

B. Comments, Protests, or Motions to Intervene—Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

C2. Filing and Service of Responsive Documents—Any filings must bear in all capital letters the title "COMMENTS," "RECOMMENDATIONS FOR TERMS AND CONDITIONS," "NOTICE OF INTENT TO FILE COMPETING APPLICATION," "COMPETING APPLICATION," "PROTEST," or "MOTION TO INTERVENE," as applicable, and the Project Number of the particular application to which the filing refers. Any of these documents must be filed by providing the original and the number of copies provided by the Commission's regulations to: The Secretary, Federal Energy Regulatory Commission, 888 First Street, N.E., Washington, D.C. 20426. A copy of a notice of intent, competing application, or motion to intervene must also be served upon each representative of the Applicant specified in the particular application.

D2. Agency Comments—Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

Lois D. Cashell,

Secretary.

Science Advisory Board; Notification of Public Advisory Committee Meetings

Pursuant to the Federal Advisory Committee Act, Public Law 92-463, notice is hereby given that several committees of the Science Advisory Board (SAB) will meet on the dates and times described below. All times noted are Eastern Daylight Time. Due to limited space, seating at meetings will be on a first-come basis. For further information concerning specific meetings, please contact the individuals listed below. Documents that are the subject of SAB reviews are normally available from the originating EPA office and are *not* available from the SAB Office.

1. Risk Reduction Options Subcommittee of the Integrated Risk Project

The Risk Reduction Options Subcommittee (RROS) of the Science Advisory Board's (SAB) Integrated Risk Project will meet Wednesday and Thursday, September 11-12, 1996. On Wednesday, the meeting will be held in the Administrator's Conference Room (1145 West Tower). On Thursday, the meeting will be held in Conference Room 2 South (in the southeast—"Safeway"—corner of the ground floor of Waterside Mall). Both meeting rooms are at EPA's Headquarters at Waterside Mall, 401 M Street, SW., Washington, DC.

Purpose of the Meeting

The main purpose of the meeting is to continue work begun at the Subcommittee's first meeting, June 26-27, 1996, which was announced in the June 11, 1996 Federal Register, at 61, FR 29561. At the June meeting, the Subcommittee heard presentations on seven risk reduction options: engineering, communication and education, enforcement, market incentives, regulation, international and intergovernmental cooperation, and environmental management systems. The Subcommittee discussed ranking, metrics, and optimization and formed subgroups on stressors, location, and media to gather relevant input, assemble option packages, and select likely options for optimizing. This effort will prepare the subgroups to test a proposed methodology for optimizing risk reduction options and report to the full Subcommittee on September 11 or 12. The public meeting on September 11th

may be postponed or interrupted as necessary to allow the stressor, location, and media subgroups to complete their work. The September 12th meeting will be a public meeting all day, beginning at 8:30 and ending no later than 5:00. The Subcommittee will determine whether this work is sufficient to form the basis for a subsequent written report or whether additional work is needed.

Availability of Review Materials

There are no review documents for this effort. Neither the Subcommittee nor the subgroups have produced any documents for circulation to the public in advance of the meeting.

For Further Information

Agendas and rosters can be obtained from the Subcommittee Secretary, Mrs. Dorothy Clark, Tel. (202) 260-6552, Fax (202) 260-7118, or via the internet at: clark.dorothy@epamail.epa.gov. Members of the public desiring other information about the meeting may contact Mrs. Kathleen Conway, Designated Federal Official, Environmental Engineering Committee, Science Advisory Board (1400F), U.S. EPA, 401 M Street, SW., Washington, DC 20460; telephone/voice mail at (202) 260-2558; fax at (202) 260-7118; or via the internet at: conway.kathleen@epamail.epa.gov.

Members of the public who wish to make a brief oral presentation to the Subcommittee *must* contact Mrs. Conway *in writing* (by letter or by fax—see previously stated information) no later than 12 noon Eastern Time, Wednesday September 4, 1996 in order to be included on the agenda. Public comments will be limited to five minutes per speaker or organization. The request should identify the name of the individual who will make the presentation, the organization (if any) they will represent, any requirements for audio visual equipment (e.g., overhead projector, 35mm projector, chalkboard, etc.), and at least 35 copies of an outline of the issues to be addressed.

2. Environmental Engineering Committee (EEC)

The Environmental Engineering Committee (EEC) of the Science Advisory Board (SAB) will meet Wednesday through Friday, September 25-27, 1996, at the National Risk Management Research Laboratory, 26 West Martin Luther King Drive, Cincinnati, Ohio 45268, tel. (513) 569-7418. The meeting will begin at 8:30 a.m. September 25 and end no later than 3:00 p.m. on September 27.

Purpose of the Meeting

At this meeting, the Committee will conduct a review, hold a consultation, hear the report of the SITE Subcommittee, and consider potential FY96 activities.

