**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** EPA proposes to approve the State Implementation Plan (SIP) revision submitted by the State of Maryland which amends Code of Maryland Administrative Regulations (COMAR) 26.11.01.01, 26.11.02.10 (C)(9), and 26.11.06.14. The intended effect of this action is to approve an amendment to Maryland's Prevention of Significant Deterioration (PSD) program. This revision makes these regulations consistent with the currently effective version of 40 CFR 52.21, including establishing the maximum increases in ambient particles with an aerodynamic diameter of less than or equal to a nominal 10 micrometers (PM-10) concentration allowed in an area above the baseline concentrations. In the Final Rules section of this Federal Register, EPA is approving the State's SIP revision as a direct final rule without prior proposal because the Agency views this as a noncontroversial SIP revision and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. #### Approval and Promulgation of Implementation Plans; North Carolina: Approval of Revisions to the North Carolina State Implementation Plan

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** On August 15, 1994, the State of North Carolina, through the North Carolina Department of Environment, Health and Natural Resources, submitted revisions to the North Carolina State Implementation Plan (SIP). These revisions are the adoption of new air quality rules, amendments to existing air quality rules and repeals of existing air quality rules that were the subject of public hearings held on March 21 and 30, 1994. In the final rules section of this Federal Register, the EPA is approving the State's SIP revision as a direct final rule without prior proposal because the EPA views this as a

noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to that direct final rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Proposed rule.

**SUMMARY:** On March 7, 1995, the Forsyth County Environmental Affairs Department, through the North Carolina Department of Environment, Health and Natural Resources, submitted recodifications to the Forsyth County Air Quality Control Ordinance and Technical Code. These recodifications were the subject of a public hearing held on September 20, 1994. In the final rules section of this Federal Register, the EPA is approving the State's SIP revision as a direct final rule without prior proposal because the EPA views this as a noncontroversial revision amendment and anticipates no adverse comments. A detailed rationale for the approval is set forth in the direct final rule. If no adverse comments are received in response to this proposed rule, no further activity is contemplated in relation to this proposed rule. If EPA receives adverse comments, the direct final rule will be withdrawn and all public comments received will be addressed in a subsequent final rule based on this proposed rule. The EPA will not institute a second comment period on this document. Any parties interested in commenting on this document should do so at this time.

**DATES:** To be considered, comments must be received by March 4, 1996.
