan approval and condition #4, pertaining to compliance date extensions, those portions of condition #5, pertaining to CO, SO<sub>2</sub> or particulate matter, and condition #17, pertaining to odor.

(12) Columbia Gas Transmission Corporation—Union City—OP 25–892, effective April 11, 1995 except the portion of condition #8, pertaining to compliance date extensions.

(ii) Additional Material.

(A) Remainder of January 6, 1995, May 10, 1995, May 31, 1995, August 11, 1995, October 24, 1995, and December 8, 1995 State submittals.

(B) Additional clarifying material submitted by Pennsylvania: Letter dated July 18, 1995 from Matthew M. Williams, Air Pollution Control Engineer, Pennsylvania DEP, to Steve H. Finch, Vice President, Environmental Affairs, Columbia Gas Transmission Corporation, stating that the effective date of the Columbia Gas Transmission Corporation—Union City operating permit (OP 25–892) is April 11, 1995.

BILLING CODE 6560–50–P

**40 CFR Part 60****Delegation of authority***Correction*

In title 40 of the Code of Federal Regulations, part 60, revised as of October 1, 1995, page 432 in the first column, § 60.699 is corrected by adding the following after the colon in paragraph (b):

**§ 60.699 Delegation of authority.**

(a) \* \* \*

(b) \* \* \*

§ 60.694 Permission to use alternative means of emission limitations.

BILLING CODE 1505-01-D

**40 CFR Part 63****[AD-FRL-5517-8]**

**National Emission Standards for Hazardous Air Pollutants for Source Categories: Perchloroethylene Dry Cleaning Facilities; Notice of Availability of Guidance**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of availability of guidance.

**SUMMARY:** This action announces the availability of guidance for the implementation of the national emission standards for hazardous air pollutants (NESHAP) for perchloroethylene (PCE) dry cleaning facilities promulgated in the Federal Register on September 22, 1993. The NESHAP was promulgated to minimize emissions of PCE, which has been listed by EPA as a hazardous air pollutant (HAP).

**ADDRESSES:** Docket. Docket Number A-95-16, which contains the guidance announced in this notice as Item Number V-B-1, is available for public inspection and copying between the hours of 8:00 a.m. and 5:30 p.m., Monday through Friday (except for government holidays) at The Air and Radiation Docket and Information Center, U.S. Environmental Protection Agency, 401 M Street, SW., Washington, DC 20460. Copies of documents may also be copied from The Air and Radiation Docket and Information Center by calling (202) 260-7548. A reasonable fee may be charged for copying.

**FOR FURTHER INFORMATION CONTACT:** Mr. George Smith at (919) 541-1549, Emission Standards Division (MD-13), U.S. Environmental Protection Agency, Research Triangle Park, North Carolina 27711.

**SUPPLEMENTARY INFORMATION:** National emission standards for hazardous air pollutants (NESHAP) for perchloroethylene (PCE) dry cleaning facilities were promulgated on September 22, 1993 (58 FR 49354), and amended on December 20, 1993 (58 FR 66287), as 40 CFR Part 63, subpart M. On December 20, 1993, the International Fabricare Institute (IFI), a trade association representing commercial and industrial dry cleaners nationwide, submitted a statement of issues to the U.S. Court of Appeals for the District of Columbia Circuit that challenged the NESHAP. The Agency subsequently entered into a settlement agreement with IFI to resolve IFI's issues. The settlement agreement between the litigants calls for EPA to issue written policy guidance concerning "episodic" exceedances of annual PCE consumption levels set forth in the NESHAP. The Agency has issued this guidance entitled, "Settlement Agreement on Litigation of National Emission Standards for Hazardous Air Pollutants for Perchloroethylene Dry Cleaning Facilities," which is available in the docket and on EPA's Technology Transfer Network (TTN).

Anyone with a computer and a modem can download the guidance from the Clean Air Act Amendments bulletin board (under "Recently Signed Rules") of the TTN by calling (919) 541-5742. For further information about how to access the board, call (919) 541-5384.

Dated: May 20, 1996.

Lydia Wegman,

*Acting Director, Office of Air Quality Planning and Standards.*

BILLING CODE 6560-50-P

**40 CFR Part 82****[FRL-5518-1]****Protection of Stratospheric Ozone**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of extension of stay.

**SUMMARY:** This action temporarily extends a stay of the effectiveness of a certain reporting requirement in the petition process for the import of used class I controlled substances, but only extends the stay to the extent necessary to complete reconsideration (including any appropriate regulatory action) of the requirement. In the Federal Register published January 31, 1996, EPA announced, pursuant to Clean Air Act section 307(d)(7)(B), a three-month administrative stay and reconsideration

of this reporting requirement (61 FR 3316). The provision at issue is 40 CFR 82.13(g)(2)(viii), promulgated under sections 604 and 606 of the Clean Air Act, which requires the importer of a used class I controlled substance to certify that the purchaser of the controlled substance is liable for the tax.

In the same Federal Register published January 31, 1996, pursuant to Clean Air Act section 301(a)(1), EPA proposed an extension of the stay beyond the three-month administrative stay, but only to the extent necessary to complete reconsideration (including any appropriate regulatory action) of the rule in question (61 FR 3361). This action finalizes the proposed extension. Sufficient concerns have been raised regarding this provision that EPA believes it is appropriate not only to reconsider the provision, but also to stay the requirement during the period of reconsideration, which will extend beyond the three-month period provided under the administrative stay.

**EFFECTIVE DATE:** July 11, 1996.

**FOR FURTHER INFORMATION CONTACT:** Tom Land, Stratospheric Protection Division, Office of Air and Radiation, U.S. Environmental Protection Agency (6205-J), 401 M Street, SW., Washington, DC 20460, (202) 233-9185. The Stratospheric Ozone Information Hotline at 1-800-296-1996 can also be contacted for further information.

**SUPPLEMENTARY INFORMATION:****Regulated Entities**

Entities potentially regulated by this action are those that wish to import used class I controlled ozone-depleting substances. Class I controlled ozone-depleting substances are listed in Appendix A of the Federal Register published May 10, 1995 (60 FR 4970). Regulated categories and entities include:

Category	Examples of regulated entities
Industry .....	Importers of used class I ozone-depleting substances.

This table is not intended to be exhaustive, but rather provides a guide for readers regarding entities likely to be regulated by this action. This table lists the types of entities that EPA is now aware could potentially be regulated by this action. Other types of entities not listed in the table could also be regulated. To determine whether your company is regulated by this action, you should carefully examine the applicability criteria in § 82.13(g)(2) of the rule and/or applicability criteria in § 82.13(g)(2) of title 40 of the Code of
