## DEPARTMENT OF TRANSPORTATION

### Coast Guard

### 33 CFR Parts 100 and 165

[CGD 96–036]

### Safety Zones, Security Zones, and Special Local Regulations

AGENCY: Coast Guard, DOT.

ACTION: Notice of temporary rules issued.

**SUMMARY:** This document provides required notice of substantive rules adopted by the Coast Guard and temporarily effective between April 1, 1996 and June 30, 1996, which were not published in the Federal Register. This quarterly notice lists temporary local regulations, security zones, and safety zones, which were of limited duration

and for which timely publication in the Federal Register was not possible.

**DATES:** This document lists temporary Coast Guard regulations that became effective and were terminated between April 1, 1996 and June 30, 1996, as well as several regulations which were not included in the previous quarterly list.

**ADDRESSES:** The complete text of these temporary regulations may be examined at, and is available on request, from Executive Secretary, Marine Safety Council (G–LRA), U.S. Coast Guard Headquarters, 2100 Second Street, SW., Washington, DC 20593–0001.

#### FOR FURTHER INFORMATION CONTACT:

Commander Stephen J. Darmody, Executive Secretary, Marine Safety Council at (202) 267–1477 between the hours of 8 a.m. and 3 p.m., Monday through Friday.

**SUPPLEMENTARY INFORMATION:** District Commanders and Captains of the Port (COTP) must be immediately responsive to the safety needs of the waters within their jurisdiction; therefore, District Commanders and COTPs have been delegated the authority to issue certain local regulations. Safety zones may be established for safety or environmental purposes. A safety zone may be stationary and described by fixed limits or it may be described as a zone around a vessel in motion. Security zones limit access to vessels, ports, or waterfront facilities to prevent injury or damage. Special local regulations are issued to enhance the safety of participants and spectators at regattas and other marine events. Timely publication of these regulations in the Federal Register is often precluded when a regulation responds to an emergency, or when an

event occurs without sufficient advance notice. However, the affected public is informed of these regulations through Local Notices to Mariners, press releases, and other means. Moreover, actual notification is provided by Coast Guard patrol vessels enforcing the restrictions imposed by the regulation. Because mariners are notified by Coast Guard officials on-scene prior to enforcement action, Federal Register notice is not required to place the special local regulation, security zone, or safety zone in effect. However, the Coast Guard, by law, must publish in the Federal Register notice of substantive rules adopted. To discharge this legal obligation without imposing undue expense on the public, the Coast Guard periodically publishes a list of these temporary special local regulations, security zones, and safety zones. Permanent regulations are not included in this list because they are published in their entirety in the Federal Register. Temporary regulations may also be published in their entirety if sufficient time is available to do so before they are placed in effect or terminated. These safety zones, special local regulations and security zones have been exempted from review under E.O. 12866 because of their emergency nature, or limited scope and temporary effectiveness.

The following regulations were placed in effect temporarily during the period April 1, 1996 and June 30, 1996, unless otherwise indicated.

Dated: July 23, 1996.

Stephen J. Darmody,

*Commander, U.S. Coast Guard, Executive Secretary, Marine Safety Council.*

**Approval and Promulgation of Implementation Plans Tennessee: Approval of Revisions to the Tennessee SIP and the Nashville/Davidson County Portion of the Tennessee SIP Regarding Nitrogen Oxides****AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Direct final rule.**SUMMARY:** In this document, EPA is acting on revisions to the Tennessee State Implementation Plan (SIP) submitted to EPA by Tennessee, through the Tennessee Department of Air

Pollution Control (TDAPC) which add a new chapter to the Nashville/Davidson County and the State portion of the Tennessee SIP for the control of nitrogen oxide (NO<sub>x</sub>) emissions. Only the portions of the Tennessee NO<sub>x</sub> rule necessary for the approval of Tennessee's ozone redesignation request are being approved in this notice. EPA is granting an exemption to the area under 182(f) of the Clean Air Act (CAA) from NO<sub>x</sub> Reasonably Available Control Technology (RACT) requirements in a separate action. The only sources which will be subject to this rule are tangentially-fired coal burning boilers which have a heat input capacity in excess of 600 million BTU per hour in the five county Nashville ozone nonattainment area.

**DATES:** This final rule is effective September 27, 1996 unless adverse or critical comments are received by August 28, 1996. If the effective date is delayed, timely notice will be published in the Federal Register.
