### Special Provision for Frozen Concentrated Orange Juice Under the North American Free Trade Agreement Implementation Act

**AGENCY:** Foreign Agricultural Service, USDA.

**ACTION:** Notice of Determination of Existence of Price Conditions Necessary for Imposition of Temporary duty on Frozen Concentrated Orange Juice from Mexico.

**SUMMARY:** Pursuant to Section 309(a) of the North American Free Trade Agreement Implementation Act of 1993 ("NAFTA Implementation Act"), this is a notification that for 5 consecutive business days the daily price for frozen concentrated orange juice was lower than the trigger price.

**FOR FURTHER INFORMATION CONTACT:** Joseph Somers, Horticultural and Tropical Products Division, Foreign Agricultural Service, U.S. Department of Agriculture, Washington, DC 20250–1000 or telephone at (202) 720–2974.

**SUPPLEMENTARY INFORMATION:** The NAFTA Implementation Act authorizes the imposition of a temporary duty (snapback) for Mexican frozen concentrated orange juice when certain conditions exist. Mexican articles falling under subheading 2009.11.00 of the Harmonized Tariff Schedule of the United States (HTS) are subject to the snapback duty provision.

Under Section 309(a) of the NAFTA Implementation Act, certain price conditions must exist before the United States can apply a snapback duty on imports of Mexican frozen concentrated orange juice. In addition, such imports must exceed specified amounts before the snapback duty can be applied. The price conditions exist when for each

period of 5 consecutive business days the daily price for frozen concentrated orange juice is less than the trigger price.

For the purpose of this provision, the term "daily price" means the daily closing price of the New York Cotton Exchange, or any successor as determined by the Secretary of Agriculture (the "Exchange"), for the closest month in which contracts for frozen concentrated orange juice are being traded on the Exchange. The term "business day" means a day in which contracts for frozen concentrated orange juice are being traded on the Exchange.

The term "trigger price" means the average daily closing price of the Exchange for the corresponding month during the previous 5-year period, excluding the year with the highest average price for the corresponding month and the year with the lowest average price for the corresponding month.

Price conditions no longer exist when the Secretary determines that for a period of 5 consecutive business days the daily price for frozen concentrated orange juice has exceeded the trigger price. Whenever the price conditions are determined to exist or to cease to exist the Secretary is required to immediately notify the Commissioner of Customs of such determination. Whenever the determination is that the price conditions exist and the quantity of Mexican articles of frozen concentrated orange juice entered exceeds (1) 264,978,000 liters (single strength equivalent) in any of calendar years 1994 through 2002, or (2) 340,560,000 liters (single strength equivalent) in any of calendar years 2003 through 2007, the rate of duty on Mexican articles of frozen concentrated orange juice that are entered after the date on which the applicable quantity limitation is reached and before the date of publication in the Federal Register of the determination that the price conditions have ceased to exist shall be the lower of—(1) The column 1—General rate of duty in effect for such articles on July 1, 1991; or (2) the column 1—General rate of duty in effect on that day. For the purpose of this provision, the term "entered" means entered or withdrawn from warehouse for consumption in the customs territory of the United States.

In accordance with Section 309(a) of the NAFTA Implementation Act, it has been determined that for the period July 11–17, 1996, the daily price for frozen concentrated orange juice was less than the trigger price.

Issued at Washington, DC the 19th day of August 1996.

*Agency:* Bureau of the Census.

*Title:* Company Organization Survey.  
*Form Number(s):* NC-9901.  
*Agency Approval Number:* 0607-0444.

*Type of Request:* Revision of a currently approved collection.

*Burden:* 144,500 hours.

*Number of Respondents:* 85,000.

*Avg. Hours Per Response:* 1.7 hours.

*Needs and Uses:* The Census Bureau conducts the Company Organization Survey (COS) annually to update and maintain the Standard Statistical Establishment List (SSEL). The SSEL is a computerized list of all employer organizations and their establishments and contains such information as name, address, physical location, Standard Industrial Classification (SIC) code, employment size code, and company affiliation. It provides a single universe for the selection and maintenance of statistical samples of establishments, legal entities, or enterprises; provides a standard basis for assigning SIC codes; and provides establishment level data from multi-establishment companies that are summarized and published in the annual County Business Patterns series of reports. In this request for revision, we are amending instructions and adding relatively short reference lists for respondents to use as guides when reporting updated industrial classification information for selected establishments; reducing the panel size by implementing improved methodology for selectively targeting the collection to enterprises affected by changes in organization and/or operating characteristics; and removing a one-time data inquiry to selected respondents for collecting information on respondents' ability and interest in reporting data electronically in subsequent years.

*Affected Public:* Businesses or other for-profit, Not-for-profit institutions.

*Frequency:* Annually.

*Respondent's Obligation:* Mandatory.

*Legal Authority:* Title 13 USC, Sections 182, 224, and 225.
