

articles under those regulations no longer apply to the field testing, importation, or interstate movement of the subject papaya lines or their progeny. However, importation of the subject papaya lines or seeds capable of propagation are still subject to the restrictions found in APHIS' foreign quarantine notices in 7 CFR part 319.

National Environmental Policy Act

An environmental assessment (EA) has been prepared to examine the potential environmental impacts associated with this determination. The EA was prepared in accordance with: (1) The National Environmental Policy Act of 1969, as amended (NEPA) (42 U.S.C. 4321 *et seq.*), (2) Regulations of the Council on Environmental Quality for implementing the procedural provisions of NEPA (40 CFR parts 1500–1508), (3) USDA regulations implementing NEPA (7 CFR part 1b), and (4) APHIS' NEPA Implementing Procedures (7 CFR part 372). Based on that EA, APHIS has reached a finding of no significant impact (FONSI) with regard to its determination that Cornell/Hawaii's papaya lines 55–1 and 63–1 and lines developed from them are no longer regulated articles under its regulations in 7 CFR part 340. Copies of the EA and the FONSI are available upon request from the individual listed under **FOR FURTHER INFORMATION CONTACT**.

Done in Washington, DC, this 11th day of September 1996.

A. Strating,

Acting Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410–34–P

DEPARTMENT OF COMMERCE

Submission For OMB Review; Comment Request

The Department of Commerce (DOC) has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: Bureau of the Census.

Title: Current Industrial Reports Program – Wave III (Voluntary).

Form Number(s): M33D, MA20D, MA35U.

Agency Approval Number: 0607–0776.

Type of Request: Revision of a currently approved collection.

Burden: 2,990 hours.

Number of Respondents: 925.

Avg Hours Per Response: 3.23 hours.

Needs and Uses: The Census Bureau conducts a series of monthly, quarterly, and annual surveys as part of its Current Industrial Reports (CIR) program. The CIR surveys deal mainly with the quantity and value of shipments of particular products and occasionally with data on production and inventories; unfilled orders, receipts, stocks and consumption; and comparative data on domestic production, exports, and imports of the products they cover. The CIR program includes both mandatory and voluntary surveys. Typically the monthly and quarterly surveys are conducted on a voluntary basis. Those companies that choose not to respond to the voluntary surveys are required to submit a mandatory annual counterpart. The annual counterpart collects annual data from those firms not participating in the more frequent collection. Due to the large number of surveys in the CIR program, for clearance purposes we group the surveys into three Waves. The mandatory and voluntary surveys in each Wave are separately submitted. Thus, a total of six clearances cover all of the surveys in the CIR program. One Wave is submitted for reclearance each year. The information collected in the CIR program provides continuing and timely national statistical data on manufacturing. The results of these surveys are used extensively by individual firms, trade associations, and market analysts in planning or recommending marketing and legislative strategies.

Affected Public: Business or other for-profit institutions.

Frequency: Monthly and Annually.

Respondent's Obligation: Monthly reports are Voluntary, Annual counterpart reports are Mandatory.

Legal Authority: Title 13 USC, Sections 131, 182, 224, and 225.

OMB Desk Officer: Jerry Coffey, (202) 395–7314.

Copies of the above information collection proposal can be obtained by calling or writing Linda Engelmeier, Acting DOC Forms Clearance Officer, (202) 482–3272, Department of Commerce, Room 5327, 14th and Constitution Avenue, NW, Washington, DC 20230.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Jerry Coffey, OMB Desk Officer, Room 10201, New Executive Office Building, Washington, DC 20503.

Dated: September 10, 1996.

Linda Engelmeier,

Acting Departmental Forms Clearance Officer, Office of Management and Organization.

BILLING CODE 3510-07-F

Foreign-Trade Zones Board

[Order No. 844]

Expansion of Foreign-Trade Zone 73 Baltimore, Maryland, Area

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, an application from the Maryland Department of Transportation/Maryland Aviation Administration, grantee of Foreign-Trade Zone 73, for authority to expand its general-purpose zone at a site in Baltimore, Maryland, was filed by the Board on September 27, 1995 (FTZ Docket 57-95, 60 FR 52149, 10/5/95); and,

Whereas, notice inviting public comment was given in Federal Register and the application has been processed pursuant to the FTZ Act and the Board's regulations; and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and Board's regulations are satisfied, and that the proposal is in the public interest;

Now, therefore, the Board hereby orders: The application to expand FTZ 73 is approved, subject to the Act and the Board's regulations, including Section 400.28.

