NUCLEAR REGULATORY COMMISSION

[Docket Nos. 50-254 and 50-265]

MidAmerican Energy Company; Notice of Indirect Transfer of Control of License

Notice is hereby given that the United States Nuclear Regulatory Commission (Commission) is considering approval under 10 CFR 50.80 of the indirect transfer of control of the licenses held by MidAmerican Energy Company (MidAmerican) with respect to its 25 percent ownership interest in Quad Cities Nuclear Power Station, Units 1 and 2, to MidAmerican Energy Holdings Company (Holdings). By letter dated April 4, 1996, MidAmerican informed the Commission that the current holders of MidAmerican common stock will receive one share of Holdings common stock in exchange for each share of MidAmerican. Holdings will own all common stock of MidAmerican.

Pursuant to 10 CFR 50.80, no license shall be transferred, directly or indirectly, through transfer of control of the license, unless the Commission consents in writing after notice to interested persons, upon the Commission's determination that the holder of the license following the transfer of control is qualified to hold the license and the transfer of the control is otherwise consistent with applicable provisions of law, regulations and orders of the Commission. MidAmerican has requested consent under 10 CFR 50.80 for the indirect transfer of the licenses effected by the restructuring resulting in the newly formed holding company.

For further details with respect to this action, see the April 4, 1996, letter, which is available for public inspection at the Commission's Public Document Room, the Gelman Building, 2120 L Street, NW., Washington, DC, and at the local public document room located at the Dixon Public Library, 221 Hennepin Avenue, Dixon, Illinois 61021.

Dated at Rockville, Maryland this 7th day of June 1996.

For the Nuclear Regulatory Commission.
Robert A. Capra,
Director, Project Directorate III-2, Division of Reactor Projects—III/IV, Office of Nuclear Reactor Regulation.

Phased Withdrawal From the Small Business Innovation Research (SBIR) Program in FY 1996

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice.

SUMMARY: The NRC has participated in the SBIR program since its inception in 1982. However, due to significant reductions in the NRC's FY 1996 budget, the extramural research and development (R&D) budget falls substantially below the \$100 million threshold for mandatory participation in the SBIR program. This current trend is expected to continue into future fiscal years. The NRC must focus its limited research funds on high priority work needed to support, confirm, or refine judgments used in regulatory decisions affecting public health and safety. Therefore, the NRC requested, in a letter to the U.S. Small Business Administration, Office of Technology dated September 19, 1995, approval for a phased withdrawal from the SBIR program in FY 1996 and beyond. SBA responded on April 16, 1996, that the NRC's phased withdrawal was approved. Should the NRC's extramural R&D budget increase above the \$100 million threshold in the coming years, the NRC would again participate in the SBIR program.

The phased withdrawal is being accomplished as follows: (1) A SBIR Phase I solicitation will not be issued in FY 1996 or future years while the NRC is below the mandatory threshold for participation in this program; (2) in FY 1996 the NRC will fund between one-third and one-half of the Phase II proposals resulting from its FY 1995 SBIR Phase I awards; and (3) the NRC is informing the small business community of this action through this Federal Register Notice and will issue letters to the small businesses on its SBIR mailing list.

FOR FURTHER INFORMATION CONTACT: Marianne Riggs on (301) 415-5822 or Deborah Neff on (301) 415-8160.

SUPPLEMENTARY INFORMATION: The NRC continues to support small business opportunities. For further information regarding the NRC small business program, you may contact the Office of Small Business and Civil Rights on (301) 415-7380.

Dated at Rockville, MD this 10th day of June 1996.

For the Nuclear Regulatory Commission.
Mary H. Mace,
Contracting Officer.

