Agency Information Collection Activities Under OMB Review

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*), this notice announces that the Information Collection request (ICR) abstracted below has been forwarded to the Office of Management and Budget (OMB) for review and comment. The ICR describes the nature of the information collection and its expected cost and burden; where appropriate, it includes the actual data collection instrument.

DATES: Comments must be submitted on or before March 14, 1996.

FOR FURTHER INFORMATION OR A COPY CALL: Sandy Farmer at EPA, (202) 260-2740, and refer to EPA ICR No. 940.13.

SUPPLEMENTARY INFORMATION:

Title: Ambient Air Quality Surveillance, (OMB Number 2060-0084; EPA ICR # 940.13). This is a request for extension of a currently approved collection.

Abstract: The general authority for the collection of ambient air quality data is contained in sections 110 and 319 of the Clean Air Act (Act) (42 USC 1857). Section 110 makes it clear that State-generated air quality data are central to the air quality management process through a system of State implementation plans (SIP's). Section 319 was added via the 1977 Amendments to the Act and spells out the key elements of an acceptable monitoring and reporting scheme. To a large extent, the requirements of section 319 had already been anticipated in the detailed strategy document prepared by EPA's Standing Air Monitoring Work Group (SAMWG). The regulatory provisions to implement these recommendations were developed through close consultation with the State and local agency representatives serving on SAMWG and through

reviews by ad-hoc panels from the State and Territorial Air Pollution Program Administrators (STAPPA) and the Association of Local Air Pollution Control Officials (ALAPCO). These modifications to the previous regulations were issued as final rules on May 10, 1979 (44 FR 27558) and are contained in 40 CFR Part 58.

Major amendments, which affect the hourly burdens, were made in 1983 for lead, 1987 for PM-10, and 1993 for the enhanced monitoring for ozone. The specific required activities for the burden include establishing and operating ambient air monitors and samplers, conducting sample analyses for all pollutants for which a National Ambient Air Quality Standard (NAAQS) has been established, preparing, editing and quality assuring the data, and submitting the ambient air quality data and quality assurance data to EPA.

Some of the major uses of the data are for judging attainment of the NAAQS, evaluating progress in achieving/maintaining the NAAQS or State/local standards, developing or revising SIP's, evaluating control strategies, developing or revising national control policies, providing data for model development and validation, supporting enforcement actions, documenting episodes and initiating episode controls, documenting population exposure, and providing information to the public and other interested parties.

An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations are listed in 40 CFR Part 9 and 48 CFR Chapter 15. The Federal Register notice required under 5 CFR 1320.8(d), soliciting comments on this collection of information was published on October 25, 1995.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 13,910 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements; train personnel to be able to respond to a collection of

information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: State and Local Air Pollution Control Agencies.

Estimated Number of Respondents: 130.

Frequency of Response: Quarterly.

Estimated Total Burden: 1,808,355 hours.

Estimated Total Annualized Cost Burden: \$100,901,490.

Send comments on the Agency's need for this information, the accuracy of the provided burden estimates, and any suggested methods for minimizing respondent burden, including through the use of automated collection techniques to the following addresses. Please refer to EPA ICR No. 940.13, and OMB Control No. 2060-0084 in any correspondence.

Ms. Sandy Farmer, U.S. Environmental Protection Agency, OPPE Regulatory Information (2136), 401 M Street SW., Washington, DC 20460

and

Office of Information and Regulatory Affairs, Office of Management and Budget, Attention: Desk Officer for EPA, 725 17th Street NW., Washington, DC 20503.

Dated: February 7, 1996.

Joseph Retzer,

Director, Regulatory Information Division.

Forum on State and Tribal Toxics Action (FOSTTA) Projects; Open Meetings**AGENCY:** Environmental Protection Agency (EPA).**ACTION:** Notice.

SUMMARY: The four Projects of the Forum on State and Tribal Toxics Action (FOSTTA) will hold meetings open to the public at the time and place listed below in this notice.

DATES: The four Projects will meet March 4, 1996, from 8 a.m. to 5 p.m., with a plenary session on Community-Based Environmental Protection from 8 a.m. to 9:30 a.m., and on March 5, 1996, from 8 a.m. to noon.

ADDRESSES: The meetings scheduled will be held at The Holiday Inn, 480 King St., Alexandria, VA.

FOR FURTHER INFORMATION CONTACT: Darlene Harrod, Office of Pollution Prevention and Toxics (7408), U. S. Environmental Protection Agency, 401 M St., SW., Washington, DC 20460, telephone: (202) 260-6904. E-mail Harrod.darlene@epamail.epa.gov.

SUPPLEMENTARY INFORMATION: FOSTTA, a group of state and tribal toxics environmental managers, is intended to foster the exchange of toxics-related program and enforcement information among the states/tribes and between the states/tribes and U.S. EPA's Office of Prevention, Pesticides and Toxic Substances (OPPTS) and Office of Enforcement and Compliance Assurance (OECA). FOSTTA currently consists of the Coordinating Committee and four issue-specific Projects. The Projects are: (1) The Toxics Release Inventory Project; (2) The State and Tribal Enhancement Project; (3) The Chemical Management Project; and (4) The Lead (Pb) Project.

