

hearing published Monday, 17 June 1996 (61 FR 30778). The notice of public hearing contained the purpose, time, place, and date of the public hearing. The purpose of the public hearing is to allow the public to submit written and/or oral comment on the Corps proposal to reissue the existing nationwide permits (NWP) and conditions, with some modifications, and issue four new NWPs published Monday, 17 June 1996 (61 FR 30780). The time and place of the public hearing will remain the same. The dates and the speaker time limit stated are corrected.

DATES: The hearing will commence at 10:00 AM on 5 August 1996, and end at 4:00 PM or before, if all speakers present have had an opportunity to speak.

ADDRESS: The hearing will be held at the National Guard Association Building, One Massachusetts Avenue, N.W., Washington, D.C. Written comments may be submitted to HQUSACE, ATTN: CECW-OR, Washington, D.C., 20314-1000.

FOR FURTHER INFORMATION CONTACT: Mr. Tim Zimmerman or Mr. Sam Collinson, Regulatory Branch, Office of the Chief of Engineers at (202) 761-0199.

SUPPLEMENTARY INFORMATION: As was stated in the original Notice, the hearing is open to the public. Comments may be submitted in person at the hearing or in writing to the Office of the Chief of Engineers at the address given in **ADDRESS**. Filing of a written statement at the time of giving an oral statement would be helpful and facilitate the job of the court reporter. The hearing will be transcribed. The hearing will be held in accordance with the Corps public hearing regulations in 33 CFR Part 327. The legal authority for this hearing is Section 404 of the Clean Water Act (33 U.S.C. 1344) and Section 10 of the Rivers and Harbors Act of 1899 (33 U.S.C. 403).

Need for Correction

As published, the Notice contains two incorrect dates. The date for the public hearing found in the second column, twenty-first line, was stated as "17 July 1996", and should read "5 August 1996". The date for the hearing record found in the second column, nineteenth line, was stated as "1 August 1996" and should read "16 August 1996". Due to an anticipated higher volume of speakers than originally projected, the time limit is to be reduced from that stated in the second column, eleventh line, as "15 minutes" to "10 minutes".

Dated: June 27, 1996.

Approved:
Stanley G. Genega,
Major General, USA, Director of Civil Works.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP96-588-000]

Centana Intrastate Pipeline Co.; Notice of Petition for Declaratory Order

June 26, 1996.

Take notice that on June 20, 1996, Centana Intrastate Pipeline Company (CIPCO), 5718 Westheimer Court, Houston, Texas 77057, filed in Docket No. CP96-588-000 a petition for an order declaring that the acquisition by CIPCO of the Silsbee, Big Hill and Line 14 facilities from Texas Eastern Transmission Corporation (Texas Eastern) and the ownership and operation of those facilities by CIPCO

are not subject to the jurisdiction of the Commission under the Natural Gas Act and will not change CIPCO's status as an intrastate pipeline, all as more fully set forth in the petition which is on file with the Commission and open to public inspection.

CIPCO states that the Silsbee facilities consist of Lines 2-F and 2-J comprising 55.92 miles of various sized pipeline ranging from 3.5 inches to 10 inches in diameter and associated meter stations. CIPCO also states that the Big Hill facilities consist of Line 8-A comprising 13.61 miles various sized pipeline ranging from 6.625 to 8.625 inches in diameter and associated meter stations. CIPCO further states that Line 14 consists of 5.8 miles of 30-inch pipeline which parallels a portion of Texas Eastern's 30-inch mainline between Beaumont and Vidor, Texas.

CIPCO maintains that the facilities to be acquired from Texas Eastern will be owned and operated by CIPCO and will become an integral part of CIPCO's intrastate pipeline system. CIPCO states that the Silsbee and Big Hill facilities will provide access by CIPCO to additional wellhead supplies of natural gas to meet the requirements of CIPCO's customers. CIPCO maintains that the majority of natural gas supplied by other intrastate pipelines to CIPCO's customers last winter, and transported by CIPCO, was shut-off by those pipelines from time to time to meet other requirements; therefore, acquisition of these facilities will help CIPCO meet the requirements of its customers and increase service reliability to its intrastate customers. CIPCO states that acquisition of Line 14 will provide access to additional intrastate markets and will alleviate operational constraints on CIPCO's intrastate system.

Any person desiring to be heard or to make any protest with reference to said petition should on or before July 17, 1996, file with the Federal Energy Regulatory Commission, Washington, D.C., 20426, a motion to intervene or a protest in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211). All protests filed with the Commission will be considered by it in determining the appropriate action to be taken but will not serve to make the protestants parties to the proceeding.

Lois D. Cashell,

Secretary.
