## Health Resources and Services Administration

### Notification of Expiring Project Periods for Community and Migrant Health Centers

**AGENCY:** Health Resources and Services Administration, HHS.

**ACTION:** Notice.

**SUMMARY:** The Health Resources and Services Administration (HRSA) announces that a total of 216 Community Health Center and Migrant Health Center (C/MHC) grantees will reach the end of their project periods during fiscal year (FY) 1997. Assuming the availability of sufficient appropriated funds in FY 1997, it is the intent of HRSA to continue to support health services in these areas, given the unmet need inherent in their designation as medically underserved. HRSA will open competition for awards under sections 329 and 330 of the Public Health Service (PHS) Act (42 U.S.C. 254c and 254b, respectively) to support health services in the areas currently served by these grants.

This notice provides interested parties the opportunity to gather information and decide whether to pursue Federal funding as a community or migrant health center. During this process, communication with Regional Office staff is essential (see Appendix I). A subsequent notice will be published in the Federal Register to announce the availability of funds for FY 1997 and provide detailed information on the grant application process and review criteria. The Regional Office staff noted above will serve as the primary contact points once the grant application process begins.

**DATES:** Current grant expiration dates vary by area throughout FY 1997. Applications for competing continuation grants are normally due 120 days prior to the expiration of the current grant award.

**SUPPLEMENTARY INFORMATION:** The C/MHC programs are carried out under the authority of sections 329 and 330 of the

Public Health Service Act. The program regulations are codified in Title 42 of the Code of Federal Regulations (CFR), Parts 51c and 56. The C/MHC programs are designed to promote the development and operation of community-based primary health care service systems in medically underserved areas for medically underserved populations.

The list of service areas for which a current section 329/330 grant project period expires in FY 1997 is set forth in Appendix II. The service areas are listed by city and county. Detailed information about each service area, such as census tracts, can be obtained by contacting the appropriate PHS regional office (see Appendix I).

A project period is the total amount of time for which a section 329/330 grant has been programmatically approved. For the purposes of this notice, grant awards will be made for a one year budget period and project periods will be for up to five years.