BILLING CODE 7590-01-P

SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Upon Written Request, Copies Available
From: Securities and Exchange
Commission, Office of Filings and
Information Services, Washington, DC
20549

Extension: Rule 17f-4

SEC File No. 270-232

OMB Control No. 3235-0225

Notice is hereby given that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget a request for approval of extension on the following rule:

Rule 17f-4 [17 CFR 270.17f-4] under the Investment Company Act of 1940 [15 U.S.C. 80a-1 *et seq.*] (the "Act") specifies conditions under which a registered management investment company or its custodian may place the company's securities in a securities depository. The rule requires a custodian to provide confirmations and keep records of transactions, and requires the custodian, its agents, and depositories to provide reports on internal accounting controls. Confirmations and records give the company objective evidence of transactions performed on its behalf. Reports on internal controls provide information necessary to evaluate the safety of depository arrangements.

Approximately 100 custodians are subject to the requirement to provide confirmations and keep records, and those custodians and approximately 150 other agents and six depositories are subject to the requirement to provide internal control reports. The 256 respondents make approximately 25,256 responses and spend approximately 25,256 hours annually in complying with the reporting and recordkeeping requirements of the rule.

The estimates of burden hours are made solely for the purposes of the Paperwork Reduction Act, and are not derived from a comprehensive or even a representative survey or study.

General comments regarding the estimated burden hours should be directed to the Desk Officer for the Securities and Exchange Commission at the address below. Any comments concerning the accuracy of the estimated average burden hours for compliance with Commission rules and forms should be directed to Michael E. Bartell, Associate Executive Director, Office of Information Technology,

Securities and Exchange Commission, 450 Fifth Street NW., Washington, DC 20549 and the Desk Officer for the Securities and Exchange Commission, Office of Information and Regulatory Affairs, Office of Management and Budget, Room 3208, New Executive Office Building, Washington, DC 20503.

Dated: June 4, 1996.

Margaret H. McFarland,

Deputy Secretary.

BILLING CODE 8010-01-M

[File No. 1-10512]

Issuer Delisting; Notice of Application To Withdraw From Listing and Registration; (Del Global Technologies Corp., Common Stock, \$.10 Par Value)

June 10, 1996.

Del Global Technologies Corp. ("Company") has filed an application with the Securities and Exchange Commission ("Commission"), pursuant to Section 12(d) of the Securities Exchange Act of 1934 ("Act") and Rule 12d2-2(d) promulgated thereunder, to withdraw the above specified security ("Security") from listing and registration on the American Stock Exchange, Inc. ("Amex").

The reasons alleged in the application for withdrawing the Security from listing and registration include the following:

According to the Company, its Board of Directors unanimously approved resolutions on March 26, 1996 to withdraw the Security from listing on the Amex and instead, to list the Securities on the National Association of Securities Dealers Automated Quotations National Market System ("Nasdaq/NMS").

The decision of the Board followed a thorough study of the matter and was based upon the belief that listing the Security on the Nasdaq/NMS will be more beneficial to the Company's stockholders than the present listing on the Amex because:

1. The Nasdaq system of multiple, competing market makers will provide the Company with increased visibility within the financial community, thereby encouraging greater investor awareness of the Company's activities.

2. The Nasdaq system will enable the Company to attract its own group of market makers and expand the capital base available for purchases of its Security;

3. The Nasdaq system will, in the Company's directors' opinions, stimulate increased demand for the

Security and result in greater liquidity for the Company's shareholders; and

4. The firm making a market in the Security on Nasdaq will be more likely to institute and issue research reports on the Company, which will increase the availability of information about the Company and enhance the Company's visibility to investors.

Any interested person may, on or before July 1, 1996 submit by letter to the Secretary of the Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549, facts bearing upon whether the application has been made in accordance with the rules of the exchanges and what terms, if any, should be imposed by the Commission for the protection of investors. The Commission, based on the information submitted to it, will issue an order granting the application after the date mentioned above, unless the Commission determines to order a hearing on the matter.

For the Commission, by the Division of Market Regulation, pursuant to delegated authority.

Jonathan G. Katz,

Secretary.
