**DEPARTMENT OF COMMERCE****Foreign-Trade Zones Board**

[Docket 58-96]

**Foreign-Trade Zone 86, Tacoma, Washington, Proposed Foreign-Trade Subzone; Texaco, Inc. (Oil Refinery Complex), Skagit County, Washington**

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Port of Tacoma (Washington), grantee of FTZ 86, requesting special-purpose subzone status for the oil refinery complex of Texaco Refining and Marketing, Inc. (wholly-owned subsidiary of Texaco, Inc.), located in Skagit County (Anacortes area), Washington. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on July 17, 1996.

The refinery complex (143,000 BPD, 400 employees), including a pipeline corridor and marine terminal, is located on a 640-acre site at 600 South Texas Road, Skagit County, Washington, on the Puget Sound, some 2 miles east of Anacortes (60 miles north of Seattle).

The refinery is used to produce fuels and petrochemical feedstocks. Fuels produced include gasoline, jet fuel, distillates, residual fuels and naphthas. Petrochemicals and refinery by-products include methane, ethane, propane, propylene, ethylene, benzene, toluene, xylene, butane, petroleum coke, asphalt and sulfur. Some 19 percent of the crude oil (97 percent of inputs), and some feedstocks and motor fuel blendstocks are sourced abroad.

Zone procedures would exempt the refinery from Customs duty payments on the foreign products used in its exports. On domestic sales, the company would be able to choose the finished product duty rate (nonprivileged foreign status—NPF) on certain petrochemical feedstocks and refinery by-products (duty-free) instead of the duty rates that would otherwise apply to the foreign-sourced inputs (e.g., crude oil, natural gas condensate). The duty rates on inputs range from 5.25¢/barrel to 10.5¢/barrel. The application indicates that the savings from zone procedures would help improve the refinery's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is September 24, 1996. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to October 9, 1996).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

**Certain Forged Stainless Steel Flanges From India; Antidumping Duty Administrative Review; Extension of Time Limit**

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**ACTION:** Notice of extension of time limit.

**SUMMARY:** The Department of Commerce (the Department) is extending the time

limit for the preliminary results of the new shipper antidumping duty administrative review of the antidumping duty order on certain forged stainless steel flanges from India. The review covers one manufacturer/exporter of the subject merchandise to the United States, Viraj Forgings Ltd., and the period March 1, 1995 through August 31, 1995.

**EFFECTIVE DATE:** July 26, 1996.

**FOR FURTHER INFORMATION CONTACT:**

Thomas Killiam or John Kugelman, Office of Antidumping Compliance, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230, telephone: (202) 482-5253.

**SUPPLEMENTARY INFORMATION:** We initiated this new shipper review on October 30, 1995 (60 FR 55241). On March 21, 1996, we extended the time limits to July 19, 1996, for the preliminary results and December 16, 1996, for the final results (61 FR 11613).

Pursuant to section 751(c)(4)(C) of the Tariff Act of 1930, as amended (the Act) we have determined that this review is extraordinarily complicated because it involves several complex issues concerning costs of materials sourced from an affiliate, levels of trade, and affiliated party questions; it is also a review of a transition order. The Department is, therefore, extending the time limit for completion of the preliminary results until September 23, 1996, in accordance with section 751(a)(2)(B)(iv) of the Act. We will issue our final results of this review by December 23, 1996.

This extension is in accordance with section 751(a)(2)(B)(iv) of the Act (19 U.S.C. 1675(a)(2)(B)(iv)).

Dated: July 19, 1996.

### **International Laboratory Accreditation Conference (ILAC) 1996**

**AGENCY:** National Institute of Standards and Technology, Commerce.

**ACTION:** Notice of meeting.

**SUMMARY:** The International Laboratory Accreditation Conference (ILAC) will meet in Amsterdam, The Netherlands, from September 9-13, 1996. Those wishing to join the U.S. delegation or to

participate in review of the meeting agenda and related issues are invited to attend a pre-conference meeting at the National Institute of Standards and Technology (NIST) on August 23, 1996. ILAC, an informal organization with representatives from approximately 45 nations and 12 international organizations, aims to promote: (1) The development of national programs for accrediting testing laboratories, (2) the employment of harmonized accreditation criteria, and (3) the development of bilateral or multilateral arrangements which would encourage importers to accept the results of tests and data made by laboratories that have been accredited under a laboratory accreditation program in exporting nations.

**DATES:** The pre-conference meeting will be held Friday, August 23, 1996, from 9:00 a.m. to 1:00 p.m.

**ADDRESSES:** The meeting will be held in conference room 152 at the National Institute of Standards and Technology, NIST North, 820 West Diamond Avenue, Gaithersburg, Maryland.

**FOR FURTHER INFORMATION CONTACT:**

Anyone wishing to attend these meetings or seeking additional information should contact Dr. Belinda L. Collins, Director, Office of Standards Services: by mail at the National Institute of Standards and Technology, Building 820, Room 282, Gaithersburg, MD 20899; by telephone at 301-975-4000 or by fax on 301-963-2871.

**SUPPLEMENTARY INFORMATION:** ILAC conferences have been held since 1977 to develop information about laboratory accreditation systems, to provide a forum for discussing differences among such systems, to describe basic principles and criteria for operating such systems, and to develop bilateral or other arrangements which would establish mutual recognition of such systems or of test reports issued by laboratories accredited under such systems. These bilateral arrangements are intended to minimize technical barriers to trade.

The U.S. delegation has to date been chaired by the Director of the NIST Office of Standards Services. Those interested in serving with the U.S. delegation, using their own financial resources for registration fees, hotel accommodations, food, and travel expenses, can do so by registering with the Registration Secretariat, CAOS. Delegates should have a background in standards development, laboratory accreditation, produce testing or product certification activities. Conference registration materials are available from NIST.

Notice is given that the U.S. delegation at its August 23 meeting will review documents distributed in advance of the ILAC meeting to be held in Amsterdam during September 13-19, 1996. All persons planning to attend ILAC meeting, as well as those interested in the meeting but unable to attend, are invited to participate in this pre-conference meeting. At the meeting the agenda will be reviewed, along with committee reports and issues and recommendations to be considered at the plenary meeting. U.S. delegation consensus positions will be developed as appropriate.
