

changes to standards and guidelines may also need to be made to assure consistency between the two National Forests.

Developed Recreation Facilities—The revised Forest Plan will not include decisions on closing existing developed recreational facilities (campgrounds, picnic sites, boat launching ramps, trailheads, swimming beaches) nor will it propose that new facilities be built. Existing sites will continue to be operated as specified in the current Forest Plans.

Exceptions to this will be made on a case-by-case basis.

Research Natural Areas—The revised Forest Plan will not revisit the designation of existing Research Natural Areas.

F. Alternatives in the Draft Environmental Impact Statement

The Forest Service will develop several revision alternatives in the DEIS. These alternatives will consider different ways to address the need to change the current Plan based on the major revision issues discussed above.

The alternatives will include "no action" which is a continuation of current direction contained in the 1986 Chequamegon and Nicolet Forest Plans.
