Department of the Air Force

Record of Decision (ROD) for the Disposal and Reuse of Wurtsmith Air Force Base (AFB), Michigan

On June 7, 1996, the Air Force issued the Supplemental Record of Decision (SROD) for the Disposal and Reuse of Wurtsmith AFB, Michigan. The decisions included in this Supplemental ROD have been made in consideration of, but not limited to, the information contained in the Final Environmental Impact Statement (FEIS) for the Disposal and Reuse of Wurtsmith AFB, filed with the Environmental Protection Agency and made available to the public on September 24, 1993.

Wurtsmith AFB closed on June 30, 1993, pursuant to the Defense Base Closure and Realignment Act of 1990 (10 U.S.C. § 2687 note) and the recommendations of the Defense Base Closure and Realignment Commission. The FEIS analyzed potential environmental impacts of the Air Force's disposal options by portraying a variety of potential land uses to cover a range of reasonably foreseeable future uses of the property and facilities by others.

The Air Force issued a ROD on December 12, 1994 which documented a series of decisions regarding the intended disposal of Government-owned property for public airport use, the intended termination of certain leases of improved real property with the Township of Oscoda, the disposal of the base electrical, gas, and telephone systems, both on Government and Township-owned land, and the disposal of property for homeless assistance. At the time of the ROD, the Air Force deferred decisions regarding the parcelization and disposal of the remaining Air Force-controlled Government property as well as the termination of the remaining Air Force leases and permits.

This SROD modifies certain decisions made in the ROD and addresses the decisions deferred from the ROD, thus completing the disposal decisions for Wurtsmith AFB. The Air Force has decided to modify the boundary of the airport conveyance and revise the disposition of utility systems. It will also make property available for Economic Development Conveyance (EDC), recreation and education public benefit conveyance, and public sale. Property at the base which the Air Force leases from the State of Michigan and the Charter Township of Oscoda will be returned to those entities. Property included in the proposed EDC includes housing, office and industrial facilities, and utility systems.

The implementation of these conversion activities and associated mitigation measures will proceed with minimal adverse impact to the environment. This action conforms with applicable Federal, State and local statutes and regulations, and all reasonable and practical efforts have been incorporated to minimize harm to the local public and the environment.
