

Zoology, University of Florida (Gainesville) (1992-present); Editorial Board: Copeia (1986-88), Journal of Herpetology (1984-86); Board of Directors, Society for the Study of Amphibians and Reptiles (1990-93); Manuscript Reviewer for several Scientific Journals.

Concurrent Positions: Affiliate Curator of Herpetology, Florida Museum of Natural History (1985-present); Adjunct Professor, Herpetology, University of Otago, Dunedin, New Zealand (1993-present); Board Member: IUCN, Species Survival Commission, Captive Breeding Specialist Group (1991-present); Crocodile Specialist Group (1990-present); President-Elect, Society for the Study of Amphibians and Reptiles (1995); Grant Reviewer: NSF, NIH, National Geographic Society, NY Zoological Society, Australian Research Council.

Research: Vertebrate reproductive biology; reproductive anatomy, physiology, endocrinology, and ecotoxicology; endocrine-disrupting environmental contaminants.

14. Raymond S. H. Yang, Director, Center for Environmental Toxicology and Technology, Colorado State University.

Education: B.S., Biology, National Taiwan University (1963); M.S., Toxicology/Entomology, North Carolina State University (1967); Ph.D., Toxicology/Entomology, N.C. State University (1970).

Professional Experience: Research Associate/Assistant Professor, Toxicology, Institute of Comparative and Human Toxicology (1973-76); Senior Scientist/Fellow/Manager, Biochemical Toxicology, Bushy Run Research Center (Mellon Institute/Union Carbide Corp.) (1976-83); Adjunct Professor, Toxicology, University of Pittsburgh (1978-83); Principale Investigator/Chemical Manager, National Toxicology Program (NIEHS) (1987-90); Adjunct Professor, Toxicology, N.C. State University (1988-90); Head, Department of Environmental Health, CSU (College of Veterinary Medicine and Biochemical Sciences) (1990-95); Editorial Board: Fundamental and Applied Toxicology (1988-94).

Concurrent Positions: Professor of Toxicology, Department of Environmental Health, CSU (1990-present); Director, Center for Environmental Toxicology and Technology, CSU (1991-present); Program Director and Principal Investigator on Hazardous Waste Chemical Mixtures, NIEHS (1992-present); Editorial Board: Reviews of Environmental Contamination and Toxicology (1989-present); Air Quality

Science Advisory Board, State of Colorado (1992-present); Member of Scientific Advisory Panel to Electric Power Research Institute (1989-present); Steering Committee, Decision Support Methodologies for Human Risk Assessment of Toxic Substances, ATSDR/DHHS (1994-present).

Research: Pharmacokinetics, biochemical toxicology of chemical mixtures/environmental contaminants.

15. Patricia A. Buffler, Dean, School of Public Health, University of California at Berkeley.

Professional Experience: Associate Dean for Research, University of Texas Health Sciences Center at Houston, School of Public Health (1980-84); U.S. Department of Health and Human Services, National Center for Health Statistics (1985-87); Director, Southwest Center for Occupational and Environmental Health, Health Sciences Center (1988); Ashbel Smith Professor in Public Health, University of Texas (1989); Dean, School of Public Health, University of California (1991-present).

Concurrent Positions: Chair, National Urban Air Toxics Research Center; Member of USEPA Science Advisory Board; Advisor to: World Health Organization, National Center for Occupational Safety and Health, US Department of Energy, USEPA, National Library of Medicine, and the National Research Council/National Academy of Sciences; DuPont Company's Epidemiologic Review Board (1990-present); Board of Directors, FMC Corporation (1994-present).

Research: Association of diet, smoking, air pollution, toxic chemical wastes, low-level radiation, and electromagnetic fields on the risks of cancer, lung diseases, fertility, pregnancy outcomes, and other diseases and conditions among working and non-working populations; protective effect of vitamin A and beta-carotene for laryngeal cancer.

IV. Public Record

A record has been established for this document under docket number "OPP-00420" (including comments and data submitted electronically as described below). A public version of this record, including printed, paper versions of electronic comments, which does not include any information claimed as CBI, is available for inspection from 8 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The public record is located in Rm. 1132 of the Public Response and Program Resources Branch, Field Operations Division (7506C), Office of Pesticide Programs, Environmental Protection Agency,

Crystal Mall #2, 1921 Jefferson Davis Highway, Arlington, VA.

Electronic comments can be sent directly to EPA at:

opp-Docket@epamail.epa.gov

Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption.

The official record for this action, as well as the public version, as described above will be kept in paper form. Accordingly, EPA will transfer all comments received electronically into printed, paper form as they are received and will place the paper copies in the official record which will also include all comments submitted directly in writing. The official record is the paper record maintained at the address in "ADDRESSES" at the beginning of this document.

Dated: January 31, 1996.

Lynn R. Goldman,

Assistant Administrator for Prevention, Pesticides and Toxic Substances.

Dialogue Group on Identification of Lead-Based Paint Hazards; Notice of Schedule Change

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA has modified the schedule for meetings of the Dialogue Process to support the forthcoming rulemaking under section 403 of the Toxic Substances Control Act (TSCA).

DATES: The discussion on residential soil containing lead will be held on February 15, 1996, while the meeting on the format and structure of the section 403 Rule will take place on March 21, 1996. Both meetings will be held from 10 a.m. to 5 p.m.

ADDRESSES: The meetings will be held at: The Grand Hyatt Washington, 1000 H St., NW., Washington, DC 2001.

