 The area contains 3,010.48 acres in Churchill County.

The additional lands are needed to change the approach to the Bravo 16 bombing range. The withdrawal would establish a safety buffer for armed overflights.

This withdrawal will be authorized under the Act of February 28, 1958, 43 U.S.C 155-158, and requires legislative action by Congress.

For a period of 90 days from the date of publication of this notice, all persons who wish to submit comments, suggestions, or objections in connection with the addition of the 3,010 acres to the proposed withdrawal may present their views in writing to the Nevada State Director of the Bureau of Land Management.

Notice is hereby given that an open house meeting in connection with the proposed withdrawal of the 3,010 acres identified in this notice and the 7,584 acres identified in the notice in 61 FR 2261, January 25, 1996, will be held on July 17, 1996, at the BLM Carson City District Office, 1535 Hot Springs Road, Carson City, Nevada, from 4:00 p.m. to 6:00 p.m. The purpose of the open house meeting is to provide an opportunity for public involvement regarding the addition of these lands to the application.

For a period of 2 years from the date of publication of this notice in the Federal Register, the additional described lands will be segregated, as specified above unless the application is denied or canceled or the withdrawal is approved prior to that date. The temporary uses which will be permitted during this segregative period are rights-of-way, leases, permits, or discretionary land use authorizations that do not significantly disturb the surface of the land or impair values of the resources.

The temporary segregation of the additional land in connection with the withdrawal application shall not affect administrative jurisdiction over the land, and the segregation shall not have the effect of authorizing any use of the land by the Department of the Navy.

Dated: June 6, 1996.