Signed at Washington, DC, this 5th day of September 1996.

Robert S. LaRussa,

Acting Assistant Secretary of Commerce for Import Administration, Alternate Chairman, Foreign-Trade Zones Board.

Attest:

John J. Da Ponte, Jr.,

Executive Secretary.

BILLING CODE 3510-DS-P

[Docket 68-96]

Foreign-Trade Zone 121—Albany, New York Area Application for Expansion and Request for Manufacturing Authority (Eyeglass Frames)

An application has been submitted to the Foreign-Trade Zones Board (the Board) by the Capital District Regional Planning Commission, grantee of Foreign-Trade Zone 121, requesting authority to expand FTZ 121 to include a site at the Crossroads Industrial Park and requesting, on behalf of Liberty Optical Manufacturing Company, authority to manufacture eyeglass frames under zone procedures within FTZ 121, in the Albany, New York area, within the Albany Customs port of entry. The application was submitted pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR Part 400). It was formally filed on September 3, 1996.

FTZ 121 was approved on July 18, 1985 (Board Order 307, 50 FR 30986, 7/31/85). The zone project currently consists of the following three sites in the Albany, New York area: *Site 1*: (20 acres, 540,000 sq. ft.)—within the 551-acre Northeastern Industrial Park, Town of Guilderland (Albany County); *Site 2*: (271,000 sq. ft.)—within the 235-acre Rotterdam Industrial Park, Rotterdam (Schenectady County); and, *Site 3*: (35 acres, 43,000 sq. ft.)—within the 236-acre Port of Albany, Rensselaer.

The applicant is now requesting authority to expand the general-purpose zone to include a site (Proposed *Site 4*—12 acres)—located within the 50-acre Crossroads Industrial Park (Lots 4 and 5) in the City of Gloversville (Fulton County), New York, on State Route 29, seven miles from the New York State Thruway. The industrial park is owned by the Fulton County Industrial Development Agency and is part of the Gloversville Economic Development

Zone, which provides companies with savings on taxes, jobs, and utilities. The zone will consist of a 41,475 sq. ft. industrial warehouse facility, a 36,000 sq. ft. trailer container storage yard and a 17,015 sq. ft. manufacturing facility operated by the Liberty Optical Manufacturing Company.

The application also requests authority on behalf of Liberty Optical Manufacturing Company to manufacture eyeglass frames under zone procedures within FTZ 121. Liberty Optical's facility (25 employees) within Crossroads Industrial Park is used to assemble frames, grind lens blanks and sun protective lenses. Finished products primarily involve sports and protective/safety eyeglass frames. Materials and components purchased from abroad include temples, fronts, eye frame parts, plastic frames, metal frames, acetate material, polycarbonate shields, hardware (hinges, screws, tips & pads), lenses and eyeglass pouches.

Zone procedures will exempt Liberty Optical from Customs duty payments on the foreign components used in production for export. On domestic sales, the company would be able to choose the duty rate applicable to finished eyeglass frames (4.3%-5.3%) rather than the duty rate (5.3%) that would otherwise be applicable to materials and components. The company is also seeking an exemption from Customs duties on materials that become scrap in the production process (3%). The application indicates that the use of FTZ procedures would help improve the facility's international competitiveness.

In accordance with the Board's regulations, a member of the FTZ Staff has been designated examiner to investigate the application and report to the Board.

Public comment on the application is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the address below. The closing period for their receipt is November 15, 1996. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period (to December 2, 1996).

A copy of the application and accompanying exhibits will be available for public inspection at each of the following locations:

Office of the Port Director, U.S. Customs Service, 445 Broadway, James T. Foley Courthouse Building, Room 216, Albany, New York 12207
Office of the Executive Secretary, Foreign-Trade Zones Board, Room
