

addition of new usage would not be expected to result in an increase in funding for the Tribe. The impact on existing contract health services will not be substantial. The current level of funding will allow sufficient flexibility to assure that there will be no significant reduction in the level of contract health services to current CHSDA residents, so the designation of the two-county CHSDA is within available resources.

Accordingly, after considering the Tribe's request in light of the criteria specified in the regulations, the IHS is redesignating the CHSDA of the Tribe to consist of Clallam and Jefferson Counties of the State of Washington.

This notice does not contain reporting or recordkeeping requirements subject to prior approval by the Office of Management and Budget under the Paperwork Reduction Act of 1980.

Bureau of Indian Affairs

Notice of Availability of a Supplemental Final Environmental Impact Statement for the Proposed Swinomish Marina, LaConner, Washington

AGENCY: Bureau of Indian Affairs, Interior.

ACTION: Notice.

SUMMARY: The Supplemental Final Environmental Impact Statement (SFEIS) for the proposed Swinomish Marina at LaConner, Washington, is now available for public review.

DATES: A Record of Decision will be issued after November 24, 1996. Public comments will be accepted by the U.S. Army Corps of Engineers and the Swinomish Indian Tribal Community, pursuant to the Section 10/404 and Swinomish Tribal Coastal Zone Management Permit applications, until November 18, 1996.

ADDRESSES: Comments on the Section 10/404 Permit application may be addressed to Mr. Jack Gossett, Project Manager, Regulatory Branch, U.S. Army Corps of Engineers, P.O. Box C-3755, Seattle, Washington 98124-2255. Comments on the Swinomish Tribal Coastal Zone Management Permit application may be sent to the Natural Resources Manager, Planning Department, Swinomish Tribal Community, P.O. Box 817, LaConner, Washington 98257.

Copies of the SFEIS are available for review at (1) the Office of the Portland Area Director, Bureau of Indian Affairs, 911 NE 11th Avenue, Portland, Oregon 97232-4169; (2) the Puget Sound Agency, Bureau of Indian Affairs, 3006 Colby Avenue, Everett, Washington 98201; and (3) the Swinomish Office of Planning and Community Development, Swinomish Indian Tribal Community, 950 Moorage Way, LaConner, Washington 98257. A limited number of individual copies of the SFEIS may also be obtained from this last address, or by calling that office at (503) 466-3163.

FOR FURTHER INFORMATION CONTACT: Mr. Jim LeBret, Team Leader, Resources, Environmental and Regulatory Compliance, Portland Area Office, Bureau of Indian Affairs, 911 NE 11th Avenue, Portland, Oregon 97232-4169, telephone (503) 231-6749, FAX (503) 231-2275.

SUPPLEMENTARY INFORMATION: The Swinomish Indian Tribal Community is proposing to develop a 1200 slip salt water marina and related upland support facilities on the Swinomish Indian Reservation in Skagit County,

Washington. The purpose of the project is to establish an economic base for the Swinomish Indian Tribe, meet regional demands for boat moorage, and restore historic intertidal habitat conditions. The proposed development is situated along the western shore of the Swinomish Channel, immediately south of State Route 20. The 239.8 acre project site is comprised of three elements: (1) the marina basin (57.8 acres); (2) the wetland mitigation site (62.8 acres); and (3) the upland commercial site (119.2 acres).

The project involves the excavation of approximately 1,800,000 cubic yards of silty sandy material from existing agricultural fields and from 4.9 acres of palustrine wetlands. The excavated material will be disposed on site and used to develop the upland commercial site. The project will include the dredging of 4.92 acres and filling of 4.67 acres of palustrine wetland. Mitigation will include the creation of 22.2 acres of new intertidal wetland and the enhancement, by reintroducing tidal conditions, of another 40.6 acres.

This document is supplemental to both a Draft Environmental Impact Statement (DEIS) prepared in 1987, and a supplement to the 1987 DEIS, prepared in 1992 (SDEIS). These two previous documents examined a preferred alternative of developing a marina within a tidal flat on tribal land, a second alternative to develop a marina on the site described in the 1996 document, and a third, no action alternative. The conclusion reached in the 1992 SDEIS was to pursue as "preferred" the second alternative, and abandon the plan to develop the tidal flat as described in the original, 1987 DEIS. The net effect of the change in alternatives will produce approximately 62.8 acres of restored wetland, tidal flat and inter-tidal habitat.

This notice is published pursuant to 1501.7 of the Council on Environmental Quality Regulations, 40 CFR parts 1500–1508, implementing the procedural requirements of the National Environmental Policy Act of 1969, as amended (42 USC 4371 *et. seq.*), Department of the Interior Manual (516 DM 106), and is in the exercise of authority delegated to the Assistant Secretary—Indian Affairs by 209 DM 8.

Dated: October 18, 1996.
