Notice of Order Adjusting the Standard Foreign Fare Level Index

Section 41509(e) of Title 49 of the United States Code requires that the Department, as successor to the Civil Aeronautics Board, establish a Standard Foreign Fare Level (SFFL) by adjusting the SFFL base periodically by percentage changes in actual operating costs per available seat-mile (ASM). Order 80-2-69 established the first interim SFFL, and Order 95-12-23 established the currently effective two-month SFFL applicable through January 31, 1996.

In establishing the SFFL for the two-month period beginning February 1, 1996, we have projected non-fuel costs based on the year ended September 30, 1995 data, and have determined fuel prices on the basis of the latest available experienced monthly fuel cost levels as reported to the Department.

By Order 96-2-11 fares may be increased by the following adjustment factors over the October 1979 level:

Atlantic—1.4152

Latin America—1.4549
