BILLING CODE 6820-34-P

Department of the Navy**Notice of Intent To Prepare a Joint Environmental Impact Statement/Environmental Impact Report (EIS/EIR) for the Disposal and Proposed Reuse of Naval Station Treasure Island, San Francisco, CA**

SUMMARY: Pursuant to Section 102(2)(c) of the National Environmental Policy Act (NEPA) of 1969 as implemented by the Council on Environmental Quality regulations (40 CFR Parts 1500-1508), the California Environmental Quality Act (CEQA) Section 15170, the Department of the Navy, in coordination with the City and County of San Francisco, California, announces its intent to prepare a joint Environmental Impact Statement/Environmental

Impact Report (EIS/EIR) for the disposal and proposed reuse of the Naval Station Treasure Island (NSTI) property and structures located in the City and County of San Francisco, California. The Navy will be the lead agency for NEPA documentation and the City and County of San Francisco will be the lead agency for CEQA documentation. The Defense Base Closure and Realignment Act (Public Law 101-510) of 1990, as implemented by the base closure process of 1993, directed the Navy to close NSTI. NSTI is scheduled for closure in September, 1997.

NSTI is located in the San Francisco Bay between the cities of Oakland and San Francisco within the boundaries of the City and County of San Francisco. NSTI occupies about 403 acres on Treasure Island, with about 150 military buildings, 908 family housing units, and nine barrack-style housing facilities. NSTI also occupies approximately 115 acres on Yerba Buena Island, with approximately 10 military buildings and 105 housing units. Yerba Buena Island is bisected by the San Francisco-Oakland Bay Bridge.

The EIS/EIR will address Navy disposal of the property, including a Navy "no action" alternative, and the potential environmental impacts resulting from community reuse development proposed in the Naval Station Treasure Island Reuse Plan prepared by the City and County of San Francisco. The reuse plan's Land Use Plan, dated July 1996, will serve as the basis for the EIS/EIR reuse alternatives. Three community reuse alternatives are expected to be evaluated in the EIS/EIR: the Maximum Density Alternative, Reduced Density Alternative, and Residential Neighborhood Alternative. The Navy "no action" alternative will evaluate NSTI as closed but remaining in federal caretaker status.

The Maximum Density Alternative includes publicly oriented uses such as a theme park, sports field, film production center, hotels, museum, and conference center. It also includes institutional uses, educational and child care facilities, a fire fighting training school, community services, recreational facilities, public open space along the Treasure Island shoreline and Yerba Buena western hillside, and up to 2,800 residential units. The Reduced Density Alternative includes the publicly oriented, institutional uses, and recreational facilities identified above, as well as the public open space along the Treasure Island shoreline and Yerba Buena western hillside. There would be no housing development on Treasure Island under this alternative. Up to 300 housing units would be

located on Yerba Buena Island. The Residential Neighborhood Alternative focuses on the creation of new housing opportunities at NSTI, with up to 5,000 dwelling units located on Treasure Island, and an additional 235 units located on Yerba Buena Island. It includes publicly oriented uses such as a film production center and a small hotel, as well as institutional uses, educational and child care facilities, recreational facilities, and public open space along the Treasure Island shoreline and Yerba Buena western hillside.

ADDRESSES: Federal, state and local agencies, and interested individuals are encouraged to participate in the scoping process to assist the Navy in determining the range of issues and reuse alternatives to be addressed. A public scoping meeting to receive oral and written comments will be held on Wednesday, October 9, 1996, at 7:00 p.m., in the Port Commission Room, Third Floor, Suite 3100, Ferry Building, San Francisco, California. Navy and City and County of San Francisco representatives will briefly summarize the community reuse planning process, the environmental impact analysis processes, and will then solicit public comments. In the interest of allowing everyone a chance to participate, each speaker will be requested to limit oral comments to five minutes. Longer comments should be summarized at the public meeting and/or mailed to the address listed at the end of this announcement.

FOR FURTHER INFORMATION CONTACT: All written comments must be submitted within 30 days of the published date of this notice to Ms. Mary Doyle (Code 185), Engineering Field Activity West, Naval Facilities Engineering Command, 900 Commodore Drive, San Bruno, California 94066-5006, telephone (415) 244-3024, fax (415) 244-3737. For information concerning the EIR, please contact the City and County of San Francisco, Planning Department, Ms. Carol Roos, telephone (415) 558-6378, or fax (415) 558-6426. For further information regarding the Naval Station Treasure Island Reuse Plan, please contact Ms. Alison Kendall, City and County of San Francisco, Planning Department, telephone (415) 558-6290, or fax (415) 558-6426.
