BILLING CODE 7020-02-P

INTERNATIONAL TRADE COMMISSION

[Investigation 332-366]

Country of Origin Marking: Review of Laws, Regulations, and Practices

AGENCY: International Trade Commission.

ACTION: Institution of investigation and scheduling of public hearing.

EFFECTIVE DATE: February 5, 1996.

SUMMARY: Following receipt on January 11, 1996, of a request from the Committee on Ways and Means, U.S. House of Representatives, the Commission instituted Investigation No. 332-366, Country of Origin Marking: Review of Laws, Regulations, and Practices, under section 332(g) of the Tariff Act of 1930 (19 U.S.C. 1332(g)). As requested by the Committee, the Commission will provide a report that will include the following:

- (1) A legislative and administrative history of U.S. marking rules, including a comparison of the concepts and approaches for determining country of origin for foreign and domestic goods;
- (2) An analysis of the administrative processes in the United States for determining origin and appealing decisions on marking issues; and
- (3) An evaluation of the problems which the country of origin marking rules create for industry, and the benefits of these rules to consumers, including the costs to government and industry of enforcement and compliance.

As requested by the Committee, the Commission in its investigation will

focus on the industries producing electronics, steel, pharmaceuticals, hand tools, and frozen vegetables; other industries where information is available will be studied as well. Staff will contact U.S. producers and consumer groups to identify those that have major concerns or interests regarding country of origin marking requirements. Committee staff has indicated that this should include problems, as identified by industry and other sources in the course of the investigation, with foreign country of origin marking requirements. The Commission expects to submit its report of the investigation to the Committee by July 11, 1996.

FOR FURTHER INFORMATION CONTACT:

General information on the investigation may be obtained from Dennis Fravel, Office of Industries (202-205-3404) or Mark Paulson, Office of Industries (202-205-3429); and legal aspects of section 332 investigations, from William Gearhart, Office of the General Counsel (202-205-3091). The media should contact Margaret O'Laughlin, Office of Public Affairs (202-205-1819). Hearing impaired individuals are advised that information on this matter can be obtained by contacting the TDD terminal on (202-205-1810).

BACKGROUND: In its letter, the Committee noted that it had held hearings in July 1995, on the issues of rules of origin and country of origin markings for both foreign and domestic goods. The Committee noted that views expressed at the hearings ranged widely, and included requests to modify or eliminate country of origin marking requirements, and also to harmonize rules for domestic and imported goods.

This investigation will focus on country of origin markings, including certain rule of origin issues that directly effect country of origin marking. International rules of origin issues are currently being examined in the Commission's Investigation No. 332-360, *International Harmonization of Customs Rules of Origin*, instituted in April 1995 at the request of the U.S. Trade Representative. The Commission's proposed rules and analysis pertaining to harmonized rules of origin will be published at various intervals in the Federal Register.

PUBLIC HEARING: A public hearing in connection with the investigation will be held at the U.S. International Trade Commission Building, 500 E Street SW, Washington, DC, beginning at 9:30 a.m. on April 10, 1996. The Commission requests that testimony focus on the issues noted in the SUMMARY section above. All persons shall have the right