All written comments should be submitted in triplicate to: TSCA Document Receipts (7407), Office of Pollution Prevention and Toxics, Environmental Protection Agency, Rm. E-G99, 401 M St., SW., Washington, DC 20460. All comments should be identified by the docket number "OPPTS-62151."

Comments and data may also be submitted electronically by sending electronic mail (e-mail) to: ncic@epamail.epa.gov. Electronic

comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption. Comments and data will also be accepted on disks in WordPerfect in 5.1 file format or ASCII file format. All comments and data in electronic form must be identified by the docket number OPPTS-62151. No Confidential Business Information (CBI) should be submitted through e-mail. Electronic comments on this document may be filed online at many Federal Depository Libraries. Additional information on electronic submissions can be found in Unit III. of this document.

FOR FURTHER INFORMATION CONTACT: For information on the Dialogue Process or the schedule, please contact: Andrea Yang, Chemical Management Division (7404), Office of Pollution Prevention and Toxics, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460, Telephone: 202-260-4918, e-mail: yang.andrea@epamail.epa.gov.

SUPPLEMENTARY INFORMATION:

I. Dialogue Schedule

Section 403 of TSCA, 15 U.S.C. 2683 directs EPA to promulgate regulations that identify lead hazards in paint, household dust, and bare residential soil. Title IV of TSCA, titled "Lead Exposure Reduction," which includes section 403, was added to TSCA by the Residential Lead-Based Paint Hazard Reduction Act of 1992. To support the rulemaking, EPA has established a Dialogue Process to obtain input from interested parties early in the rulemaking process. Establishment of the Dialogue Process was announced in the Federal Register of July 18, 1995 (60 FR 36806).

Due to the federal government shutdowns, the November 16, 1995 and January 18, 1996 meetings of the Dialogue Participants were postponed. These meetings have been rescheduled as indicated.

All meetings are open to the public and will provide opportunity for public comment on a first-come, first-served basis. Thirty minutes will be allocated at each meeting for public comment. Due to the need to accommodate as many interested parties as possible during the public comment periods, EPA will limit comments to 5 minutes for representatives of organizations and 3 minutes for individuals. Members of the public interested in offering comment at a meeting of the Dialogue should sign-up at the meeting registration desk.

Individuals wishing to provide comments to EPA, but who cannot be accommodated during the comment period or cannot attend the Dialogue

meetings may submit written comments to EPA at the address listed in the ADDRESSES unit of this Notice. Individuals who have information or data that they wish to share with Dialogue participants should send 30 copies to Andrea Yang at the address listed in the "FOR FURTHER INFORMATION CONTACT" unit of this Notice.

II. Confidential Business Information

A person may assert a claim of confidentiality for any information, including all or portions of written comments, submitted to EPA in connection with the Dialogue Process. Any person who submits a comment subject to a claim of confidentiality must also submit a nonconfidential version. Any claim of confidentiality must accompany the information when it is submitted to EPA. Persons must mark information claimed as confidential by circling, bracketing, or underlining it, and marking it with CONFIDENTIAL or some other appropriate designation. EPA will disclose information subject to a claim of confidentiality only to the extent permitted by section 14 of TSCA and 40 CFR part 2, subpart B. If a person does not assert a claim of confidentiality for information at the time it is submitted to EPA, EPA may make the information public without further notice to that person.

III. Public Docket

A record has been established for this action under docket number "OPP-62151" (including comments and data submitted electronically as described below). A public version of this record, including printed, paper versions of electronic comments, which does not include any information claimed as CBI, is available for inspection from noon to 4 p.m., Monday through Friday, excluding legal holidays. The public record is located in the TSCA Nonconfidential Information Center, Rm. NE-B607, 401 M St., SW., Washington, DC 20460.

Electronic comments can be sent directly to EPA at:

ncic@epamail.epa.gov

Electronic comments must be submitted as an ASCII file avoiding the use of special characters and any form of encryption.

The official record for this action, as well as the public version, as described above will be kept in paper form. Accordingly, EPA will transfer all comments received electronically into printed, paper form as they are received and will place the paper copies in the

official rulemaking record which will also include all comments submitted directly in writing. The official rulemaking record is the paper record maintained at the address in ADDRESSES at the beginning of this document.

List of Subjects

Environmental protection and Lead.

Dated: February 8, 1996.

Trichodex; Notice of Receipt of Request for an Experimental Use Permit

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: EPA has received from Makhteshim Chemical Works Ltd., a request (11678-R) for an Experimental Use Permit for the use of Trichodex (ABG-8007) on raw agricultural commodities. This request is associated with a petition for a temporary exemption from tolerances (PP) 6G4622 for all raw agricultural commodities treated with Trichodex. EPA considers this application to be of national or regional significance.

DATES: Written comments should be submitted to EPA by March 15, 1996.

ADDRESSES: By mail: submit written comments to: Public Response and Program Resources Branch, Field Operations Division (7506C), Office of Pesticide Programs, Environmental Protection Agency, 401 M St., SW., Washington, DC 20460. Comments and data may also be submitted electronically by sending electronic mail (e-mail) to: opp-docket@epamail.epa.gov. Electronic comments must be submitted in ASCII file avoiding the use of special characters and any form of encryption. Comments and data will also be accepted on disks in WordPerfect in 5.1 file format or ASCII file format. All comments and data in electronic form must be identified by docket number "OPP-50814." No Confidential Business Information (CBI) should be submitted through e-mail. Electronic comments on this document may be filed online at many Federal Depository Libraries.
