

there are that wish to address the RAC. At the completion of the public comments the RAC may continue discussion on its Agenda items.

**DATES:** The RAC will meet on Thursday, August 1, 1996 from 8:30 a.m. to 5:00 p.m. and on Friday, August 2, 1996, from 7:30 a.m. to 5:00 p.m. The public may address the RAC during the public comment period on August 1, 1996 starting at 3:00 p.m.

**FOR FURTHER INFORMATION CONTACT:** Bob Armstrong, New Mexico State Office, Policy and Planning Team, Bureau of Land Management, 1474 Rodeo Road, P.O. Box 27115, Santa Fe, New Mexico 87502-0115, telephone (505) 438-7436.

**SUPPLEMENTARY INFORMATION:** The purpose of the Resource Advisory Council is to advise the Secretary of the Interior, through the BLM, on a variety of planning and management issues associated with the management of public lands. The Council's responsibilities include providing advice on long-range planning, establishing resource management priorities and assisting the BLM to identify State and regional standards for rangeland health and guidelines for grazing management.

**Public Land Order No. 7205; Partial Revocation of Secretarial Order dated July 9, 1927; California**

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Public Land Order.

**SUMMARY:** This order partially revokes a Secretarial order insofar as it affects 162.07 acres of National Forest System lands withdrawn for Power Site Classification No. 183. The lands are no longer needed for this purpose, and the revocation is necessary to facilitate the completion of a land exchange under the General Exchange Act of 1922. This action will open the lands to such forms of disposition as may by law be made of National Forest System lands. The lands are temporarily closed to mining by a Forest Service exchange proposal. The lands have been and remain open to mineral leasing, and to mining under the provisions of the Mining Claims Rights Restoration Act of 1955. The Federal Energy Regulatory Commission has concurred with this action.

**EFFECTIVE DATE:** August 12, 1996.

**FOR FURTHER INFORMATION CONTACT:** Kathy Gary, BLM California State Office, 2800 Cottage Way, Sacramento, California 95825, 916-979-2858.

By virtue of the authority vested in the Secretary of the Interior by Section 204 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714 (1988), it is ordered as follows:

1. The Secretarial Order dated July 9, 1927, which withdrew National Forest System lands for Power Site Classification No. 183, is hereby revoked insofar as it affects the following described lands:

Mount Diablo Meridian

T. 18 N., R. 10 E.,

Sec. 16, lot 9;

Sec. 18, lot 4, SE $\frac{1}{4}$ SW $\frac{1}{4}$ , and S $\frac{1}{2}$ SE $\frac{1}{4}$ .

The areas described aggregate 162.07 acres in Nevada County.

2. At 9 a.m. on August 12, 1996, the lands will be opened to such forms of disposition as may by law be made of National Forest System lands, subject to valid existing rights, the provisions of existing withdrawals, other segregations of record, and the requirements of applicable law.

The lands have been open to mining under the provisions of the Mining Claim Rights Restoration Act of 1955, 30 U.S.C. 621 (1988), and these provisions are no longer required.

Dated: April 24, 1996

**Public Land Order No. 7204; Partial Revocation of Secretarial Order Dated February 20, 1934; Washington**

**AGENCY:** Bureau of Land Management, Interior.

**ACTION:** Public Land Order.

**SUMMARY:** This order revokes a Secretarial order insofar as it affects 9.60 acres of public land withdrawn for the Bureau of Land Management's Powersite Classification No. 282. The land is no longer needed for this purpose, and the revocation is needed to permit disposal of the land through land exchange. This action will open the land to surface entry subject to temporary segregations of record. The land has been and will remain open to mining and mineral leasing.

**EFFECTIVE DATE:** October 10, 1996.

**FOR FURTHER INFORMATION CONTACT:**

Betty McCarthy, BLM Oregon/Washington State Office, P.O. Box 2965, Portland, Oregon 97208-2965, 503-952-6155.

By virtue of the authority vested in the Secretary of the Interior by Section 204 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1714 (1988), it is ordered as follows:

1. The Secretarial Order dated February 20, 1934, which established Powersite Classification No. 282, is hereby revoked insofar as it affects the following described land:

Willamette Meridian

T. 7 N., R. 44 E.,

Sec. 34, lot 10.

The area described contains 9.60 acres in Asotin County.

2. The State of Washington has a preference right for public highway right-of-way or material sites for a period of 90 days from the date of publication of this order and any location, entry, selection, or subsequent patent shall be subject to any rights granted the State as provided by the Act of June 10, 1920, Section 24, as amended, 16 U.S.C. 818 (1988).

3. At 8:30 a.m. on October 10, 1996, the land described above will be opened to the operation of the public land laws generally, subject to valid existing rights, the provisions of existing withdrawals, other segregations of record, and the requirements of applicable law. All valid applications received at or prior to 8:30 a.m., on October 10, 1996, shall be considered as simultaneously filed at that time. Those received thereafter shall be considered in the order of filing.

Dated: June 24, 1996.

**Idaho: Filing of Plats of Survey; Idaho**

The plat, in 3 sheets, of the following described land was officially filed in the Idaho State Office, Bureau of Land Management, Boise, Idaho, effective 9 a.m. July 1, 1996.