The Office of Research and Development (ORD) has asked the Committee to review the strategic directions and approach to research of the National Risk Management Research Laboratory (NRMRL) in the context of both the 1995 realignment of ORD's organizational structure, which used risk assessment and risk management as organizing principles for a nationwide laboratory system and the Strategic Plan for the Office of Research and Development (EPA, 1996). The Strategic Plan describes the relationship of risk assessment to the risk management process and highlights the need for scientific and engineering research to enable sound risk management decisions and actions. NRMRL's mission is to conduct research to reduce uncertainties and costs associated with making and implementing environmental risk management decisions. An abbreviated form of the current draft charge for this review follows.

1. Examine and critique the research programmatic directions being taken by NRMRL.

2. Review and comment on NRMRL's strategic directions as a research laboratory organization.

3. Review and comment on the effectiveness of NRMRL's approach to science management.

4. Examine and critique the relationship of NRMRL's risk management research to the intended role of risk management in the risk assessment/risk management paradigm.

5. Review and comment on the strategic balance needed in NRMRL for the next decade among pollution prevention, technology development, remediation, and risk management assessment activities.

The EEC will provide a consultation to the Office of Solid Waste (OSW) on a proposed surface impoundment study. The OSW is also soliciting public comments on the study through an announcement entitled "Land Disposal Program Flexibility Act of 1996—Surface Impoundment Study" in the July 25, 1996 Federal Register, Vol. 61, No. 144, pages 38684–38687. An SAB

consultation is a public encounter between the SAB and the Agency early in the process, before the Agency has committed itself to a position. The intent of a consultation is to leaven the Agency's thinking by amassing an eclectic collection of ideas about how the Agency might proceed on a particularly vexing problem. The product of a consultation is a very short letter to the Administrator, simply alerting him/her to the fact that the members of an SAB panel had met with the Agency to discuss the issue. There will be no "report" per se.

The SITE Subcommittee will report to the EEC on its review of the technical aspects of how EPA's Superfund Innovative Technology Evaluation (SITE) program is carried out.

For Further Information

A draft meeting agenda and a Committee roster can be obtained from Mrs. Dorothy Clark, as described above for the RROS meeting. Other information can be obtained from Mrs. Kathleen Conway, as described above. Members of the public who wish to make a brief oral presentation to the Committee must contact Mrs. Conway in writing (by letter or by fax—see previously stated information) no later than 12 noon Eastern Time, Thursday, September 22, 1996 in order to be included on the Agenda. Except for this date, the requirements for public comments are the same as those for the RROS meeting, described above.

Providing Oral or Written Comments at SAB Meetings

The Science Advisory Board expects that public statements presented at its meetings will not be repetitive of previously submitted oral or written statements. In general, each individual or group making an oral presentation will be limited to a total time of ten minutes. Written comments (at least 35 copies) received in the SAB Staff Office sufficiently prior to a meeting date, may be mailed to the relevant SAB committee or subcommittee prior to its meeting; comments received too close to the meeting date will normally be provided to the committee at its meeting. Written comments may be provided to the relevant committee or subcommittee up until the time of the meeting.

Dated: August 9, 1996.

Donald G. Barnes,

Staff Director, Science Advisory Board.

Notice of Receipt of Requests to Voluntarily Cancel Certain Pesticide Registrations

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In accordance with section 6(f)(1) of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, EPA is issuing a notice of receipt of requests by registrants to voluntarily cancel certain pesticide registrations.

DATES: Unless a request is withdrawn by November 19, 1996 orders will be issued cancelling all of these registrations.

FOR FURTHER INFORMATION CONTACT: By mail: James A. Hollins, Office of Pesticide Programs (7502C), Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. Office location for commercial courier delivery and telephone number: Room 216, Crystal Mall No. 2, 1921 Jefferson Davis Highway, Arlington, VA, (703) 305-5761; e-mail: hollins.james@epamail.epa.gov.

SUPPLEMENTARY INFORMATION:**I. Introduction**

Section 6(f)(1) of the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, provides that a pesticide registrant may, at any time, request that any of its pesticide registrations be cancelled. The Act further provides that EPA must publish a notice of receipt of any such request in the Federal Register before acting on the request.

II. Intent to Cancel

This notice announces receipt by the Agency of requests to cancel some 43 pesticide products registered under section 3 or 24(c) of FIFRA. These registrations are listed in sequence by registration number (or company number and 24(c) number) in the following Table 1.

TABLE 1. — REGISTRATIONS WITH PENDING REQUESTS FOR CANCELLATION

Registration No.	Product Name	Chemical Name
000241—00218	Cygon SC-9 Systemic Insecticide	O,O-Dimethyl S-((methylcarbamoyl)methyl)phosphorodithioate
