

Final Results of Review section of this notice.

EFFECTIVE DATE: July 29, 1996.

FOR FURTHER INFORMATION CONTACT: Dana Mermelstein or Melanie Brown, Office of CVD/AD Enforcement, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, N.W., Washington, D.C. 20230; telephone: (202) 482-2786.

SUPPLEMENTARY INFORMATION:

Background

Pursuant to section 355.22(a) of the Department's *Interim Regulations*, this review covers only those producers or exporters of the subject merchandise for which a review was specifically requested. See Antidumping and Countervailing Duties: Interim regulations; request for comments, 60 FR 25130, 25139 (May 11, 1995). Accordingly, this review covers Chrome Resources (Pty) Ltd., Consolidated Metallurgical Industries Limited, Feralloys Limited, and Samancor, Limited. This review also covers seven programs.

Because this countervailing duty order was revoked effective January 1, 1995, pursuant to section 753 of the Act, (60 FR 40568 (August 9, 1995)), the Department conducted this administrative review to determine the appropriate assessment rate for entries made during the last review period prior to revocation (January 1, 1994 through December 31, 1994). We published the preliminary results of this review on May 1, 1996 (61 FR 19259). We invited interested parties to comment on the preliminary results. We received no comments from any of the parties.

Scope of the Review

Imports covered by this review are ferrochrome from South Africa, which is currently classifiable under items 7202.41.00, 7202.49.10, and 7202.49.50 of the Harmonized Tariff Schedule (HTS). The HTS item numbers are provided for convenience and Customs purposes. The written description remains dispositive.

Analysis of Programs

Based upon the responses to our questionnaire, we determine the following:

I. Program Conferring Subsidies

Regional Industrial Development Incentives

In the preliminary results, we found that Regional Industrial Development Incentives conferred countervailable benefits on the subject merchandise.

Because no interested parties submitted written comments, we have not changed our finding from the preliminary results.

II. Programs Found to be Not Used

In the preliminary results, we found that the producers and/or exporters of the subject merchandise did not apply for or receive benefits under the following programs:

- A. Export Incentive Program
- B. General Export Incentive Scheme
- C. Industrial Development Corporation Loans
- D. Preferential Rail Rates
- E. Beneficiation Allowance/Electricity Rebate
- F. Government Loan Guarantees

Because no interested parties submitted written comments, we have not changed our findings from the preliminary results.

Final Results of Review

In accordance with section 355.22(c)(4)(ii) of the Department's *Interim Regulations*, we calculated an individual subsidy rate for each producer/exporter subject to this administrative review. For the period January 1, 1994 through December 31, 1994, we determine the net subsidies to be as follows:

Net subsidies—producer/exporter	Net subsidy rate (percent)
Chrome Resources (Pty) Ltd.	00.20
Consolidated Metallurgical Industries Limited	00.00
Feralloys Limited	00.00
Samancor, Limited	00.001

As provided for in the Act, any rate less than 0.5 percent *ad valorem* in an administrative review is *de minimis*. Accordingly, the Department intends to instruct Customs to liquidate, without regard to countervailing duties, shipments of the subject merchandise from Chrome Resources (Pty) Ltd., Consolidated Metallurgical Industries Limited, Feralloys Limited, and Samancor, Limited, exported on or after January 1, 1994, and on or before December 31, 1994.

Because the URAA replaced the general rule in favor of a country-wide rate with a general rule in favor of individual rates for investigated and reviewed companies, the procedures for establishing countervailing duty rates, including those for non-reviewed companies, are now essentially the same as those in antidumping cases, except as provided for in section 777A(e)(2)(B) of the Act. The requested review will normally cover only those companies specifically named. See section

355.22(a) of the *Interim Regulations*. Pursuant to 19 CFR § 355.22(g), for all companies for which a review was not requested, duties must be assessed at the cash deposit rate previously ordered. Accordingly, we will instruct Customs to liquidate at the cash deposit rate in effect at the time of entry all entries of subject merchandise from non-reviewed companies.

This countervailing duty order was subject to section 753 of the Act. See Countervailing Duty Order; Opportunity to Request a Section 753 Injury Investigation, 60 FR 27693 (May 26, 1995). Because no domestic interested party exercised their right under section 753 (a) of the Act to request an injury investigation, the International Trade Commission made a negative injury determination with respect to this order, pursuant to section 753(b)(4) of the Act. As a result, the Department revoked this countervailing duty order, effective January 1, 1995, pursuant to section 753(b)(3)(B) of the Act. *Revocation of Countervailing Duty Orders*, 60 FR 40568 (August 9, 1995). Accordingly, the Department will not issue further instructions with respect to cash deposits of estimated countervailing duties.

This notice serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR § 355.34(d). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This administrative review and notice are in accordance with section 751(a)(1) of the Act (19 U.S.C. 1675(a)(1)).

SUPPLEMENTARY INFORMATION:

I. Abstract

Global Learning and Observations to Benefit the Environment (GLOBE) is an international environmental science and environmental education program that joins students, teachers, and scientists from around the world to study the global environment. Information is

needed from participating teachers and students to guide the continued growth of the GLOBE Program, helping to ensure that necessary program implementation changes are made on a timely basis and that the program meets its goals.

II. Method of Collection

Semi-annual surveys of teachers and students involved in the GLOBE Program will be conducted online on the Internet using the World Wide Web, with hard copy survey instruments used as needed.

III. Data

OMB Number: 0648-0310 (expired).

Form Number: None.

Type of Review: Regular Submission.

Affected Public: Teachers and students at GLOBE schools.

Estimated Number of Respondents: 2572.

Estimated Time Per Response: 30 to 120 minutes.

Estimated Total Annual Burden Hours: 2157 hours.

Estimated Total Annual Cost to Public: \$0 since respondents will not need to purchase equipment or materials to respond.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

SUPPLEMENTARY INFORMATION:

I. Abstract

Section 402(b) of the Marine Mammal Protection Act (MMPA) requires that information on marine mammal strandings be collected. The marine mammal stranding reports provide baseline information on marine mammal mortalities, human interactions with marine mammals, and marine mammal population dynamics. The National Marine Fisheries Service (NMFS) uses the information to fulfill management responsibilities under the MMPA. The Marine Mammal Stranding Reports are submitted by members of the marine mammal stranding network—the vast majority of whom are volunteers who have been authorized by NMFS to respond to strandings.

II. Method of Collection

Stranding Network members submit basic biological data contained on the reporting form to NMFS Regional Offices for compilation and analysis.

III. Data

OMB Number: 0648-0178.

Form Number: NOAA Form 89-864.

Type of Review: Regular Submission.