The plat, in 3 sheets, representing the dependent resurvey of portions of the east boundary and subdivisional lines, the subdivision of certain sections (portions of the subdivisional lines and subdivision of sections 35 and 36 include the boundaries of Fort Hall Townsite), and a metes-and-bounds survey in the Fort Hall Townsite in

section 36, T. 4 S., R. 34 E., Boise Meridian, Idaho, Group No. 848, was accepted, July 1, 1996.

This survey was executed to meet certain administrative needs of the Bureau of Indian Affairs, Fort Hall Agency.

All inquiries concerning the survey of the above described land must be sent to the Chief, Cadastral Survey, Idaho State Office, Bureau of Land Management, 3380 Americana Terrace, Boise, Idaho 83706-2500.

Dated: July 1, 1996.

Duane E. Olsen,

*Chief Cadastral Surveyor for Idaho.*

### Minerals Management Service

#### Agency Information Collection Activities: Proposed Collection; Comment Request

**AGENCY:** Minerals Management Service (MMS), Interior.

**ACTION:** Notice of reinstatement of a previously approved collection.

**SUMMARY:** As part of its continuing effort to reduce paperwork and respondent burden, MMS invites the public and other Federal agencies to comment on a request to reinstate a previously approved collection of information

contained in regulations governing Pollution Prevention and Control in the Outer Continental Shelf (OCS). The MMS will request approval from the Office of Management and Budget (OMB) to reinstate this collection of information. The Paperwork Reduction Act of 1995 (PRA) provides that an agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

**DATES:** Submit written comments by September 9, 1996.

**ADDRESSES:** Direct all written comments to the Department of the Interior, Minerals Management Service, Mail Stop 4700, 381 Elden Street, Herndon, VA 20170-4817; Attention: Chief, Engineering and Standards Branch.

**FOR FURTHER INFORMATION CONTACT:** Alexis London, Engineering and Standards Branch, Minerals Management Service, telephone (703) 787-1600.

#### SUPPLEMENTARY INFORMATION:

**Title:** 30 CFR Part 250, Subpart C, Pollution Prevention and Control.

**Abstract:** 1. The Outer Continental Shelf Lands Act (OCSLA), at 43 U.S.C. 1331 *et seq.*, requires the Secretary of the Interior (Secretary) to preserve, protect, and develop oil and gas resources in the OCS; make such resources available to meet the Nation's energy needs as rapidly as possible; balance orderly energy resource development with protection of the human, marine, and coastal environment; ensure the public a fair and equitable return on the resources offshore; and preserve and maintain free enterprise competition. The OCSLA Amendments of 1978 also require the Secretary to minimize or eliminate conflicts of oil and natural gas exploration, development, and production, with the recovery of other resources such as fish and shellfish. To carry out these responsibilities, MMS has issued regulations as described in 30 CFR Part 250, Subpart C, Pollution Prevention and Control.

2. The MMS OCS Regions use the information collected to ensure OCS operations are conducted to minimize the threat of serious, irreparable, or immediate damage to the marine environment; to identify potential hazards to commercial fishing; to ensure that the location of items lost overboard are recorded to aid in recovery during site clearance activities on the lease; to ensure that operations are being conducted safely and workman-like and do not threaten the environment; to ensure that crew members are fully

trained and able to quickly respond to an oil spill; to ensure that pollution response equipment is maintained in good operating condition; to ensure timely reporting of oil spills; to ensure air emissions will not significantly affect onshore air quality; and to assess the ability of a lessee to prevent or contain any spills.

3. The MMS recently conducted a pilot project with respect to the collection of information required in 30 CFR 250.41(c) on reporting of oil spills. Our objective was to assess the impact of eliminating the requirement for lessees and operators to report to MMS oil spills of less than one barrel. The Federal Water Pollution and Control Act requires lessees and operators to immediately notify the National Response Center of spills of oil into any body of water, including navigable waters offshore out to approximately 200 miles. The survey results showed that MMS can obtain information on oil spills of one barrel or less from the National Response Center within necessary timeframes. To expedite this reporting burden reduction and eliminate a duplicate requirement, MMS issued a "Notice to Lessees (NTL) and Operators of Federal Oil and Gas Leases in the Outer Continental Shelf," effective May 31, 1996. The regulations will be amended to reflect this change. This reduces the number of oil spills lessees must report to MMS by over 95 percent, and the savings have been accounted for in the estimate of burden hours for this collection of information.

4. The information required by 30 CFR 250.45(b)(2) and 250.46(a)(6) is covered in 30 CFR 250.33 and 250.34, Subpart B (OMB Control Number 1010-0049). Consequently, we have not included any hours for this section.

5. Lessees' proprietary information will be protected according to the Freedom of Information Act and 30 CFR 250.18. The collection does not include items of a sensitive nature. The requirement to respond is mandatory. The reporting and recordkeeping requirements vary for each section. The estimates below are based on an average obtained from consultations with lessees in the Gulf of Mexico and Pacific Regions.

**Description of Respondents:** Federal OCS oil and gas lessees.

**Frequency:** On occasion; varies by section.

**Estimated Number of Respondents:** 130.

**Estimate of Burden:** Reporting average of 42.9 hours per response; recordkeeping average of 162.9 hours per recordkeeper.
