

managing DOE waste; alternatives regarding the treatment, storage, and/or disposal of low-level, low-level mixed, hazardous, transuranic, and high-level waste are analyzed. While waste may be generated under the alternatives discussed in the Rocky Flats Plutonium Storage EIS, DOE expects that the amount would be small. Therefore, the Rocky Flats Plutonium Storage EIS will not materially impact the scope of the WM PEIS. Records of Decision based on the WM PEIS are scheduled for early 1997. Decisions to be made as a result of the Rocky Flats Plutonium Storage EIS will be coordinated with the decisions resulting from the WM PEIS.

7. *Defense Nuclear Facilities Safety Board Recommendation 94-3, Rocky Flats Environmental Technology Site, Implementation Plan: Task 3, Study Site Storage Alternatives. Material Form and Packaging Alternatives* (Deliverable 3-2a, November 22, 1995). As part of DOE's Implementation Plan for Board Recommendation 94-3, this study analyzes whether changes in material form and packaging could be used, in conjunction with building and location alternatives, to control the risk of interim storage of excess plutonium and highly enriched uranium at RFETS.

8. *Defense Nuclear Facilities Safety Board Recommendation 94-3, Rocky Flats Environmental Technology Site, Implementation Plan: Task 3, Study Site Storage Alternatives, Interim Plutonium Storage Vault Alternatives Evaluation* (Deliverable 3-2b, November 21, 1995). As part of DOE's Implementation Plan for Board Recommendation 94-3, this study identifies feasible facility alternatives for the interim storage of the RFETS plutonium and highly enriched uranium inventories.

BILLING CODE 6450-01-P

Fonet, Inc.; Notice of Intent To Grant Exclusive Patent License

AGENCY: Department of Energy, Office of the General Counsel.

SUMMARY: Notice is hereby given of an intent to grant to Fonet, Inc. of Clearwater, Florida, an exclusive license to practice the invention described in U.S. Patent No. 5,205,624, entitled "Material Isolation Enclosure." The invention is owned by the United States of America, as represented by the Department of Energy (DOE).

DATES: Written comments or nonexclusive license applications are to be received at the address listed below no later than September 16, 1996.

ADDRESSES: Office of Assistant General Counsel for Technology Transfer and Intellectual Property, U.S. Department of Energy, 1000 Independence Avenue, SW., Washington, DC 20585.

FOR FURTHER INFORMATION CONTACT: Robert J. Marchick, Office of the Assistant General Counsel for Technology Transfer and Intellectual Property, U.S. Department of Energy, Forrestal Building, Room 6F-067, 1000 Independence Avenue, SW., Washington, DC 20585; Telephone (202) 586-4792.

SUPPLEMENTARY INFORMATION: 35 U.S.C. 209(c) provides the Department with authority to grant exclusive licenses in Department-owned inventions, where a determination can be made, among other things, that the desired practical application of the invention has not been achieved, or is not likely expeditiously to be achieved, under a nonexclusive license. The statute and implementing regulations (37 CFR part 404) require that the necessary determinations be made after public notice and opportunity for filing written objections.

Fonet, Inc., of Clearwater, Florida, has applied for an exclusive license to practice the invention embodied in U.S. Patent No. 5,205,624, and has a plan for commercialization of the invention. The patent is entitled "Material Isolation Enclosure," useful for isolating hazardous materials, including toxic substances and certain biological materials. The patent relates to an enclosure similar to a glovebox for isolating materials from the atmosphere, yet allowing a technician to manipulate the materials located inside the enclosure.

The exclusive license will be subject to a license and other rights retained by the U.S. Government, and other terms and conditions to be negotiated. DOE intends to grant the license, upon a final determination in accordance with 35 U.S.C. § 209(c), unless, within 60 days of this notice, the Assistant General Counsel for Technology Transfer and Intellectual Property, Department of Energy, Washington, DC 20585, receives in writing any of the following, together with supporting documents.

- (i) A statement from any person setting forth reasons why it would not be in the best interests of the United States to grant the proposed license; or
- (ii) An application for a nonexclusive license to the invention, in which applicant states that he has already

brought the invention to practical application or is likely to bring the invention to practical application expeditiously.

The Department will review all timely written responses to this notice, and will grant the license if, after consideration of written responses to this notice, a determination is made that the license grant is in the public interest.

Issued in Washington, DC, on July 10, 1996.

Agnes P. Dover,

Deputy General Counsel for Technology Transfer and Procurement.
