OXY USA, Incorporated, Including OXY Crude Sales Operating in the State of Texas; Amended Certification Regarding Eligibility To Apply for Worker Adjustment Assistance

In accordance with Section 223 of the Trade Act of 1974 (19 U.S.C. 2273) the Department of Labor issued a Certification of Eligibility to Apply for Worker Adjustment Assistance on June 16, 1995, applicable to all workers of OXY USA, Incorporated, located in the State of Texas. The notice was published in the Federal Register on July 7, 1995 (60 FR 35435).

At the request of the company, the Department reviewed the certification for workers of the subject firm. The company reports that workers of OXY

Crude Sales operating in the State of Texas were inadvertently excluded from the worker certification. Based on these new findings, the Department is amending the certification to include OXY Crude Sales workers of OXY USA, Incorporated operating in the State of Texas. The workers of OXY Crude Sales supported the production of oil and gas for OXY USA, Incorporated in the State of Texas.

The intent of the Department's certification is to include all workers at OXY USA, Incorporated, adversely affected by imports.

The amended notice applicable to TA-W-31,049 is hereby issued as follows:

All workers of OXY USA, Incorporated including OXY Crude Sales operating in the State of Texas who became totally or partially separated from employment on or after May 12, 1994, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed at Washington, DC this 22nd day of July, 1996.

Russell Kile,

Acting Program Manager, Office of Trade Adjustment Assistance.

Investigations Regarding Certifications of Eligibility To Apply for Worker Adjustment Assistance

Petitions have been filed with the Secretary of Labor under Section 221(a) of the Trade Act of 1974 ("the Act") and are identified in the Appendix of this notice. Upon receipt of these petitions, the Program Manager of the Office of Trade Adjustment Assistance,

Employment and Training Administration, has instituted investigations pursuant to Section 221(a) of the Act.

The purpose of each of the investigations is to determine whether the workers are eligible to apply for adjustment assistance under Title II, Chapter 2, of the Act. The investigations will further relate, as appropriate, to the determination of the date on which total or partial separations began or threatened to begin and the subdivision of the firm involved.

The petitioners or any other persons showing a substantial interest in the subject matter of the investigations may request a public hearing, provided such request is filed in writing with the Program Manager, Office of Trade Adjustment Assistance, at the address shown below, not later than August 16, 1996.

Interested persons are invited to submit written comments regarding the subject matter of the investigations to the Program Manager, Office of Trade Adjustment Assistance, at the address shown below, not later than August 16, 1996.

The petitions filed in this case are available for inspection at the Office of the Program Manager, Office of Trade Adjustment Assistance, Employment and Training Administration, U.S. Department of Labor, 200 Constitution Avenue, NW., Washington, DC 20210.

Signed at Washington, D.C. this 22nd day of July, 1996.

Russell Kile,

Acting Program Manager, Policy & Reemployment Services, Office of Trade Adjustment Assistance.

**Wallace & Tiernan, Incorporated
Belleville, NJ; Notice of Revised
Determination on Reopening**

On July 22, 1996, the Department, on its own motion, reopened its investigation for the former workers of the subject firm.

The initial investigation resulted in a negative determination on July 3, 1996, because the "contributed importantly" test of the Group Eligibility Requirements of the Trade Act was not met for workers at the subject firm. The denial notice will soon be published in the Federal Register.

The workers at Wallace & Tiernan, Incorporated located in Belleville, New Jersey produced hydraulic diaphragm pumps, diaphragm metering pumps and gravimetric and volumetric belt feeders. The workers are not separately identifiable by product line. The company official has provided new information regarding company imports of pumps and chemical feeders. Findings on reopening show that the company has increased its reliance on imports of pumps and chemical feeders from Wallace & Tiernan's foreign operations. All workers will be separated from employment at the Belleville production facility when the subject firm closes in September 1996.

Conclusion

After careful consideration of the new facts obtained on reopening, it is concluded that increased imports of articles like or directly competitive with pumps and chemical feeders produced by the subject firm contributed importantly to the declines in sales and to the total or partial separation of workers of the subject firm. In accordance with the provisions of the Trade Act of 1974, I make the following revised determination:

All workers of Wallace & Tiernan, Inc., Belleville, New Jersey, who became totally or partially separated from employment on or after May 29, 1995, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974.

Signed in Washington, D.C. this 23rd day of July 1996.

[NAFTA-01015]

**AVX Corporation, Myrtle Beach, SC;
Amended Certification Regarding
Eligibility To Apply for NAFTA
Transitional Adjustment Assistance**

In accordance with Section 250(a), Subchapter D, Chapter 2, Title II, of the Trade Act of 1974, as amended (19 U.S.C. 2273), the Department of Labor issued a Certification for NAFTA Transitional Adjustment Assistance on June 13, 1996, applicable to workers of AVX Corporation located in Myrtle Beach, South Carolina. The notice was published in the Federal Register on July 3, 1996 (61 FR 34875).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. The affected workers were involved in the testing and packaging operations in the production of ceramic capacitors. New information provided by the company shows that workers are separately identifiable by product line. Accordingly, the Department is amending the certification to limit coverage to those workers of the subject firm in Myrtle Beach involved in testing and packaging operations related to production of ceramic capacitors.

The intent of the Department's certification is to include those workers of AVX Corporation who were adversely affected by the shift in production to Mexico.

The amended notice applicable to NAFTA-01015 is hereby issued as follows:

Workers of AVX Corporation, Myrtle Beach, South Carolina, involved in testing and packaging operations related to the production of ceramic capacitors, who became totally or partially separated from employment on or after May 7, 1995, are eligible to apply for NAFTA-TAA under Section 250 of the Trade Act of 1974.

Signed at Washington, D.C. this 26th day of July 1996.

**Lockheed Martin, Ocean, Radar and
Sensor Systems, Utica, NY; Amended
Certification Regarding Eligibility To
Apply for NAFTA Transitional
Adjustment Assistance**

In accordance with Section 250(a), Subchapter D, Chapter 2, Title II, of the Trade Act of 1974, as amended (19 U.S.C. 2273), the Department of Labor issued an Amended Certification for NAFTA Transitional Adjustment Assistance on November 30, 1995, applicable to workers of Lockheed Martin, Ocean, Radar & Sensor Systems located in Utica, New York. The notice was published in the Federal Register on December 12, 1995 (60 FR 63736).

At the request of the State agency, the Department reviewed the certification for workers of the subject firm. Information provided by the State shows that workers providing support services related to the production of printed circuit boards and inspection operations are being excluded from eligibility for NAFTA-TAA.

The intent of the Department's certification is to include all workers of the subject firm who were adversely affected by increased imports from Canada or Mexico. Accordingly, the Department is again amending the
