Health Resources and Services Administration

Cooperative Agreement With the George Mason University Center for Health Policy

AGENCY: Health Resources and Services Administration (HRSA), Health and Human Services (HHS).

SUMMARY: The Office of Rural Health Policy (ORHP), Health Resources and Services Administration, announces its intent to award funds in FY 1996 to support a grant to the George Mason University Center for Health Policy, in Fairfax, Virginia.

The Office of Rural Health Policy works closely with numerous national organizations with rural health policy and program interests. Virtually all of these groups are either headquartered in the Washington, DC area, or locate their principal policy office here. The involvement of these associations, foundations and other organizations in addressing rural health concerns is limited by the lack of availability of readily available information on rural health policy and programs, by the lack of any educational forum for building common understanding of current directions in rural health policy, and by the lack of any facilitation of sharing among the rural health representatives of these organizations. The office intends, through this grant, to sponsor invitational meetings three or four times per year which would be high quality educational forums that would encourage the development and exchange of ideas and approaches to rural health problems solving, and would encourage the growth of expertise on rural health among the invited participants. The grant would also provide for ongoing communication on rural health issues meetings, conferences etc., as well as background papers as needed.

HRSA plans to award this grant to the George Mason Center, because of its unique characteristics, skills and superior qualifications in the Washington area in rural health issues as well as its mandate and ability to conduct conferences and forums health policy leadership workshops, research and position papers, and collaboration with professional and community based organizations. Accordingly, HRSA has determined that there is adequate basis for awarding this grant to the George Mason Center without competition.

Authority: This grant is authorized under Section 301 of the Public Health Service Act. With funds appropriated under Public Law 103–112 (Omnibus Budget Reconciliation Act of 1996).
