Rural Business-Cooperative Service

Notice of Request for Clearance of Information Collection Within Existing Regulation

AGENCY: Rural Business-Cooperative Service, USDA.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Department's intention to reinstate information collection for the Rural Economic Development Loan and Grant Program.

DATES: Written comments must be received on or before November 12, 1996.

FOR FURTHER INFORMATION CONTACT: Mark Wyatt, Specialty Lenders Division, Rural Business-Cooperative Service, U.S. Department of Agriculture, 1400 Independence Avenue, S.W., Washington, D.C. 20250, telephone (202) 720-0410.

SUPPLEMENTARY INFORMATION:

Title: Rural Economic Development Loan and Grant Program.

OMB Number: 0572-0086.

Expiration Date of Approval: December 31, 1994.

Type of Request: Reinstate information collection for the Rural Economic Development Loan and Grant Program.

Abstract: The Rural Economic Development Loan and Grant Program provides zero interest loans and grants to Rural Utilities Service (RUS) borrowers for the purpose of promoting rural economic development and job creation projects. The loans and grants under this program may be provided to approximately 1,700 electric and telephone utilities across the country that have borrowed funds from RUS. Under this program, the RUS borrowers may receive the loan funds and pass them on to businesses or other organizations. The RUS borrower is responsible for the loan even if it does not receive payments from the ultimate recipient. Grants may be provided to establish revolving loan funds.

Rural Business-Cooperative Service needs to receive the information

contained in this collection of information to select the projects it believes will provide the most long term economic benefit to rural areas. The selection process is competitive and the Agency has consistently received more applications than it could fund. The Agency also needs to make sure the funds are used for the intended purpose and, in the case of the loan, that the funds will be repaid. The Agency must determine that loans made from revolving loan funds established with grants were used for eligible purposes. RUS borrowers that wish to apply for zero interest loans and grants must submit an application package. RUS borrowers apply at their own discretion; no RUS borrower is required to apply under this program.

Estimate of Burden: Public reporting burden for this collection of information is estimated to average 3.4 hours per response.

Respondents: Almost all RUS electric and telecommunications borrowers are eligible for funds under this program. However, RUS borrowers apply at their own discretion. No RUS borrower is required to apply under this program.

Estimated number of Respondents: 180.

Estimated Number of Responses per Respondent: 21.

Estimated Total Annual Burden on Respondents: 7,240 hours.

Copies of this information collection can be obtained from Sam Spencer, Rural Business Team, Information Collection Coordinator, at (202) 720-9588.

Comments: Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility; (b) the accuracy of the Agency's estimate of the burden of the proposed collection of information including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology. Comments may be sent to Sam Spencer, Rural Business Team, Information Collection Coordinator, Regulations and Paperwork Management Division, U.S. Department of Agriculture, Rural Development, Stop 0743, Washington, D.C. 20250. All responses to this will be summarized and included in the request for OMB

approval. All comments will become a matter of public record.

Dated: August 30, 1996.

Dayton J. Watkins,

Administrator, Rural Business-Cooperative Service.

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

DOC has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. chapter 35).

Agency: Bureau of the Census.

Title: 1997 Economic Census Refile Classification Survey.

Form Number(s): NC-9922.

Agency Approval Number: None.

Type of Request: New collection.

Burden: 20,750 hours.

Number of Respondents: 250,000.

Avg Hours Per Response: 5 minutes.

Needs and Uses: The economic census is the primary source of facts about the structure and functioning of the Nation's economy and features unique industry and geographic detail. The 1987 Standard Industrial Classification (SIC) system, currently used to classify businesses by kind-of-business, is being replaced by the new 1997 North American Industry Classification System (NAICS), an international agreement between Canada, Mexico and the United States.

The Census Bureau is implementing the new NAICS for the 1997 Economic Censuses. The change to NAICS will require contacting businesses of sectors most affected by the change to collect NAICS based classification information. The Census Bureau will use this survey to collect classification information from the non-goods producing sectors which include Retail Trade; Wholesale Trade; Transportation, Communication, Electric, and Sanitary Services; and other business services. The Census Bureau will use the classification information collected from businesses to update the Standard Statistical Establishment List (SSEL), the basic sampling frame for many of our current surveys and the 1997 economic census mailing lists. The information collection will ensure respondents receive the correct census form. The collection of this new NAICS information will greatly reduce processing costs and ease reporting burden for the 1997 Economic Censuses data collection and will benefit our current business surveys when they convert to the NAICS classification system, currently planned for FY 2000.

Affected Public: Businesses or other for-profit, Individuals or households, Not-for-profit institutions, State, local or tribal government.

Frequency: One time.

Respondent's Obligation: Mandatory.

Legal Authority: Title 13 USC, Sections 131 and 224.

OMB Desk Officer: Jerry Coffey, (202) 395-7314.

Copies of the above information collection proposal can be obtained by calling or writing Linda Engelmeier, Acting DOC Forms Clearance Officer, (202) 482-3272, Department of Commerce, room 5312, 14th and Constitution Avenue, NW, Washington, DC 20230.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Jerry Coffey, OMB Desk Officer, room 10201, New Executive Office Building, Washington, DC 20503.

Dated: September 5, 1996.

Linda Engelmeier,

Acting Departmental Forms Clearance Officer, Office of Management and Organization.