List of Subjects

Environmental protection.

Dated: February 5, 1996.

Susan B. Hazen,

Director, Environmental Assistance Division,
Office of Pollution Prevention and Toxics.

Proposed CERCLA Section 122(g)(4) De Minimis Administrative Order on Consent for the Bohaty Drum Site in Medina, OH**AGENCY:** United States Environmental Protection Agency ("USEPA").

ACTION: Proposal of CERCLA section 122(g)(4) *de minimis* administrative order on consent for the Bohaty Drum Site in Medina, OH.

SUMMARY: United States Environmental Protection Agency USEPA proposes to address the potential liability of nine parties under the Comprehensive Environmental Response, Compensation, and Liability Act of 1980 ("CERCLA"), 42 U.S.C. 9601 *et seq.*, as amended by the Superfund Amendments and Reauthorization Act of 1986 ("SARA"), Public Law 99-499, for past and future costs incurred in connection with a federal fund lead removal action conducted at the Bohaty Drum Site ("the Site") located in Medina, Ohio. The USEPA proposes to address the potential liability of Ashland Chemical Company, Dow Chemical Company, General Motors Corporation, Quaker Oats Company, State Chemical Manufacturing Company, Inc., Synthetic Products Company, Uniroyal Chemical Company, Inc. and Upjohn Company by execution of a CERCLA Section 122(g)(4) *De Minimis* Administrative Order on Consent ("AOC") prepared pursuant to 42 U.S.C. 9622(g)(4). The key terms and conditions of the AOC may be briefly summarized as follows: (1) USEPA has determined that the amount of hazardous substances contributed to the Site by each party and the toxic or other hazardous effects of the hazardous substances contributed to the Site by each party are minimal in comparison to other hazardous substances at the Site within the meaning of Section 122(g)(1)(A) of CERCLA, 42 U.S.C. 9622(g)(1)(A); (2) Each party agrees to pay USEPA \$1,050.00 in satisfaction of claims for past and future costs incurred at the Site in connection with the removal and disposal of approximately 1000 drums and their contents; (3) The parties agree to waive all claims against the United States that arise out of response activities conducted at the Site; and (4) USEPA affords the parties a covenant not to sue for past and future costs incurred at the Site and contribution protection as provided by CERCLA Sections 113(f)(2) and 122(g)(5) upon satisfactory completion of obligations under the Settlement. The Site is not on the NPL, and no further response activities at the Site are anticipated at this time. The Attorney General has approved the Settlement.

DATES: Comments on the proposed AOC must be received by USEPA on or before March 14, 1996.

ADDRESSES: A copy of the proposed AOC is available for review at USEPA,

Region 5, 77 West Jackson Boulevard, Chicago, Illinois 60604. Please contact Andrew Warren at (312) 353-5483, prior to visiting the Region 5 office.

Comments on the proposed AOC should be addressed to Andrew Warren, Office of Regional Counsel, U.S. EPA, Region 5, 77 West Jackson Boulevard (Mail Code CS-29A), Chicago, Illinois 60604.

FOR FURTHER INFORMATION CONTACT: Andrew Warren at (312) 353-5485, of the USEPA Region 5 Office of Regional Counsel.

A 30-day period, commencing on the date of publication of this notice, is open pursuant to Section 122(i) of CERCLA, 42 U.S.C. 9622(i), for comments on the proposed AOC. Comments should be sent to the addressee identified in this notice.

Valdas V. Adamkus,

Regional Administrator, U.S. Environmental
Protection Agency, Region 5.

Notice of Proposed Administrative De Minimis Settlement Under Section 122(g)(4) of the Comprehensive Environmental Response, Compensation and Liability Act, Regarding the Carroll & Dubies Superfund Site, Town of Deerpark, NY**AGENCY:** Environmental Protection Agency.**ACTION:** Notice of proposed administrative agreement and opportunity for public comment.

SUMMARY: In accordance with Section 122(i) of the Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended ("CERCLA"), 42 U.S.C. 622(i), the U.S. Environmental Protection Agency ("EPA") Region II announces a proposed administrative *de minimis* settlement pursuant to Section 122(g)(4) of CERCLA, 42 U.S.C. 9622(g)(4), relating to the Carroll & Dubies Superfund Site (the "Site"), Town of Deerpark, Orange County, New York. This Site is on the National Priorities List established pursuant to Section 105(a) of CERCLA, 42 U.S.C. 9605(a). This notice is being published to inform the public of the proposed settlement and of the public's opportunity to comment.

The settlement, memorialized in an Administrative Order on Consent ("Order") is being entered into by EPA and the Reynolds Metals Company ("Respondent"). The Respondent has
