Environmental Laboratory Advisory Board; Meeting Date and Agenda

AGENCY: Environmental Protection Agency.

ACTION: Notice of open meeting.

SUMMARY: The Environmental Laboratory Advisory Board (ELAB) will convene an open meeting on Sunday, July 21, 1996, from noon to 5:00 p.m. The meeting immediately precedes the National Environmental Laboratory Accreditation Conference (NELAC), and will be held in the same location: the Washington Hilton and Towers, 1919 Connecticut Avenue NW., Washington, DC 20009; Telephone 202/797-5820.

One item on the agenda will be a report from the subcommittee charged with reviewing the issues surrounding Good Laboratory Practices (GLP), a program operated under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) and the Toxic Substances Control Act (TSCA). The committee is identifying the unique characteristics of the GLP program and evaluating the relationship with NELAC.

A second agenda item is a deliberation on the status of the NELAC General Members Committee. A report on the authorized functions and the legal limitations of the General Members Committee and the role of ELAB will precede the discussion.

A third potential agenda item is the scope of accreditation, with specific attention given to non-commercial environmental laboratories. The regulated industries have expressed concern regarding requirements to inspect "in-house" laboratories which generate data to demonstrate compliance with EPA regulations.

The fourth agenda item, which shall constitute the majority of the discussion, will be on proficiency testing (PT) samples, otherwise known as performance evaluation (PE) samples. Changes in EPA's current system of manufacturing and distributing PT samples are under consideration. Included in the options are operation by the private sector, another government body, the states, and/or non-profit organizations. The discussion will be directed towards national consistency and quality of the samples, overall costs, impact on the state accrediting authorities, and the time needed to implement any change. Advice and comments will be solicited from ELAB regarding the potential consequences to the proposed NELAC structure and operation.

The public is welcome to attend. Time will be allotted for public comment. Written comments are encouraged and should be directed to Ms. Jeanne Mourrain, Designated Federal Official; USEPA, NERL (MD-75); Research Triangle Park, NC 27711. If questions arise, please contact Ms. Mourrain at 919/541-1120, fax 919/541-4101, or E-mail "MOURRAIN.JEANNE@EPAMAIL.EPA.GOV".

SUPPLEMENTARY INFORMATION:

OMB Approval Number: 3060-0705.

Title: Procedures for Filing Petitions for Declaratory Rulings or Waivers of Section 25.104—Preemption of Local Zoning Regulation of Satellite Earth Stations, Report and Order and Further Notice of Proposed Rulemaking.

Form No.: N/A.

Type of Review: Revision of existing collection.

Respondents: Individuals or households; Not-for-profit institutions; Business or other for-profit; Small businesses and organizations; farms; State, local or Tribal Government.

Number of Respondents: 60.

Estimated time per response: 3 hours to prepare petitions for Declaratory Rulings and 5 hours per respondent to prepare Petitions for Waiver.

Total Annual Burden: 172 hours.

Total Annualized Cost per respondent: \$450 per respondent filing for Declaratory Rulings and \$750 per respondent for filing a Petition for Waiver. These are the estimated costs if respondents hire an attorney to compile the information.

Needs and Uses: On April 17, 1996, the Commission issued a Public Notice, Report No. SPB-41, setting forth procedures to be followed when submitting petitions for declaratory ruling or waiver, under Section 25.104 of the Commission's rules, 47 CFR 25.104, of governmental restrictions on

the installation of satellite earth stations. Emergency OMB approval for this information collection was granted by OMB through June 30, 1996 (OMB Approval Number 3060-0705). The Commission is seeking comments to maintain the collection and on proposed changes. This information collection permits persons to petition the Commission to declare nonfederal, governmental zoning regulations to be preempted pursuant to Section 25.104 of the Commission's rules, 47 CFR 25.104. It further allows nonfederal, governmental entities to petition for a waiver of any or all of Section 25.104 in order to permit them to enforce noncompliant zoning regulations. See Report and Order in Preemption of Local Zoning Regulation of Satellite Earth Stations, 61 FR 10896 (March 17, 1996). In addition, the Commission has proposed to extend the preemption rule to non-governmental restrictions, such as, covenants and home owner association rules, satellite earth stations less than one meter in diameter. See Further Notice of Proposed Rulemaking in Preemption of Local Zoning Regulation of Satellite Earth Stations, 61 FR 10710 (March 15, 1996). The Commission is requesting OMB approval of this voluntary collection to allow enforcement of Section 25.104 of the rules.

The information collected will be used by the Commission to determine, in the cases of Petitions for Declaratory Ruling, whether a nonfederal, governmental and zoning regulation is preempted under Section 25.104 of the Commission's rules, 47 CFR 25.104; or, in cases of Petitions for Waiver, whether preemption under Section 25.104 may be waived for a given regulation. The collection is being revised to include collections that may be submitted to the Commission for a determination of whether a nongovernmental regulation, i.e., a deed covenant, is preempted under Section 25.104. The information will be submitted voluntarily by all respondents.

Federal Communications Commission.

Acting Secretary.
